Edgar Cayce on the Akashic Records Kevin J. This major work is about how each of us is very much in charge of shaping our own destiny. ... [P]rovides examples of how each of us can tap into our own past lives, our present experiences, and our unfolding futures to shape our own destiny.--Publisher's description.

The Akashic Records Edgar Cayce, 2019-12-19 The Akashic Records, or The Book of Life, can be equated to the universe's super-computer system that acts as the central storehouse of all information for every individual who has ever lived upon the earth. More than just a reservoir of events, the Akashic Records contain every deed, word, feeling, thought, and intent that has ever occurred at any time in the history of the world. The Edgar Cayce readings on the Akashic Records offer a rich resource for learning how to connect with and use knowledge from your own records to improve your life.

Edgar Cayce's Atlantis Gregory L. Little, Lora Little, John Van Auken, 2006-02 From the ancient Akashic Records, renowned psychic Edgar Cayce gives an amazingly detailed and fascinating vision into the legendary world of Atlantis and its extraordinary people. The section on the people and places of Atlantis is exclusive to Cayce's visions into this celebrated paradise. Cayce's readings describe the powerful crystal; the flying machines that could soar through the air, under water, and out into space; the energy generators that harnessed the sun's rays and channeled them into building a magnificent country of luxury, wealth, and peace. Cayce's discourses describe how the Atlanteans rejuvenated their bodies regularly, allowing them to live hundreds of years longer than we do today. But he also tells of how this great culture fell from grace and power, destroying itself and its continent in the process. In a strangely prophetic discourse, Cayce says that many ancient Atlanteans are reincarnating in the world today, bringing with them both the good and evil of that ancient land. Drs. Gregory and Lora Little, and John Van Auken present this story in an absorbing narrative of the legends of Atlantis and the latest discoveries in the ongoing search for remnants of the lost continent. The book contains over a hundred illustrations--some never published before. Included in the story of Atlantis are vignettes of the forgotten lands of Mu and Lemuria, the legend of Lilith and Amilius, Plato's history, and strange creatures of Atlantean lore. This book includes a complete description of and update on the three Atlantean record caches that Edgar Cayce identified and the modern-day explorations

seeking to find these lost halls of the ancient records.--Back cover.

Edgar Cayce on Soul Symbolism Kevin J. Todeschi, 2015-02-14 Edgar Cayce, the most documented psychic of all time, recommended exploring three tools for personal symbolism that would assist in personal growth and enlightenment: Creating Life Seals, Creating Aura Charts, and Understanding the Book of Revelation. From Cayce's perspective, a Life Seal is a personal mandala that can be used as a tool for reflection-a reminder of what she or he hopes to accomplish in life. An Aura Chart is a visual depiction of an individual's unique Akashic Record and represents a soul's lessons, attainments, failures and developments over many lifetimes. Cayce's unique approach to the Book of Revelation is that it is a symbolic exploration of archetypal images, patterns, and processes that correspond to the awakening of the Higher Self. It depicts not an external process related to world events but instead an internal one that portrays the struggles that occur within each individual as spiritual development takes place and the basic lower nature of humankind evolves to its higher spiritual nature. You will discover how these tools of symbolism can be used to cultivate your soul talents, to accomplish your mission in life, to overcome weaknesses, to enhance your soul memory, to remember your past lives and even as a means of personal attunement. Edgar Cayce on Soul Symbolism presents timely information on how symbolism can be used to understand yourself and even your connection to the divine. In addition, the volume contains examples of Life Seals and Aura Charts from the Cayce files, as well as two dictionaries of symbols for your easy reference.

Edgar Cayce's Origin and Destiny of Man Lytle Webb Robinson, 2008-02 Where did we come from? Why are we here on Earth? What is our purpose? Lytle Robinson gives us a comprehensive interpretation of the fascinating story of our history and future here on earth, as given by the Edgar Cayce readings. The Edgar Cayce readings address the many questions whose answers have eluded us all in our quest for the truth about where we come from and where we are going. What is the story of our creation? Who were the "sons of gods" and the "daughters of men"? How does mythology fit in with our history? What is our purpose and destiny in the earth? This is a captivating account you will not be able to put down, or soon forget.

Edgar Cayce's ESP Kevin J. Todeschi, 2008-08-14 One of the most remarkable stories of the twentieth century about one of the most incredible men who ever lived: Edgar Cayce, a Kentucky farm boy whose psychic powers healed thousands, touched countless lives, and inspired the dawn of the New Age. For more than forty years, Edgar Cayce (1877-1945), the 'sleeping prophet,' regularly exhibited an astonishing psychic ability. From an altered state, he was able to read minds and

souls, diagnose thousands of illnesses, successfully prescribe remedies, see into the past and the future, and tap into a source of universal knowledge where such information resides--a source Cayce said is available to us all. For anyone who has heard of Edgar Cayce-and his name is familiar to millions--here is a concise, reliable, immensely readable introduction to his life, work, and message. In Edgar Cayce's ESP, his story is told by writer Kevin Todeschi, an authority on Cayce's work and the director of the popular educational organization Cayce founded, the Association for Research and Enlightenment. Drawing upon more than 14,000 case histories and readings, Todeschi presents a wealth of proof of Cayce's psychic abilities and the effects they had on the lives of his contemporaries. Todeschi focuses especially on the character of the modest, generous Cayce himself, a man who started out in life as a sensitive, Bible-reading Kentucky farm boy and who grew up to become an unlikely prophet of the New Age and the most famous psychic in American history.

Overview of the Edgar Cayce Material Kevin J. Todeschi, 2014-05-09 Edgar Cayce (pronounced Kay-Cee, 1877-1945) has been called the sleeping prophet, the father of holistic medicine, and the most documented psychic of the 20th century. For more than 40 years of his adult life, Cayce gave psychic readings to thousands of seekers while in an unconscious state, diagnosing illnesses and revealing lives lived in the past and prophecies yet to come. But who, exactly, was Edgar Cayce and what were his psychic readings all about? This booklet covers the life of Cayce as well as an overview of the topics covered in his more than 14,000 documented psychic readings and tips for working with, studying, and understanding those readings.

Edgar Cayce on Vibrations Kevin J. Todeschi, 2007-06 Science caught up with the psychic readings of Edgar Cayce when it proved that all of materiality - consisting of atoms and therefore protons, neutrons, and electrons - is energy in motion. Everything is a vibration. Even the body's five senses operate through the use of vibrations. The Cayce readings suggested that vibrations were also associated with healing, consciousness, and even locations. In fact, the Cayce information presents the premise that all of life in every dimension is actually just different manifestations of the One Force - the Force that moved all of Creation into being. Therefore, all vibration is ultimately that One Force manifesting in the material world in a variety of ways. Todeschi's latest title explores how everything from consciousness to the material is connected to vibration, and how we continue to create and shape our world through the vibrations all around us. Vibrations are essentially spirit in motion and our thoughts and actions affect our life and the way we are living.

There Is a River Thomas Sugrue, 2015-03-03 A new edition of the landmark, worldwide bestseller on the life of the famed medical clairvoyant and founding father of the New Age: Edgar Cayce. Edgar Cayce (1877-1945) is known to millions today as the grandfather of the New Age. A medical clairvoyant, psychic, and Christian mystic, Cayce provided medical, psychological, and spiritual advice to thousands of people who swore by the effectiveness of his trance-based readings. But Cayce was not always a household name. When a young, skeptical journalist named Thomas Sugrue first met Cayce in 1927 the world had not yet heard of the sleeping prophet." During years of unique access, Sugrue completed his landmark biography, which on its publication in 1942 brought national attention to Cayce and stands as the sole record written during the seer's lifetime. This edition includes a new introduction by historian Mitch Horowitz that highlights the enduring significance of Cayce's message and the role this book played in its dissemination.

Edgar Cayce on Mastering Your Spiritual Growth Kevin J. Todeschi, 2011-06-01 EDGAR CAYCE ON MASTERING YOUR SPIRITUAL GROWTH What if God were completely loving, the universe completely orderly, and everything that transpired in life a purposeful experience chosen at some level by the soul for spiritual growth and soul development? Such is

the premise of Edgar Cayce on Mastering Your Spiritual Growth. Drawing upon contemporary examples as well as historical case studies of individuals who received psychic guidance from Edgar Cayce, this insightful volume examines the activities of soul growth and the process of personal transformation that will ultimately enable all individuals to transform themselves as well as society and the world at large. For countless ages, people have asked Who am I? Why am I here? And does my life have a purpose? The answers to these questions were explored by thousands of individuals who came to famed psychic Edgar Cayce, and they are answers that are just as applicable today. The ultimate truth is that we are spiritual beings having a physical experience living purposeful lives in a process of soul growth. The keys to that process are working with a personal spiritual intent or ideal, discovering our own approach to personal attunement, and repeatedly working with personal application. The Cayce information contends that it is the inevitable destiny of every soul is to become cognizant of its true relationship to the Creator, eventually achieving spiritual enlightenment in the process. This stage of enlightenment was described by Cayce as the Christ Consciousness and has been demonstrated by such individuals as Jesus. What if a new understanding of the nature of the soul and the purpose of life on earth could transform humankind? Such is the premise in the Cayce information.

Edgar Cayce on Angels and the Angelic Forces Kevin J. Todeschi, 2019-03-01 Just who are guardian angels, archangels, and divine messengers? Even the words can produce comfort, reassurance, and hope, for they suggest the presence of celestial beings who are concerned for our welfare and are somehow involved in our lives and activities here on earth. Are these emissaries of light spiritual beings that come directly from God? Are they somehow responsible for bringing us information and guidance? If they truly exist, as suggested by the Cayce readings, then what role do they play in our lives, and how can we enhance that role? All of these questions and more are answered in this latest title by bestselling author Kevin J. Todeschi.
