Myth, Literature, and the Creation of the Topography of Thebes Daniel W. Berman, 2015-02-12 This book shows how the legendary past of Greek Thebes influenced the development of the city's landscape from the time of the oral epics to the Roman period. It will appeal to readers with interests in the relationships between Greek myth, ancient topography and archaeology, and the development of urban space.

Longane - La civiltà perduta Filippo Imbesi,

Le confraternite medievali dell'alte e media Italia Gennaro Maria Monti, 1927

Theatre and Autocracy in the Ancient World Eric Csapo, Hans Rupprecht Goette, J. Richard Green, Brigitte Le Guen, Elodie Paillard, Jelle Stoop, Peter Wilson, 2022-10-24 Why did ancient autocrats patronise theatre? How could ancient theatre - rightly supposed to be an artform that developed and flourished under democracy - serve their needs? Plato claimed that poets of tragic drama drag states into tyranny and democracy. The word order is very deliberate: he goes on to say that tragic poets are honoured especially by the tyrants, and secondly by the democracies (Republic 568c). For more than forty years scholars have explored the political, ideological, structural and economic links between democracy and theatre in ancient Greece. By contrast, the links between autocracy and theatre are virtually ignored, despite the fact that for the first 200 years of theatre's existence more than a third of all theatre-states were autocratic. For the next 600 years, theatre flourished almost exclusively under autocratic regimes. The volume brings together experts in ancient theatre to undertake the first systematic study of the patterns of use made of the theatre by tyrants, regents, kings and emperors. Theatre and Autocracy in the Ancient World is the first comprehensive study of the historical circumstances and means by which autocrats turned a medium of mass communication into an instrument of mass control.

Vocabolario italiano-latino Celestino Durando, 1876

Listening to the Stones: Essays on Architecture and Function in Ancient Greek Sanctuaries in Honour of Richard Alan Tomlinson Elena C. Partida, Barbara Schmidt-Dounas, 2019-08-08 This book presents a range of topics,

conveying the broad scope of Richard Tomlinson's archaeological quests and echoing his own research methodologies; it is a token of appreciation for a British professor of archaeology, who spread knowledge of the Greek civilization, manifesting the brilliant spirit of the versatile ancient Greek builders.

The Architecture of the Ancient Greek Theatre Rune Frederiksen, Elizabeth R. Gebhard, Alexander Sokolicek, 2015-12-01
In this volume the leading experts on ancient Greek theatre architecture present new excavation results and new analyses of individual monuments. Many well-known theatres such as the one of Dionysos in Athens and others at for instance Messene, Sikyon, Chaironeia in Greece and Aphrodisias in Turkey have been re-examined since their original publication with stunning results. New research also includes less well-known or newly discovered ancient Greek theatres in Albania, Turkey, Cyprus and Sicily. Further studies on the history of research, regional theatrical developments, terminology and function, as well as a perspective on Roman theatres built in Greek traditions make this volume a comprehensive book of new research for specialist scholars as well as for students and the interested public. Fundamental publications on the topic have not been presented for many years, and this book aims to form a new foundation for the study of theatre architecture.

HADRIANVS - ΑΔΡΙΑΝΟΣ Maria Lagogianni-Georgakarakos, Emanuele Papi, 2018-02-01 Catalogo della mostra, 28-11-2017 / 31-12-2018 Atene, Museo Archeologico Nazionale La Mostra intende presentare al visitatore il filellenismo di Adriano e sottolineare l'importanza e il peso che la sua eredità ha ancora oggi. Promuovendo l'integrazione dell'intelligenza greca con la tradizione romana, Adriano contribuì in maniera decisiva alla formazione di una comune base culturale, che rappresenta un elemento fondamentale della cultura occidentale. Da questo punto di vista la Mostra che il Museo Archeologico Nazionale organizza in collaborazione con la Scuola Archeologica Italiana di Atene segnala e preannuncia l'Anno Europeo del Patrimonio Culturale che verrà celebrato nel 2018.
