Trip of Beauty Johnathan David Goldsky,2021-07-07 What happens when a priceless diamond, a golden menorah, and three dead children meet in a VW golf mk 2? With terrible crimes committed by the most skillful of criminals becoming a commonality, you must be as sharp as a knife to solve the puzzle...before it's too late. When a diamond of exceptional quality goes missing in South Africa, it leaves many interested parties puzzled. The mafia, headed by a mysterious man named Snow White, has a particularly vested interest in the missing diamond. But they're not the only ones. In the midst of all this enigma, Gabriel and Ariel, two young, meet each other by chance. And neither one knows that the lost diamond is about to become a part of their lives. Forever. Ten years have passed, and there's trouble in Berlin. Louis, an illegal street racer, finds that his garage is empty, seemingly ransacked. Hoping that it was just a misunderstanding of sorts, he calls the police. But he discovers that his things are gone for good, and that he's suddenly in the middle of an even greater dilemma. For the investigators in charge of his case believe that he was involved, and that there's some fraud afoot. Louis decides to ask for help from his good friend Dieter. Together, along with a former FBI agent named Loren, they begin to investigate the disappearance of Louis's things. But during their excursions, they realize that they are uncovering something much more sinister than they ever expected. And it might just change their lives forever. In the meantime, the missing diamond has traveled from hand to hand, and leaves behind a horrible fate for all those who have dealt with it. It's soon discovered that Louis's garage was hiding a terrifying secret...which leaves one big question to be answered. What is going on here? Is there such a thing as a perfect crime? The answer is simple. Yes. But how? First. What makes the perfect crime? Some say when the perpetrator is not caught, while others say when the perpetrator cannot be caught. But what is the perfect crime then? What didn't happen. Now think about it, if one doesn't kill someone, then there is no corpse and no victim, no crime. Others interpret it this way if there is no corpse and no victim there is no crime either. True in this case, there must be a connection within the system where it is being investigated. You need a police officer to clear up the perfect crime. So it will be perfect. You know quite a bit so far, don't you? It's time for you to read the book... *Trip of Beauty*: To the perfect crime is an action-packed crime thriller that will leave readers on the edge of their seats. Perfect Crimes Marvin J. Wolf, 2013-04-06 No such thing as PERFECT CRIMES? Witness this whirlwind tour of dirty deeds, sinister scandals, and cold-blooded murder--done in the name of love, money, madness, and more--from around the world or right next door. All of these notoriously wicked characters overlooked a fatal flaw that brought their almost perfect crimes to light. THE LONE WOLF Japanese jet-setter Kazuyoshi Miura had a talent for making money, a taste for lizard-skin boots, and a lust for leading trusting young women like lambs to slaughter.... CHOP CHOP MAN Mild-mannered maniac Jeffrey Dahmer wined his male guests with drugged drinks, and then dined on them--but the remains of his victims would tell tales of terror and torture that would shock the world.... ONE-WAY TICKET From the Hollywood Hills to the Swiss Alps, Thomas Devins wheeled and dealt, thrilled and killed, and led the law through a game of global hopscotch in which he was always one step ahead.... For these and many others, crime didn't quite pay off. But for true-crime aficionados, this classic collection is a jackpot!

A Perfect Husband Aphrodite Jones, 2012-07-11 From a New York Times--bestselling author: A searing account of cold-blooded murder as told by "one of the chief practitioners of the true crime genre" (The Baltimore Sun). Michael Peterson was a decorated war veteran and bestselling novelist. His wife, Kathleen, was a high-powered executive and devoted mother. To everyone who knew them, they seemed to be the perfect couple living a life most people would kill for. Then came the tragic night Michael found Kathleen at the bottom of the stairs in a pool of blood. He claimed her death was an accident. The prosecution thought different and put him on trial—and behind bars. Then, in a stunning reversal, a judge gave Michael another chance to stand trial as his children steadfastly proclaimed his innocence. But what happened next would stun observers as new evidence and bizarre theories were introduced in a legal battle that would drag on until it became one of the longest trials in state history. Aphrodite Jones draws on exclusive interviews and revelatory facts to deliver "a richly detailed and deeply researched tale of a greedy, sociopathic killer" (Caitlin Rother, New York Times--bestselling author).

Perfect Murder, Perfect Town - Australian Edition Lawrence Schiller, 1999-02-24 From Lawrence Schiller, the author of the #1 New York Times bestseller *American Tragedy*, comes the definitive account of the most puzzling homicide in recent history. Nothing reported about this case can possibly prepare the reader for the revelations in this book; the untold story of the investigation into the death of JonBenet Ramsey. The setting is Boulder, Colorado, a town of 90,000 people that sits at the foot of the Rocky Mountains. There lies the story of what really happened to Little Miss Colorado, told not only in frightful detail, but in the words of witnesses, investigators, prosecutors and lawyers as they struggle to unravel the events of December 26, 1996. Based on hundreds of exclusive interviews conducted by Schiller and Charles Brennan of the Rocky

Mountain News, Lawrence Schiller's book draws the reader deep within the inner circle of the investigators, their confidantes, the city, and the Ramseys themselves. He not only engages the reader with the details of the murder and its aftermath, but with the history of Boulder and its philosophy that has manifested itself in this case.
