Daughter of the Moon Goddess Sue Lynn Tan, 2022-01-11 The acclaimed national and international bestseller “Epic, romantic, and enthralling from start to finish.”—Stephanie Garber, #1 New York Times bestselling author of the *Caraval* series “An all-consuming work of literary fantasy that is breathtaking both for its beauty and its suspense.—BookPage, starred review A captivating and romantic debut epic fantasy inspired by the legend of the Chinese moon goddess, Chang’e, in which a young woman’s quest to free her mother pits her against the most powerful immortal in the realm. Growing up on the moon, Xingyin is accustomed to solitude, unaware that she is being hidden from the feared Celestial Emperor who exiled her mother for stealing his elixir of immortality. But when Xingyin’s magic flares and her existence is discovered, she is forced to flee her home, leaving her mother behind. Alone, powerless, and afraid, she makes her way to the Celestial Kingdom, a land of wonder and secrets. Disguising her identity, she seizes an opportunity to learn alongside the emperor’s son, mastering archery and magic, even as passion flames between her and the prince. To save her mother, Xingyin embarks on a perilous quest, confronting legendary creatures and vicious enemies. But when treachery looms and forbidden magic threatens the kingdom, she must challenge the ruthless Celestial Emperor for her dream—striking a dangerous bargain in which she is torn between losing all she loves or plunging the realm into chaos. *Daughter of the Moon Goddess* begins an enchanting duology which weaves ancient Chinese mythology into a sweeping adventure of immortals and magic, of loss and sacrifice—where love vies with honor, dreams are fraught with betrayal, and hope emerges triumphant.

Daughters of the Goddess Wendy Griffin,1999-11-17 A collection of original essays examining the Goddess Movement in its many facets, *Daughters of the Goddess* explores the ways women have abandoned Western patriarchal religions and have embraced a spirituality based in a celebration of the Goddess and the female body as sacred text. Among the first scholars to publish in this area, editor Wendy Griffin brings together a group of academics and practitioners who offer a wide-ranging study of this movement, from a critique of the patriarchal cult of Princess Diana to a celebration of bellydance as a form of spiritual expression. Other essays not only trace women's myriad spiritual journeys but also examine the creation of personal rituals that have led to healing and a new sense of identity for many women. An innovative volume, *Daughters of the Goddess* serves as an invaluable guide for anyone wishing to gain a thorough introduction to this rapidly growing religious and cultural movement.

Pagan, Goddess, Mother Chandra Alexandre,Nane Jordan,2021-01-01 This anthology calls Pagan and Goddess mothering into focus by highlighting philosophies and experiences of mothers in these spiritual movements and traditions. Pagan and Goddess spirituality are distinct, yet overlapping and diverse communities, with much to say about deity as mother, and about human mothers in relationship to deity. Authors share creative voices, stories, and scholarship from the forefront of Pagan- and Goddess- centered home, in which divine mothers, Goddesses, diverse female embodiments, and generative life cycles are honoured as sacred. Authors inquire into how their spirituality impacts the perceived value and experiences of mothers themselves, while generating new ways of imagining and enacting motherhood in spiritual and daily life. *Pagan, Goddess, Mother* opens spaces for dialogue in areas such as how Pagan- and Goddess- centred mothers engage in, and are impacted by, their spiritual leadership through practices of ceremony, ritual, magic, and priestessing. Authors consider mothers' lived connections with their children, family life, and themselves, through nature, the Earth, and mothering as a spiritual practice. Chapters reflect upon the ways that Pagan- and Goddess- identified mothers creatively navigate daily interactions with dominant religions, the public sphere, community leadership, and activism facing the challenges of such while forging new pathways for spirited well being in mothering and family life.

Revelry, Rivalry, and Longing for the Goddesses of Bengal Rachel Fell McDermott, 2011 Annually during the months of autumn, Bengal hosts three interlinked festivals to honor its most important goddesses: Durga, Kali, and Jagaddhatri. While each of these deities possesses a distinct iconography, myth, and character, they are all martial. Durga, Kali, and Jagaddhatri often demand blood sacrifice as part of their worship and offer material and spiritual benefits to their votaries. Richly represented in straw, clay, paint, and decoration, they are similarly displayed in elaborately festooned temples, thronged by thousands of admirers. The first book to recount the history of these festivals and their revelry, rivalry, and nostalgic power, this volume marks an unprecedented achievement in the mapping of a major public event. Rachel Fell McDermott describes the festivals' origins and growth under British rule. She identifies their iconographic conventions and carnivalesque qualities and their relationship to the fierce, Tantric sides of ritual practice. McDermott confronts controversies over the tradition of blood sacrifice and the status-seekers who compete for symbolic capital. Expanding her narrative, she takes readers beyond Bengal's borders to trace the transformation of the goddesses and their festivals across the world. McDermott's work underscores the role of holidays in cultural memory, specifically the Bengali evocation of an ideal, culturally rich past. Under the thrall of the goddess, the social, political, economic, and religious identity of Bengalis takes shape.

Korean Women and God Hee An Choi, 2005 Korean women are nurtured in a culture dominated by patriarchy and often understand God within this context, another form of authority that is easily displeased and quick to judge. Although it is rare to find pastoral ministry programs sensitive to women's needs, the author shows how such programs would transform women's lives by introducing them to a God to love and understanding and empowering them to help transform society.

The Feminine in Fairy Tales Marie-Louise von Franz, 2017-05-23 A Jungian psychologist explores what we can learn about women—and men—from the feminine archetypes, symbols, and themes found in fairy tales In this engaging commentary, the distinguished analyst and author Marie-Louise von Franz shows how the Feminine reveals itself in fairy

tales of German, Russian, Scandinavian, and Eskimo origin, including familiar stories such as Sleeping Beauty, Snow White and Rose Red, and Rumpelstiltskin. Some tales, she points out, offer insights into the psychology of women—while others reflect the problems and characteristics of the anima, the inner femininity of men. Drawing upon her extensive knowledge of Jungian psychology, Dr. von Franz discusses the archetypes and symbolic themes that appear in fairy tales as well as dreams and fantasies, draws practical advice from the tales, and demonstrates its application in case studies from her analytical practice.

Selene's Daughter Ashley Fetterman, 2017-09-21 When Pan the satyr god seduced the moon goddess, Selene, he was not expecting a baby to be the result of a good tumble in the sack. Except, a baby girl is exactly what he gets. Selene, Endymion, and Vexa visit Pan so that he could see his daughter. Pan is offered the chance to raise the child for the first four hundred years of her life. Selene and Endymion let Vexa go, believing that she will return to them long before she turns of age. Only, when it comes time for Vexa to be returned, Pan admits that his daughter will remain with him until her two thousandth year. Before the lovers can react, Pan dashes away into the forest, unable to be seen again. Selene grows concerned when the world changing with the times, new religions being born, and followers becoming scarce. Her daughter's safety is a risk the longer Pan has her. She grows desperate in her search, catching Pan a few times before he slips away. What lengths will a Mother go to in order to protect her child from the very world she was conceived on?
