Tower of Dawn Sarah J. Maas, 2017-09-05 A glorious empire. A desperate quest. An ancient secret. The search for allies extends to a new land in the sixth book in this complete, #1 bestselling Throne of Glass series by Sarah J. Maas, author of the Court of Thorns and Roses (ACOTAR) series. Chaol Westfall and Nesryn Faliq have arrived in the shining city of Antica to forge an alliance with the Khagan of the Southern Continent, whose vast armies are Erilea's last hope. But they have also come to Antica for another purpose: to seek healing at the famed Torre Cesme for the wounds Chaol received in Rifthold. After enduring unspeakable horrors as a child at the hands of Adarlanian soldiers, Yrene Towers has no desire to help the young lord from Adarlan, let alone heal him. Yet she has sworn an oath to assist those in need, and she will honor it. But Lord Westfall carries his own dark past, and Yrene soon realizes that those shadows could engulf them both. Chaol, Nesryn, and Yrene will have to draw on every scrap of their resilience to overcome the danger that surrounds them. But while they become entangled in the political webs of the khaganate, long-awaited answers slumber deep in the mountains, where warriors soar on legendary ruks. Answers that might offer their world a chance at survival or doom them all. The final battle looms in this sixth book in the #1 bestselling Throne of Glass series. Other books in this series include: Throne of Glass Crown of Midnight Heir of Fire Queen of Shadows Empire of Storms Kingdom of Ash The Assassin's Blade (prequel novellas)

University in Chains Henry A. Giroux, 2015-10-23 President Eisenhower originally included 'academic' in the draft of his landmark, oft-quoted speech on the military-industrial-complex. Giroux tells why Eisenhower saw the academy as part of the famous complex - and how his warning was vitally prescient for 21st-century America. Giroux details the sweeping post-9/11 assault being waged on the academy by militarization, corporatization, and right-wing fundamentalists who increasingly view critical thought itself as a threat to the dominant political order. Giroux argues that the university has become a handmaiden of the Pentagon and corporate interests, it has lost its claim to independence and critical learning and has compromised its role as a democratic public sphere. And yet, in spite of its present embattled status and the inroads made by corporate power, the defense industries, and the right wing extremists, Giroux defends the university as one of the few public spaces left capable of raising important questions and educating students to be critical and engaged agents. He concludes by making a strong case for reclaiming it as a democratic public sphere.

Marketing and Globalization Aurélia Durand, 2018-07-17 This concise text focuses squarely on the issues facing marketers in an increasingly global world. It identifies several trends, linking them together, and positioning them as marketing practices that companies implement as a way of responding to the major consequences of globalization. The book also includes case studies to illustrate new practices and allow students to discuss issues of market selection, entry modes, segmentation, targeting, and positioning, as well as product, price, distribution, promotion, and corporate communication policies in a globalized world. Durand's unique approach moves beyond marketing management and strategy issues and provides students with the broader context to understand the marketing practices they'll use in the real world. This book will prove to be an essential resource for any student of marketing and international business working to stay ahead in an increasingly competitive and global industry.

Oman Reborn Linda Pappas Funsch, 2015-12-29 The Sultanate of Oman is one of the few good news stories to have emerged from the Middle East in recent memory. This book traces the narrative of a little-known and relatively stable Arab country whose history of independence, legacy of interaction with diverse cultures, and enlightened modern leadership have transformed it in less than fifty years from an isolated medieval-style potentate to a stable, dynamic, and largely optimistic country. At the heart of this fascinating story is Oman's sultan, Qaboos bin Sa'id, friend to both East and West, whose unique leadership style has resulted in both domestic and foreign policy achievements during more than four decades in office. Exploring Oman from a historical perspective, Funsch examines how the country's unique blend of tradition and modernization has enabled it to succeed while others in the region have failed. Accounts of the author's own experiences with Oman's transformation add rich layers of depth, texture, and personality to the narrative.

Skyscraper Jails Zhandarka Kurti, Jarrod B. Shanahan, 2025-03-11 A damning account of the latest transformation in mass incarceration, revealing how powerful nonprofits and so-called progressives used the language of social movements to build new jails. In 2019, after unyielding pressure from activists, New York City seemed poised to close the detested Rikers Island penal colony. The local press dutifully reported that the end of Rikers was imminent, and New Yorkers celebrated the closure of the country's largest urban jail, condemned as a moral stain on an otherwise great city. The problem, however, was that the city had not actually committed to closing Rikers. And at the same time, it laid the groundwork for the construction of more jails, a network of skyscraper facilities amounting to the largest carceral construction the city has seen in decades. How did this happen? In *Skyscraper Jails*, scholars and organizers Jarrod Shanahan and Zhandarka Kurti detail how progressive forces in New York City appropriated the rhetoric of social movements and social justice to promise "downsized" and "humane jails. The principal advocates of these new jails were not right-wing politicians, but prominent city activists and progressive non-profit organizations. As the political coalition that campaigned for the new jails fans out across

the United States, the story at the heart of Skyscraper Jails is at once a case study and a cautionary tale for what will be coming to cities and towns across the United States and beyond.

Intercultural Communication Mai Nguyen-Phuong-Mai, 2025-10-01 This book is an introduction to Intercultural Communication (IC) that takes into account the much neglected dynamic paradigm of culture in the literature. It posits that culture is not static, context is the driving force for change, and individuals can develop a multicultural mind. It is also the first IC textbook in the field that incorporates insight from evolutionary biology and the newly emerging discipline of cultural neurosciences. Such an interdisciplinary approach provides readers with new angles, encourages critical thinking, and sometimes challenges conventional knowledge in the field. The combination of the author's multicultural academic and journalistic background contributes to a balance of diverse perspectives and world views on cultural theories and discourses. The book is ideal for courses in Intercultural Communication with study cases, discussion topics and class activities.
