The French Admiral Dewey Lambdin, 2002-04-01 It's 1781. Midshipman Alan Lewrie—a scandalous young London rake whose amorous onshore adventures led to his being pressed into His Majesty's Service by his own father—chafes against life in the Royal Navy, but to his amazement he finds himself a born sailor and soon winning respect aboard HMS Desperate. As the American colonies continue their war of independence, Desperate is called upon to fight the determined rebels and their French allies. Lewrie and his sailors join the loyalists on land and learn the brutal truth of civil war where brother turns against brother. Amid the flaming wreckage of the once-proud city of Yorktown, Lewrie must prove his mettle to his commanding officer and to himself.

Some Antipodean Musings of An Octogenarian Pom Ignatius Gee, 2023-12-08 When the author reached the age of eighty, and was no longer able to travel much, he began to put a few words on paper; his motivation was to keep his mind alert as his muscles weakened. Some of these 'musings' attempted to be amusing, without much success. Others were reactions to articles in the Australian newspaper, in the days when he could afford to have it delivered every day. Then he got carried

away and began to deliberately wear different hats; a sportswriter one day, a current affairs commentator on another day, an arrogant book-reviewer the next. All the opinions expressed are his own, based upon wide reading and a good memory, so that ideas spawned by a book on theoretical physics began to mix with stories of the Brith Raj in India. And his sound Catholic upbringing, based on his father's love of Rerum Novarum, began to embrace the results of living for a while in a strongly Buddhist society. So, if you are looking for historical accuracy you will not find it here: he has kept no notes or references; what is in his head has leaked out through his word-processor. It is curiously therapeutic; a bit like going to Confession but not quite.
