Ruins of Sea and Souls Lisette Marshall, 2023-04-23 You fell in love with a fae executioner. Did you truly think that would end well? With war looming, Emelin's plan is simple: break the Mother's bindings while her more diplomacy-minded friends persuade the rest of the world to join their rebellion. Unfortunately, their would-be allies are far too concerned about Em's exact connection to the feared and hated Silent Death. They might risk their lives for the world's only unbound mage, but they'll never fight for a fae prince's puppet. Forced to hide the explosive secret of their love, Em and Creon journey to the plague-cursed continent to learn more about the bindings. But as they face dragons, ruins, and murderous forests in search of the vanished gods, distrust between Creon and their travel companions brings tensions to a boiling point. And if their love may cost them the victory against the Mother ... how will Em ever choose between her heart and her duty? Ruins of Sea and Souls is book 3 of the Fae Isles series. Like the previous books in the series, it is an adult fantasy romance and features scenes intended for a mature audience.

**The Art of Illumination** A.M. Hamilton, 2012-10-01 The Art Of Illumination is a spellbinding book that transports one into a world of wonder, mystery, and divine empowerment. It weaves a tale of long lost wisdom and sprinkles it at the feet of the reader like gorgeous pearls. I cannot recommend it highly enough. A fantastic read. Sonia Choquette, NYTimes best-selling author of The Answer Is Simple. Love Yourself. live Your Spirit The Art of Illumination is the stunning tale of one mans journey into the deepest realm of the soul. A compelling mystery propels this luminous exploration of the human experience of the divine. A wise and beautiful book, it grabbed my heart from the first chapter and never let go. Its a remarkable story, written with startling vision and grace by a promising new author. It will leave you awed, moved and hungering for more. Maureen Boyd Biro, author of Walking With Maga and Voices of the Valley, First Press. This book is amazing - I picked it up just to check a few lines and couldnt stop reading. I felt as though it was educating me, and I could imagine everything as if I was watching a movie. There wasnt one part of the book which did not make me want to quickly turn to another page. June Dally Watkins, Education and Training | Business Finishing College. The year is 1097. Britain has been politically unstable for an age, and it doesnt seem as though things will be settling down any time soon. It isnt just political issues that threaten the population, however. Without an understanding of the nature of pestilence or the knowledge of how to treat it, disease runs

rampant through the population, affecting everyone in its path. While tragedy rampages unchallenged, one place stands apart from the events afflicting the world at large. Hidden away in a corner of the land stands the large, stone monastery that serves as a shelter from the terrifying world. It is here that one man finds himself on a journey he never expected he would take. He discovers the art of illumination, not only in the creation of beautiful manuscripts, but in illumination of the soul. In the process, he also uncovers a secret that will propel him into a world he never expected to find.

**The road to counterattack of the useless prince** Karen Lee,2002-08-27 On December 31, 2012, the end of the world did not come as the legendary Mayan prophecy had predicted. Humanity continued to thrive, and everything continued as usual, following the established trajectory of humanity. Everyone assumed that the doomsday predictions would once again become a joke, just like before. But there are often unexpected things in the world, and when this unexpected thing is a disaster, it will make people feel like they are being raped because you have no way to resist.

Dark Souls : Beyond the Grave - Volume 2 Damien Mecheri,Sylvain Romieu,2019-02-19 We thought we had gone through the topic in the first volume, those two games opened new pists of reflexions. The in-depth analysis of Hidetaka Miyazaki's Dark Souls saga continues with this volume 2, decoding the Bloodborne and Dark Souls III episodes. An indispensable ebook for all the fans of the game Dark Souls ! **EXTRACT** The project, christened Project Beast, began soon after the Astorias of the Abyss DLC was released in August 2012. At the time, FromSoftware was also beginning to build Dark Souls II, its cash cow. Miyazaki kept his distance from this sequel, which was handed off to Tomohiro Shibuya and Yui Tanimura, with support from the FromSoftware president and creator of King's Field, Naotoshi Zin, who supervised the game system. On his end, Hidetaka Miyazaki formed a trusted team of regular collaborators, such as lead programmer Jun Itô (who had already filled this role for Demon's Souls and Dark Souls), composer and lead sound designer Tsukasa Saitô (Armored Core games), and most of his regular artists: Daisuke Satake, Masanori Waragai and Hiroshi Nakamura. The success of Demon's Souls, and the even greater success of Dark Souls, allowed FromSoftware to grow its ranks significantly. In total, no fewer than fifty programmers participated in the project, along with around twenty game system designers and fifty people working on visual creation (animation, scenery, characters, etc.). Thanks to financial support from Sony, many Japanese, Chinese and Taiwanese studios were sub-contracted during the production to help with graphics and visuals. **ABOUT THE AUTHORS** Passionate about films and video games, Damien Mecheri joined the writers team of Gameplay RPG in 2004, writing several articles for the second special edition on the Final Fantasy saga. He continued his work with the team in another publication

called Background, before continuing the online adventure in 2008 with the site Gameweb.fr. Since 2011, he has come aboard Third Éditions with Mehdi El Kanafi and Nicolas Courcier, the publisher's two founders. Damien is also the author of the book Video Game Music: a History of Gaming Music. For Third Éditions, he is actively working on the "Level Up" and "Année jeu vidéo" collections. He has also written or co-written several works from the same publisher: The Legend of Final Fantasy X, Welcome to Silent Hill: a journey into Hell, The Works of Fumito Ueda: a Different Perspective on Video Games and, of course, the first volume of Dark Souls: Beyond the Grave. Curious by nature, a dreamer against the grain and a chronic ranter, Sylvain Romieu is also a passionate traveler of the real and the unreal, the world and the virtual universes, always in search of enriching discoveries and varied cultures. A developer by trade, he took up his modest pen several years ago to study the characteristics and richness of the marvelously creative world of video games. He writes for a French video game site called Chroniques-Ludiques, particularly on the topic of RPGs, his preferred genre.
