Lawrence J. Shifreen

Henry Miller and How He Got That Way Katy Masuga, 2011-02-23 Identifying six significant writers--Whitman, Dostoevsky, Rimbaud, Lewis Carroll, Proust and D. H. Lawrence--Katy Masuga examines their influence on Miller's work as well as Miller's retroactive impact on their writing. She explores four forms of intertextuality in relation to each 'ancestral' author: direct allusions, unconscious style, reverse influence and participation of the ancestral author as part of the story within the text. The study is informed by the theories of polyvocality from Bakhtin, Barthes and Kristeva and of language games and the indefatigability of writing in the work of Blanchot, Wittgenstein and Deleuze. By presenting Miller in intertextual context, he emerges as a noteworthy modernist writer whose contributions to literature include the struggle to find a distinctive voice alongside a distinguished lineage of literary figures.

Censorship and the Limits of the Literary Nicole Moore, 2015-08-27 Though literature and censorship have been conceived as long-time adversaries, this collection seeks to understand the degree to which they have been dialectical terms, each producing the other, coeval and mutually constitutive. On the one hand, literary censorship has been posited as not only inescapable but definitive, even foundational to speech itself. On the other, especially after the opening of the USSR's *spekstrahn*, those enormous collections of literature forbidden under the Soviets, the push to redefine censorship expansively has encountered cogent criticism. Scholars describing the centralised control of East German print publication, for example, have wanted to insist on the difference of pre-publication state censorship from more mundane forms of speech regulation in democracies. Work on South African apartheid censorship and book banning in colonial countries also demonstrates censorship's formative role in the institutional structures of literature beyond the metropole. *Censorship and the Limits of the Literary* examines these and other developments across twelve countries, from the Enlightenment to the present day, offering case studies from the French revolution to Internet China. Is literature ever without censorship? Does censorship need the literary? In a globalizing era for culture, does censorship represent the final, failed version of national control?

Theory and Structure in Addiction and Cure Adi Ann Berkovic, Shlomo Giora Shoham, Efrat Vignansky-Addad, 2019-01-03 This book will be of value to everyone interested in the prevention of addiction and the detection, treatment and rehabilitation of drug addicts. It interprets and applies research findings about the causation and cure of drug addiction using the author's personality theory which is extensively compared with that of other personologists. The book

includes the qualitative analysis of 12 addict case studies. It is especially timely in view of the need for effective legislation, judicial procedures, and treatment programs to deal with the opioid crisis in the United States and Canada.

The Macmillan Dictionary of Contemporary Quotations Jonathon Green,1996

An Existentialist Theory of the Human Spirit (Volume 1) Shlomo Giora Shoham,2020-07-22 This first volume examines how sexual mores and behavior, religious dogma and practice, and artistic creativity and authenticity have influenced, and been influenced by, the existentialist thought of Kierkegaard, Heidegger, Sartre, Nietzsche, Husserl and Buber, and the writings of Camus, Dostoevsky, Beckett, Kafka and Shestov. It compares the author's personality theory with those of Freud, Jung, Fairbairn, Karl Abraham and Melanie Klein, and Buddhist, Gnostic, Christian and Muslim mysticism with Jewish Kabbalah. It explains society's harsh treatment of Carlo Gesualdo, Vincent van Gogh and Antonin Artaud, and analyzes the existentialist approach to existence, absurdity, human dialogue, and suicide. It will appeal to students and professionals in fields as diverse as philosophy, psychology, sociology, anthropology, religion, law, music, art, drama, literature and biology.

Anti-Oedipus Gilles Deleuze,Felix Guattari,2009-05-26 An introduction to the nonfascist life (Michel Foucault, from the Preface) When it first appeared in France, Anti-Oedipus was hailed as a masterpiece by some and a work of heretical madness by others. In it, Gilles Deleuze and Félix Guattari set forth the following theory: Western society's innate herd instinct has allowed the government, the media, and even the principles of economics to take advantage of each person's unwillingness to be cut off from the group. What's more, those who suffer from mental disorders may not be insane, but could be individuals in the purest sense, because they are by nature isolated from society. More than twenty-five years after its original publication, Anti-Oedipus still stands as a controversial contribution to a much-needed dialogue on the nature of free thinking.

Auto Roto Font Frances Stark,Mark Hosking,2003 Collected Writing: 1993-2003 brings together many of Frances Stark's texts for the first time, including essays on artists and artist's [sic] text pieces. Stark's writing is not specifically sited in visual art, but is rooted in the condition of contemporary life encountering along the way the literary tradition, music and philosophy. These provide the backbone to much of her thinking, as do the problems faced by being both an artist and writer today. These themes are presented through a pseudo-autobiographical style which frequently presents itself as poetic musings, that create meandering, off-centred texts that are often humorous and at the same time highly readable. This book also includes facsimiles of &'The Unspeakable Compromise of the Portable Work of Art' as well as specially designed pages by Stark, making this anthology a fascinating insight into the artist's practice. The book includes a forward [sic] by Matthew Higgs.

Hours in the Dark T. G. Vaidyanathan,1996 This book collects nearly three decades of film criticism by one of India's most noted critics. It includes discussion of individual films, both Indian and Western, a special section on Satyajit Ray, general pieces on the concerns of modern Indian cinema, and accounts of the author's encounters with acclaimed directors.

Exiled in Language Walter Tonetto,2001 Exile is ubiquitous in 20th century literature whether temporary expatriation or permanent flight. This quartet of self-exiled German - Australian poets/writers provides an unusual exile of second remove and an extraordinary study in language praxis. These gifted poets and critics fled to Australia because exile meant life and Nazi Europe meant death. They remained despite the lazy suspicion of many native Australians that these scholars were worse than the pommies (a terrible thing to be called in Oz) and were prancing poufter poetasters. One of the exiles returned the compliment by calling Australia hell...with bad white wine. Professor Tonetto describes the individual achievement of each writer and the contribution they made to the world class and confident Australian literature of today. Their brilliant gifts in two languages and their influence on contemporary Australian and German/Austrian writing is also analyzed

Gore Vidal Steven Abbott,2009 This bibliography documents all phases of Vidal's ongoing remarkable work. It focuses on Gore Vidal as a writer from 1940 through June, 2009. In two volumes (second on CD), this is the definitive, comprehensive, and descriptive bibliography of his work and is a valuable reference book for libraries, collectors, scholars, booksellers, and Vidalophiles. The book is organized in user-friendly sections, of which the A (Books and Pamphlets), B (Contributions to Books and Pamphlets), and D (Foreign Language Translations of Books) Sections identify, with detailed descriptions, Vidal's books, significant textual variations within a title by comparing different editions of a book, books and pamphlets with contributions by him and foreign translations in more than 30 languages, with full bibliographic citations of the books in French, Italian, and Spanish. More than 400 of his contributions to periodicals are listed and cross-referenced to their reappearances in books, collections, and anthologies. Also included are selected interviews with Vidal. His screenplays for film and television, both original writings and adaptations, are included, as are web postings and podcasts of essays, comments, excerpts, and reviews. The Appendices include a chronology of Vidal's life, a table of essay titles (including title changes), a table of Vidal's small press appearances, a selection of critical works about him and his oeuvre, and a listing of Vidal's work as an actor. More than 650 images of the covers and title pages of a wide selection of Vidal's books are included in grayscale in Volume I, and more than 1400 in color on the accompanying CD-ROM. Through this bibliography, scholars and readers interested in literature, social commentary, sexuality, media, religion, history, politics, and public life have a valuable tool for research on
