Muslims Inspirational Quotes Abdullah Hawa,2020-10-26 Often, one feels like giving up in the face of tiring challenges that life keeps us presenting with. However, times like these test our mettle to the fullest. The trails of life are a test from Allah (SWT), we must be prepared for them all the time. If you are facing a lot of hardship, it means that Allah (SWT) has something good for you in-store. This is a fact that is validated by the saying of Prophet Muhammad (SAW). He (SAW) said: If Allah wants to do good to somebody, He afflicts him with trials.Source: Sahih al-Bukhari 5645

Aspects of Performance in Faith Settings Andrey Rosowsky, 2019-01-03 What is the role of performance in faith practices? How is performance understood in and across a range of faith settings? How are performance and faith conceptualised through different academic disciplines? This collection of essays addresses these questions, and others, as it explores the complex relationship present in the nexus between faith and performance. A naturally inter-disciplinary work, this book contains contributions from a diverse group of scholars representing a wide range of methodologies and theoretical perspectives. As sociolinguists explore how language performance shapes and is shaped by faith, social anthropologists and psychologists examine how identity performance is crucial in negotiating faith identities, and scholars from theatre and performance studies engage with ways material settings are performatively transfigured to create sacred spaces (to mention but a few approaches covered in this book), the reader is taken on a journey of the world's faiths and their diverse practices.

Cyber Muslims Robert Rozehnal, 2022-04-21 Through an array of detailed case studies, this book explores the vibrant digital expressions of diverse groups of Muslim cybernauts: religious clerics and Sufis, feminists and fashionistas, artists and activists, hajj pilgrims and social media influencers. These stories span a vast cultural and geographic landscape—from Indonesia, Iran, and the Arab Middle East to North America. These granular case studies contextualize cyber Islam within broader social trends: racism and Islamophobia, gender dynamics, celebrity culture, identity politics, and the shifting terrain of contemporary religious piety and practice. The book's authors examine an expansive range of digital multimedia technologies as primary “texts.” These include websites, podcasts, blogs, Twitter, Facebook, Instagram, YouTube channels, online magazines and discussion forums, and religious apps. The contributors also draw on a range of methodological and theoretical models from multiple academic disciplines, including communication and media studies, anthropology, history, global studies, religious studies, and Islamic studies.

European Muslims and New Media Merve Kayıkcı, Leen d’Haenens, 2017-09-07 Muslims’ online participation: Subaltern spaces, identity, community, and religious belonging European Muslims and New Media offers perspectives on the various ways in which Muslims use new media to form and reform Muslim consciousness, identities, and national and transnational belongings, and contest and negotiate tensions and hegemonic narratives in Western European societies. The authors explore how online discussion groups, social media communities, and other online sites act as a ‘new public sphere’ for Muslim youth to voice their opinions, seek new sources of knowledge, establish social relationships, and ultimately decentre established discourses that are projected on them as Muslims in Europe. The possibilities and challenges of new media transform existing debates on Islamic knowledge, authority, citizenship, communities, and networks. European Muslims and New Media critically explores the multifaceted transformations that result from Muslims using online spaces to

present, represent, and negotiate their identities, ideologies, and aspirations. Contributors: Anna Berbers (KU Leuven), Claudia Carvalho (Tilburg University), Laurens de Rooij (Durham University), Leen d'Haenens (KU Leuven), Merve Kayıkcı (KU Leuven), Sahar Khamis (University of Maryland, College Park), Joyce Koeman (KU Leuven), Jana Jevtic (Central European University), Viviana Premazzi (FIERI), Roberta Riccucci (University of Torino), Charlotte van der Ploeg (Leiden University)

The Ocean of Inspiration Maryam Yousaf,2015-09-09 The Ocean of Inspiration is a perfect quote book to give to someone as a gift, an easy, enjoyable read oozing with inspiration and reminders of Allah (God). The book has been written to inspire Muslims and all people of faith in order to make them feel more closer to God and to let them know that behind every situation that they may face, God is with them, and He will give them the strength they need to remain strong. Every quote in this book takes everything back to God, for whom we were made. It's a strong reminder that we are never alone, that God is watching and is always there for us even if no one else is. It's a constant reminder of our purpose, the reason why our life is the way it is, the reason we are alive. Sometimes we can get so consumed at what life throws at us, but if we keep in mind that nothing is coincidental and there is a lesson, something to learn from in every situation or experience we are placed in, then we are never at a loss. The Ocean of Inspiration will provide you with a wealth of inspirational quotes and give you the motivation you need to become a stronger person. It will give you hope and encouragement and In Sha Allah (God willing) the strength to strive on, no matter what your situation.

(Re)presenting Brunei Darussalam Lian Kwen Fee,Paul J. Carnegie,Noor Hasharina Hassan,2023-04-06 This thoughtful and wide-ranging open access volume explores the forces and issues shaping and defining contemporary identities and everyday life in Brunei Darussalam. It is a subject that until now has received comparatively limited attention from mainstream social scientists working on Southeast Asian societies. The volume helps remedy that deficit by detailing the ways in which religion, gender, place, ethnicity, nation-state formation, migration and economic activity work their way into and reflect in the lives of ordinary Bruneians. In a first of its kind, all the lead authors of the chapter contributions are local Bruneian scholars, and the editors skilfully bring the study of Brunei into the fold of the sociology of everyday life from multiple disciplinary directions. By engaging local scholars to document everyday concerns that matter to them, the volume

presents a collage of distinct but interrelated case studies that have been previously undocumented or relatively underappreciated. These interior portrayals render new angles of vision, scale and nuance to our understandings of Brunei often overlooked by mainstream inquiry. Each in its own way speaks to how structures and institutions express themselves through complex processes to influence the lives of inhabitants. Academic scholars, university students and others interested in the study of contemporary Brunei Darussalam will find this volume an invaluable resource for unravelling its diversity and textures. At the same time, it hopefully stimulates critical reflection on positionality, hierarchies of knowledge production, cultural diversity and the ways in which we approach the social science study of Brunei. 'I wish to commend the editors for bringing this volume to fruition. It is an important book in the context of Southeast Asian sociology and even more important for the development of our social, geographical, cultural and historical knowledge of Brunei.' —Victor T. King, University of Leeds

1000 Motivational Quotes From the Quran and Hadith Ofy Arafat,2025-01-03 The Great Allah has illuminated the entire world through the Holy Quran. The Holy Quran is a beacon of hope for the despairing, comfort for the sorrowful, and healing for the sick. And every message of Muhammad (peace be upon him) is a source of solace for all of us. But today, we try to draw inspiration from worldly things while keeping the Holy Quran and Hadith at a distance. We read motivational books, watch motivational videos, etc. However, we do not want to draw inspiration from the ultimate guidebooks of humanity, the Quran and Hadith. We must keep a few things in mind. 1. What could be more motivational than the verses of the Holy Quran? 2. Can anyone inspire you more than Muhammad (peace be upon him)? 3. Are there more motivational words found elsewhere than in the Quran and Hadith? 4. Is it possible to find more peace elsewhere than in the Holy Quran and Hadith? Every Muslim should first draw inspiration from the Quran and Hadith because other inspirations cannot be compared to those from the Quran and Hadith. Therefore, if we want true inspiration, we must take it from the Quran and Hadith. When a true Muslim reads the motivational verses of the Quran, hope arises in his heart, and new dreams are kindled. When he reads the motivational Hadiths, a unique feeling is evoked in his heart. A genuine believer experiences a

distinct sensation when he reads motivational words from the Quran and Hadith, a feeling that only a true believer can comprehend. In reality, a true believer can never take inspiration from external sources, leaving the Quran and Hadith at a distance. This is because the Quran and Hadith are the primary source of inspiration. Contents of this book: 350 Motivational Quotes From the Quran. 350 Motivational Quotes from Hadith. 100 Motivational Quotes from companions. 50 Motivational Dua from the Quran. 50 Motivational Dua from Hadith. 100 Motivational Quotes From Great Islamic Scholars Reading the motivational quotes in this book will evoke a feeling in your heart that only you, as a true believer or Muslim, can understand. If you read the quotes under the open sky during a serene night, you will likely experience a unique sensation.

500 Quranic Motivational Quotes Mst Monoara Khatun,2024-11-15 The Holy Quran is the inspiration for every Muslim. The Holy Quran is a beacon of hope for the despairing. The Holy Quran is the pride of every Muslim. The Holy Quran is the honor of every Muslim. The Holy Quran guides people from darkness to light. The Holy Quran is comfort for those in distress. We all know these things but still want to draw inspiration from worldly matters. This will never bring welfare to a believer. A true Muslim should take inspiration from the Quran. We should reflect on a few points: No matter how many inspirational books we read, can anyone speak more inspiring words than the Almighty Allah? Is there any book more inspirational than the Holy Quran? Are any sentences as comforting as those found in the verses of the Holy Quran in this world? Can there be anything more significant than the motivation the Holy Quran provides? Does the Quran only provide motivation for our worldly life, or does it also show the way for the hereafter? Every Muslim should draw inspiration solely from the Quran. No matter how many inspirational books we read, there is not a single book in this world that is more inspiring than the Quran. Therefore, if we want to gain inspiration, comfort, and success hereafter, we must draw inspiration from the Quran.
