Alfred Hitchcock's Ghostly Gallery Alfred Hitchcock, 1984-08-12 In this engaging and intriguing work, renowned Japanese psychologist Hayao Kawai examines his own personal experience of how a Japanese became a Jungian psychoanalyst and how the Buddhism in him gradually reacted to it. Kawai reviews his method of psychotherapy and takes a fresh look at I in the context of Buddhism. His analysis, divided into four chapters, provides a new understanding of the human psyche from the perspective of someone rooted in the East. Kawai begins by contemplating his personal koan: "Am I a Buddhist and/or a Jungian?" His honest reflections parallel Jung's early skepticism about Buddhism and later his positive regard for Buddha's teachings. He then relates how the individuation process is symbolically and meaningfully revealed in two philosophical and artistic picture series, one Eastern and one Western. After exploring the Buddhist conception of the ego and the self, which is the opposite of to the Western view, Kawai expands psychotherapy to include sitting in silence and holding contradictions or containing opposites. Drawing on his own experience as a psychoanalyst, Kawai concludes that true integration of East and West is both possible and impossible. Buddhism and the Art of Psychotherapy is an enlightening presentation that deepens the reader's understanding of this area of psychology and Eastern philosophy.

The Routledge Handbook to the Ghost Story Scott Brewster, Luke Thurston, 2017-11-14 The Handbook to the Ghost Story sets out to survey and significantly extend a new field of criticism which has been taking shape over recent years, centring on the ghost story and bringing together a vast range of interpretive methods and theoretical perspectives. The main task of the

volume is to properly situate the genre within historical and contemporary literary cultures across the globe, and to explore its significance within wider literary contexts as well as those of the supernatural. The Handbook offers the most significant contribution to this new critical field to date, assembling some of its leading scholars to examine the key contexts and issues required for understanding the emergence and development of the ghost story.

Hosted Horror on Television Bruce Markusen, 2021-07-30 In October 1957, Screen Gems made numerous horror movies available to local television stations around the country as part of a package of films called Shock Theater. These movies became a huge sensation with TV viewers, as did the horror hosts who introduced the films and offered insight--often humorous--into the plots, the actors, and the directors. This history of hosted horror walks readers through the best TV horror films, beginning with the 1930s black-and-white classics from Universal Studios and ending with the grislier color films of the early 1970s. It also covers and explores the horror hosts who presented them, some of whom faded into obscurity while others became iconic within the genre.

St. James Guide to Horror, Ghost & Gothic Writers David Pringle, 1998 As a companion volume to St. James Guide to Fantasy Writers, this volume concentrates on those types of fiction which may be labelled as horror novels, dark fantasies, ghost stories, gothic novels, tales of terror, supernatural fictions, occult fantasies, black-magic stories, psychological thrillers, tales of unease, grand-guignol shockers, creepy stories, shudder-pulp fictions, contes cruels, uncanny stories, macabre fictions and weird tales.--Editor's note, p. ix.
