Tier One Jeffrey Wilson, Brian Andrews, 2026-05-05 From New York Times bestselling authors Andrews & Wilson, this is a stunning new edition of the book that started it all, complete with gorgeous sprayed edges. Will a soldier turned spy choose duty or revenge? In a world violated by terror, the old lines have blurred. Meet the next generation of covert ops. John Dempsey's life--as an elite Tier One Navy SEAL named Jack Kemper--is over. A devastating terrorist action catapults him from a world of moral certainty and decisive orders into the shadowy realm of espionage, where ambiguity is the only rule. His new mission: hunt down those responsible for the greatest tragedy in the history of the US Special Ops and bring them to justice. But how does a man torn between duty and revenge walk the line and preserve his soul? As Dempsey struggles with the games of spies, the case propels him across the globe in a desperate effort to prevent a new, horrifying attack on American soil. Once, John Dempsey followed orders blindly. Now he sees behind the curtain, and the security of the civilized world rests on one question: Can a Tier One Navy SEAL adapt and become the world's most lethal spy?

Sons of Valor Brian Andrews, Jeffrey Wilson, 2021-06-08 From New York Times and #1 internationally bestselling authors Andrews & Wilson "Want a look into the shadowy world of US special operations? Sons of Valor puts you on the front lines. Nobody does action like Andrews & Wilson!"—Jack Carr, Navy SEAL sniper and New York Times bestselling author of *The Devil's Hand* A new generation of elite American warriors faces off against an enemy unlike any other Sons of valor ... Navy SEAL Keith "Chunk" Redman has been one of the military's top doorkickers since the day he pinned on his trident: loyal, single-minded, lethal. Tasked to lead a new, covert team of Tier One SEALs—the most elite special operators in the world—Chunk can no longer simply rely on the status quo. To safeguard America, he needs help to stay a step ahead of its adversaries. Brilliant at spotting patterns in the data that others miss, ex-CIA analyst Whitney Watts sees evidence of a troubling link between illicit Chinese arms sales and an attack on a US military convoy in Afghanistan. If she's right, it would portend not only massive casualties, but a devastating threat to global stability. Sons of war ... From the ashes of a never-ending war, a new generation of terrorists has arisen: sophisticated, tech-savvy, and hiding in plain sight among America's allies. Battered by the Taliban and by the West, they call themselves al Qadr—Power and Destiny—and they're determined to wrest back control of their homeland. Armed with a powerful combat drone, they can strike with deadly precision at US forces in the region—but their ambitions reach far, far beyond that. A new legacy ... The new Tier One's first mission will

require them to not only prove themselves, but to stop an enemy who's using military tactics against them. Chunk and his team aren't just the tip of the spear; they're America's first, last, and best counterterrorism defense. And they couldn't have arrived at a more urgent—and perilous—time."Want a look into the shadowy world of US special operations? Sons of Valor puts you on the front lines. Nobody does action like Andrews & Wilson!"—Jack Carr, Navy SEAL sniper and New York Times bestselling author of The Devil's Hand

The Business of Television Ken Basin,2024-09-19 In this expanded and updated second edition, esteemed television executive and Harvard lecturer Ken Basin offers a comprehensive and readable overview of the business, financial, and legal structure of the U.S. television industry, as well as its deal-making norms. The Business of Television explores the basic structure and recent history of the television and streaming business, rights and talent negotiations, intellectual property, backend deals, licensing, international production, and much more. This expanded and updated second edition also features an in-depth exploration of the evolution of the streaming business, offers valuable new insights about negotiation, reflects the historic impacts of the 2020 Covid-19 pandemic and 2023 WGA and SAG-AFTRA strikes, addresses the intersection of artificial intelligence technology and intellectual property law, and provides a greater breadth and depth of technical material about a wide variety of common television deals. The book also includes breakdowns after each chapter summarizing major deal terms and points of negotiation, a significantly expanded glossary, an extensive list of referenced articles and cases, and a wealth of real-world examples to help readers put the material into context. Written for a diverse audience of working or aspiring creative professionals, executives, agents, managers, lawyers, and students, The Business of Television is the definitive reference guide for the ever-changing television industry.
