Summary of H. G. Bissinger's Friday Night Lights Everest Media, 2022-07-16T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 On August 1, the first day of practice for the 1988 season, Coach Gary Gaines delivered his team a new rallying cry: Coin to State in eighty-eight. His words could have come from any high school coach renewing the ritual of sport. #2 Odessa, Texas, was founded in the 1880s by a group of men from Zanesville, Ohio. They saw a great opportunity to make money if they could get people to travel to Odessa. They promoted it as a utopian health spa with a \$12,000 college and a public library. #3 The town of Odessa, Texas, was founded in 1886 by a syndicate of investors who wanted to create a utopian community. However, it was not a good match for the Methodists who arrived to try and fit in with the ranchers and cowboys who were already there. #4 Odessa was a boom town in Texas, and it was enmeshed in the cycles of the boom-and-bust oil town. It became a transient town, a place to come to and make money when the boom was on, and then get as far away from it as possible with the inevitable bust.

Sport im Film Robert Gugutzer, Barbara Englert, 2014-10-01 Lange Zeit von den Sozial- und Kulturwissenschaften ignoriert und als bloße Mainstream-Unterhaltung stigmatisiert, erlangt der Sportfilm zunehmend wissenschaftliche Aufmerksamkeit. Der interdisziplinär angelegte Band verdeutlicht das vielfältige und vielschichtige, gleichwohl noch nicht annähernd ausgeschöpfte wissenschaftliche Analyse- und Reflexionspotenzial des Sportfilms. Die Beiträge der national und international renommierten Autorinnen und Autoren fokussieren im Besonderen den Sportspielfilm mit seinen zahlreichen Subgenres wie Football-, Basketball-, Box-, Olympia- und Kampfsportfilm. Das steigende Interesse am Sportfilm resultiert aus der wachsenden Einsicht, dass es sich hierbei um ein Genre handelt, das pointiert gesellschaftliche Zustände, kulturelle Ideologien sowie politisch-ökonomische Strukturen reflektiert und kritisiert. Der Sportfilm thematisiert historische Ereignisse, gesellschaftliche Entwicklungen wie auch individuelle und kollektive (Anti-)Helden. Er gibt Aufschluss über kulturspezifische Besonderheiten des Sports und dessen Verflechtung mit anderen gesellschaftlichen Handlungsfeldern. Darüber hinaus inszeniert er zeitgeisttypische und zugleich allgemeingültige (Körper-)Ideale, Werte, Konflikt- und Handlungsmuster. Der Sportfilm reproduziert damit nicht nur gesellschaftliche und sportliche Wirklichkeit, sondern konstruiert sie im Medium einer emotional wirkmächtigen Bildsprache gleichermaßen mit.

The SAGE Encyclopedia of Communication Research Methods Mike Allen, 2017-04-11 Communication research is evolving and changing in a world of online journals, open-access, and new ways of obtaining data and conducting experiments via the Internet. Although there are generic encyclopedias describing basic social science research methodologies in general, until now there has been no comprehensive A-to-Z reference work exploring methods specific to communication and media studies. Our entries, authored by key figures in the field, focus on special considerations when applied specifically to communication research, accompanied by engaging examples from the literature of communication, journalism, and media studies. Entries cover every step of the research process, from the creative development of research topics and questions to literature reviews, selection of best methods (whether quantitative, qualitative, or mixed) for analyzing research results and publishing research findings, whether in traditional media or via new media outlets. In addition to expected entries covering the basics of theories and methods traditionally used in communication research, other entries discuss important trends influencing the future of that research, including contemporary practical issues students will face in communication professions, the influences of globalization on research, use of new recording technologies in fieldwork, and the challenges and opportunities related to studying online multi-media environments. Email, texting, cellphone video, and blogging are shown not only as topics of research but also as means of collecting and analyzing data.

Still other entries delve into considerations of accountability, copyright, confidentiality, data ownership and security, privacy, and other aspects of conducting an ethical research program. Features: 652 signed entries are contained in an authoritative work spanning four volumes available in choice of electronic or print formats. Although organized A-to-Z, front matter includes a Reader's Guide grouping entries thematically to help students interested in a specific aspect of communication research to more easily locate directly related entries. Back matter includes a Chronology of the development of the field of communication research; a Resource Guide to classic books, journals, and associations; a Glossary introducing the terminology of the field; and a detailed Index. Entries conclude with References/Further Readings and Cross-References to related entries to guide students further in their research journeys. The Index, Reader's Guide themes, and Cross-References combine to provide robust search-and-browse in the e-version.

Play by Play Verne Lundquist,2024-01-17 The SEC. The Masters. The Olympics. March Madness. The Dallas Cowboys. Yes sir, Uncle Verne has seen it all. Over the last fifty years, few voices have epitomized the sound of sports television quite like that of Verne Lundquist's. A fixture on air since the 1960s—first broadcasting University of Texas baseball and Dallas Cowboys football games on radio before eventually joining the legendary CBS Sports team—Verne has covered just about every sport there is, and in the process he's made some of the most enduring calls in the history of golf, football, figure

skating—and everything in between. In *Play by Play*, Verne goes inside those calls and his remarkable career, telling the behind-the-scenes story of how he ended up with the best seats in the house, giving voice to history time and time again. From Christian Laettner's buzzer-beater in the 1992 NCAA tournament, to the saga of Nancy Kerrigan and Tonya Harding at the 1994 Olympics, to the shocking finish of the Iron Bowl in 2013, to Jack Nicklaus's and Tiger Woods's unforgettable victories at the Masters, Verne's five decades as a sportscaster routinely put him in the midst of greatness. With his trademark humility and his goal to make the athlete the legend, instead of the call itself, Verne details his view of the plays that have captured our collective imagination for two generations, featuring an incredible cast of characters that includes names like Terry Bradshaw, Pat Summerall, John Madden, Scott Hamilton, and Tom Landry. What emerges is an invigorating portrait of the games that matter most, in life and on the field. A moving recollection of the moments that make sports worth watching, *Play by Play* reminds us all that sports are about more than games played—they're about the history that we share together and the voices that we remember long after the final whistle has blown.
