## Leonard William King

A History of Babylon, 2200 BC - AD 75 Paul-Alain Beaulieu, 2018-02-05 Provides a new narrative history of the ancient world, from the beginnings of civilization in the ancient Near East and Egypt to the fall of Constantinople Written by an expert in the field, this book presents a narrative history of Babylon from the time of its First Dynasty (1880-1595) until the last centuries of the city's existence during the Hellenistic and Parthian periods (ca. 331-75 AD). Unlike other texts on Ancient Near Eastern and Mesopotamian history, it offers a unique focus on Babylon and Babylonia, while still providing readers with an awareness of the interaction with other states and peoples. Organized chronologically, it places the various socio-economic and cultural developments and institutions in their historical context. The book also gives religious and intellectual developments more respectable coverage than books that have come before it. A History of Babylon, 2200 BC - AD 75 teaches readers about the most important phase in the development of Mesopotamian culture. The book offers in-depth chapter coverage on the Sumero-Addadian Background, the rise of Babylon, the decline of the first dynasty, Kassite ascendancy, the second dynasty of Isin, Arameans and Chaldeans, the Assyrian century, the imperial heyday, and Babylon under foreign rule. Focuses on Babylon and Babylonia Written by a highly regarded Assyriologist Part of the very successful Histories of the Ancient World series An excellent resource for students, instructors, and scholars A History of Babylon, 2200 BC - AD 75 is a profound text that will be ideal for upper-level undergraduate and graduate courses on Ancient Near Eastern and Mesopotamian history and scholars of the subject.

Study on the Synchronistic King List from Ashur Fei Chen, 2020-05-18 In Study on the Synchronistic King List from

Ashur, CHEN Fei conducts a full investigation into that king list, which records all the kings of Assyria and Babylonia in contemporary pairs from the 18th to the 7th century BC. The texts of all the exemplars of the Synchronistic King List are reconstructed anew by the existing studies and the author's personal collations on their sources, and part of the text of the main exemplar is thus revised. The author also looks into the format of the Synchronistic King List and draws the conclusion that the Synchronistic King List was composed by Ashurbanipal, king of Assyria, to support his Babylonian policy.
