

A Prayer For My Daughter By Yeats

Robert Bly,James Hillman,Michael Meade

The Individual and Society ,2005-09

Yeats's Political Identities Jonathan Allison,1996 Collects some of the most trenchant essays of the last three decades on Yeats's politics

Building W. B. Yeats's Later Poetry Tomoko Iwatsubo,2024-09-09 This book explores Yeats's later poetry through the metaphor of the poetic tower, where different kinds of 'building' – architectural, textual, political and symbolic – were closely interrelated. It chronologically examines Yeats's tower poems, composed during a period of dramatic personal and national transformation, from 1915 to 1932. Within a year after the Easter Rising in Dublin, Yeats acquired a half-ruined Norman tower in County Galway, Ireland, which had enthralled him for the past two decades, and textually and architecturally constructed it into a focus of his life and work. Interweaving the account of the renovation of the actual building and the textual construction in the socio-historical contexts, the book reveals the evolution of Yeats's multiplex tower as an organizing principle of his later poetry. Using the archive of correspondence and manuscript materials of relevant poems, including those which have thus far escaped close attention, the book offers close textual-genetic analyses and a diachronic view of Yeats's tower poetry, which, with its foundations laid decades earlier, he built in the collections from *The Wild Swans at Coole* (1919) to *The Winding Stair and Other Poems* (1933). Highlighting the delicate exchange between poetry and biography as well as between the textual architecture and the actual one, identifying a turning point in the making of each tower-oriented poem and proposing some draft-dating revisions, this first book-length systematic study on the process of Yeats's creation of the tower casts an unfamiliar light on a familiar yet underexplored landmark in modern poetry and makes his step-by-step construction work come alive.

English Language Study Material & Solved Papers YCT Expert Team , 2023-24 BSST English Language Study Material & Solved Papers

Yeats's Poetry in the Making Wayne K. Chapman,2010-07-16 This book traces the creative process in Yeats's writing, in his making and remaking of verse, and in the development of a whole body of work during the last forty years of his life. Lyrical and philosophical poetry, verse-drama, the shifting contexts of personal and political events – including controversy, world and civil war, and a large dose of artistic experimentation – are all dealt with here. The book is illustrated and loaded

with unpublished material, including the extant remains of Yeats's ambitious but unfinished "fifth play for dancers", based on the local legends of Ballylee that Yeats made his own. The book addresses overlooked or inadequately presented findings in Yeats studies and brings to light much wholly new matter, including a comprehensive 'Chronology' of the composition of poems, the first since Ellmann's *The Identity of Yeats*. The book welcomes newcomers interested in detailed narratives about poetry "well-made" and life well-lived.

Joyce and Feminism Bonnie Kime Scott, 1984 Scott asserts that a new feminist consciousness will facilitate fresh discoveries in Joyce. Shifting from contexts, to individuals, to texts, she provides the reader with a re-vision of women and Joyce. She develops a feminist framework for approaching Joyce, which allows for the mutual communication of conventional and feminist critics. In *Joyce and Feminism*, Scott demonstrates Joyce's need for and use of women in the creation and publication of his work. She evaluates his sensitivity to the problems of real women in life and fiction and discusses the evolution of his work from early, realistic depictions to late recreations of the goddess--Jacket.

The New Cambridge Bibliography of English Literature: Volume 3, 1800-1900 George Watson, 1969 More than fifty specialists have contributed to this new edition of volume 3 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

Literature and Ourselves Gloria Mason Henderson, William Day, Sandra Stevenson Waller, 2000 Emphasizing writing as a means to examining, evaluating, sharing, and refining ideas, *A Short Guide to Writing about Chemistry* will help chemists develop the language skills the field demands. This book covers the kinds of readings and writing that chemists are called on to do—from introductory to more advanced work—in academic and industrial settings, and in public life. With comprehensive

coverage on topics including graphing programs, ACS formats, Science Citation Index, Merck Index, and writing abstracts, this book is a must-have for any aspiring chemist. This edition also provides updated coverage on the Internet, working with computers, and electronic sources. For anyone interested in a practical and rewarding guide to communicating successfully about chemistry.

Atlantis ,2006

The Rag and Bone Shop of the Heart Robert Bly,James Hillman,Michael Meade,1992 Presents poems by a variety of poets, drawn from around the world and throughout the ages, selected especially for their appeal to men.
