I Am Number Four: The Beginning: Books 1-3 Collection Pittacus Lore, 2015-09-01 The first three novels in the bestselling Lorien Legacies series that began with *I Am Number Four* are included in this collection: *I Am Number Four: The book that started it all* . . . Nine of us came here. We look like you. We talk like you. We live among you. But we are not you. We can do things you dream of doing. We have powers you dream of having. We are stronger and faster than anything you have ever seen. Our plan was to grow, and train, and become strong, and become one, and fight them. But they found us and started hunting us first. Now all of us are running. They caught Number One in Malaysia. Number Two in England. And Number Three in Kenya. They killed them all. I am Number Four. I am next. *The Power of Six*: I've seen him on the news. Followed the stories about what happened in Ohio. John Smith, out there, on the run. To the world, he's a mystery. But to me . . . he's one of us. There are six of us left. We're hiding, blending in, avoiding contact with one another . . . but our Legacies are developing, and soon we'll be equipped to fight. Is John Number Four, and is his appearance the sign I've been waiting for? And what about Number Five and Six? I am Number Seven. One of six still alive. And I'm ready to fight. *The Rise of Nine*: The stakes are higher than ever as John, Six, and Seven try desperately to find the rest of the Garde before it's too late. During the dangerous mission at the Mogadorian base in West Virginia, John found and rescued Nine. But even with their combined powers, special abilities known as Legacies, the pair barely escaped with their lives—and they lost Sam in the process. In order to save our world and their own, John and Nine must join forces with Six and Seven who have been battling the Mogadorians in Spain, and who are now trying to locate Number Eight in India.

Critical Foundations in Young Adult Literature: Challenging Genres Antero Garcia, 2013-10-11 Young Adult literature, from *The Outsiders* to *Harry Potter*, has helped shape the cultural landscape for adolescents perhaps more than any other form of consumable media in the twentieth and twenty-first century. With the rise of mega blockbuster films based on these books in recent years, the young adult genre is being co-opted by curious adult readers and by Hollywood producers. However, while the genre may be getting more readers than ever before, Young Adult literature remains exclusionary and problematic: few titles feature historically marginalized individuals, the books present heteronormative perspectives, and gender stereotypes continue to persist. Taking a critical approach, *Young Adult Literature: Challenging Genres* offers educators, youth librarians, and students a set of strategies for unpacking, challenging, and transforming the assumptions of

some of the genre's most popular titles. Pushing the genre forward, Antero Garcia builds on his experiences as a former high school teacher to offer strategies for integrating Young Adult literature in a contemporary critical pedagogy through the use of participatory media.

The Fall of Five Pittacus Lore, 2013-08-29 Discover the heartstopping fourth instalment in the Lorien Legacies series by Pittacus Lore, the bestselling author of I AM NUMBER FOUR 'Exhilarating . . . Each book grows more and more cataclysmic and heroic' 5***** Reader Review 'This series is consistently captivating. It makes me shiver to think about it' 5***** Reader Review _____ I thought things would change when I found the others. We would stop running. We would fight the Mogadorians. And we would win. But I was wrong. Even though we have come together, we barely escaped from them with our lives. And now we're in hiding, figuring out our next move. The six of us are powerful - but not strong enough to take on their entire army. We haven't discovered the full extent of our Legacies. We haven't learned to work together. Time is running out, and there's only one thing we know for certain: We need to find Number Five before they do. They caught Number One in Malaysia. Number Two in England. And Number Three in Kenya. I am Number Four. I was supposed to be next. But I'm still alive. This battle is far from over. Praise for Pittacus Lore: 'Tense, exciting, full of energy' Observer 'Relentlessly readable' The Times 'Set to eclipse Harry Potter and moody vampires. Pittacus Lore is about to become one of the hottest names on the planet' Big Issue 'Tense, keeps you wondering' Sunday Times Perfect for fans of The Hunger Games - I Am Number Four is the first book in Pittacus Lore's Lorien Legacies series and is now a major Disney film.

Encyclopedia of Deception Timothy R. Levine, 2014-02-20 The Encyclopedia of Deception examines lying from multiple perspectives drawn from the disciplines of social psychology, sociology, history, business, political science, cultural anthropology, moral philosophy, theology, law, family studies, evolutionary biology, philosophy, and more. From the "little white lie," to lying on a resume, to the grandiose lies of presidents, this two-volume reference explores the phenomenon of lying in a multidisciplinary context to elucidate this common aspect of our daily lives. Not only a cultural phenomenon historically, lying is a frequent occurrence in our everyday lives. Research shows that we are likely to lie or intentionally deceive others several times a day or in one out of every four conversations that lasts more than 10 minutes. Key Features: More than 360 authored by key figures in the field are organized A-to-Z in two volumes, which are available in both print and electronic formats. Entries are written in a clear and accessible style that invites readers to explore and reflect on the use of lying and self-deception. Each article concludes with cross references to related entries and further readings. This academic, multi-author reference work will serve as a general, non-technical resource for students and researchers within social and behavioral science programs who seek to better understand the historical role of lying and how it is employed in modern society.
