

Which Way Western Man

Walter Schubart

Which Way Western Man? William Gayley Simpson, 2003 A derivation of the philosophical basis for white racial nationalism, from the author's experience with religion, feminism, capitalism, the writings of Frederick Nietzsche, racial strife, and world organized Jewry.

Jewish Space Lasers Mike Rothschild, 2023-09-19 With the current rise of antisemitism, this important book looks at how one Jewish family —the Rothschilds—became a lightning rod for the conspiracy theories of the last two centuries, and how those theories are still very much alive today. In 2018 Congresswoman Marjorie Taylor Greene took to social media to share her suspicions that the California wildfires were started by ‘space solar generators’ which were funded by powerful, mysterious backers. Instantly, thousands of people rallied around her, blaming the fires on “Jewish space lasers” and, ultimately, the Rothschild family. For more than 200 years, the name Rothschild has been synonymous with two things: great wealth, and conspiracy theories about what they're really doing with it. Almost from the moment Mayer Amschel Rothschild and his sons emerged from the Jewish ghetto of Frankfurt to revolutionize the banking world, the Rothschild family has been the target of myths, hoaxes, bizarre accusations, and constant, virulent antisemitism. Over the years, they have been blamed for everything from the sinking of the Titanic, to causing the Great Depression, and even creating the COVID-19 pandemic. *Jewish Space Lasers: The Rothschilds and 200 Years of Conspiracy Theories* is a deeply researched dive into the history of the conspiracy industry around the Rothschild family - from the pamphlet wars of Paris in the 1840s to the dankest pits of the internet today. Journalist and conspiracy theory expert Mike Rothschild, who isn't related to the family, sorts out myth from reality to find the truth about these conspiracy theories and their spreaders. Who were the Rothschilds? Who are they today? Do they really own \$500 trillion and every central bank, in addition to “controlling the British money supply?” Is any of this actually true? And why, even as their wealth and influence have waned, do they continue to drive conspiracies and hoaxes?

The Order Kevin Flynn, Gary Gerhardt, 2024-12-03 Originally published as *The Silent Brotherhood*, uncover the chilling depths of America's racist underground with this investigative true crime masterpiece exposing the inner workings of white supremacist militias and domestic terror groups.

God, Guns, and Sedition Bruce Hoffman, Jacob Ware, 2024-01-02 Winner, 2025 Airey Neave Memorial Book Prize, Airey Neave Trust Shocking acts of terrorism have erupted from violent American far-right extremists in recent years, including

the 2015 mass murder at a historic Black church in Charleston and the January 6, 2021, attack on the U.S. Capitol. These incidents, however, are neither novel nor unprecedented. They are the latest flashpoints in a process that has been unfolding for decades, in which vast conspiracy theories and radical ideologies such as white supremacy, racism, antisemitism, xenophobia, and hostility to government converge into a deadly threat to democracy. *God, Guns, and Sedition* offers the definitive account of the rise of far-right terrorism in the United States—and how to counter it. Leading experts Bruce Hoffman and Jacob Ware trace the historical trajectory and assess the present-day dangers of this violent extremist movement, along with the harm it poses to U.S. national security. They combine authoritative, nuanced analysis with gripping storytelling and portraits of the leaders behind this violence and their followers. Hoffman and Ware highlight key terrorist tactics, such as the use of cutting-edge communications technology; the embrace of leaderless resistance or lone-wolf strategies; infiltration and recruitment in the military and law enforcement; and the movement's intricate relationship with mainstream politics. An unparalleled examination of one of today's great perils, *God, Guns, and Sedition* ends with an array of essential practical recommendations to halt the growth of violent far-right extremism and address this global terrorist threat.
