

Nature Of A State

D Siedentop

An Examination of the Nature of the State Westel Woodbury Willoughby, 1911

Nature's State Susan Kollin, 2018-06-15 An engaging blend of environmental theory and literary studies, *Nature's State* looks behind the myth of Alaska as America's "last frontier," a pristine and wild place on the fringes of our geographical imagination. Susan Kollin traces how this seemingly marginal space in American culture has in fact functioned to alleviate larger social anxieties about nature, ethnicity, and national identity. Kollin pays special attention to the ways in which concerns for the environment not only shaped understandings of Alaska, but also aided U.S. nation-building projects in the Far North from the late nineteenth century to the present era. Beginning in 1867, the year the United States purchased Alaska, a variety of literary and cultural texts helped position the region as a crucial staging ground for territorial struggles between native peoples, Russians, Canadians, and Americans. In showing how Alaska has functioned as a contested geography in the nation's spatial imagination, Kollin addresses writings by a wide range of figures, including early naturalists John Muir and Robert Marshall, contemporary nature writers Margaret Murie, John McPhee, and Barry Lopez, adventure writers Jack London and Jon Krakauer, and native authors Nora Dauenhauer, Robert Davis, and Mary TallMountain.

An Examination of the Nature of the State. A Study in Political Philosophy Westel Woodbury Willoughby, 2025-05-22 *An Examination of the Nature of the State* by Westel Woodbury Willoughby offers a detailed study in political philosophy. Originally published in 1896, this work delves into the fundamental principles and concepts surrounding the state, its nature, and its role in society. Willoughby provides a comprehensive analysis, exploring various theories of sovereignty, government, and the relationship between the individual and the state. This book remains a valuable resource for students and scholars of political science, philosophy, and history, providing insights into the historical development of political thought and the enduring questions surrounding the nature of political authority. Willoughby's meticulous examination makes this a classic text for understanding the foundations of modern political theory. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United

States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
