52 Quotes to live by Zett Why, 2012 *52 Quotes to Live By* is a Self Help category book written by Zett Why. It's a spiritual and philosophical book that discusses what really makes us happy. Due to many objective and subjective reasons, we are often forced to go in directions which wouldn't be our choice under other conditions. We usually follow the goals imposed by society, friends, or just egoism created by ourselves. The more intellectual we become, the less often we feel satisfaction in our consciousness. We postpone moments of happiness to particular points in time, and believe that we will be happy when we achieve them. But right after having achieved them, we set new goals, and go on to the next goal. This race has no end... Oriental wisdom says - if you don't let the bee go out of the hive, she will not be able to bring back nectar. Letting go of your knowledge is an art and the high road to wisdom. Wisdom accommodates opposites. The intellect is not capable of this. You have to let go of Rightness, too. Then you won't be hurt by knowing. Only this will help you become reborn, and only this will let you find joy in simple things. Only this way leads to happiness... Pleasure in consciousness is all that we need. It's a guiding star, showing us whether we are on the right Way, or not. Alienation from pleasure is called Suffering. Pleasure seeking (desire) is called Hope. The appearance of a pleasurable moment - Happiness. Permanence in being in a condition of

pleasure is called Love. A condition of pleasure which involves all your entity is called Nirvana. People who are able to stay in a condition of overpowering pleasure in consciousness all the time, call it the Supreme Truth. Here is all that is Human... In his book, Zett Why encourages learning to differentiate real joy from egoism. He also offers 52 Ways about how to achieve a feeling of satisfaction in consciousness. In describing the ways, Zett analyzes aspects of daily life and introduces practical recommendations about how to find our real I, and joy in our daily life.

Believe in Yourself Quotes Michelle Winfrey, 2020-02-13 Believe in yourself, take on your challenges, dig deep within yourself to conquer fears. Never let anyone bring you down. You got to keep going. Don't let fear or insecurity stop you from trying new things. Below you will find our collection of inspirational, wise, and humorous old believing in yourself quotes, believing in yourself sayings, and believing in yourself proverbs, collected over the years from a variety of sources. Let these Inspirational quotes remind you that you have a lot to offer! Believe that you were created for a purpose. Believe in your abilities. Quotes You've got to keep control of your time, and you can't unless you say no. You can't let people set your agenda in life. Warren Buffett You, being yourself, unknowingly inspire others to be themselves. Mooji You were born God's original. Try not to become someone's copy. Marian Wright Edelman You want to be uncommon amongst uncommon people. Period. David Goggins You should never sacrifice what you could be for what you are. Jordan Peterson You perform best when you don't think about it, i.e. when you are not self-conscious. This is also called being yourself. You can be yourself only when there is no inner conflict or self-division. This usually happens when you are not self-conscious - when you let yourself go. You must always be prepared to place a bet on yourself, on your future, by heading in a direction that others seem to fear. Robert Greene You have your way. I have my way. As for the right way, the correct way, and the only way, it does not exist. Friedrich Nietzsche You enter the forest at the darkest point, where there is no path. Where there is a way or path, it is someone else's

path. You are not on your own path. If you follow someone else's way, you are not going to realize your potential. Joseph Campbell (The Hero's Journey) You create yourself moment to moment. You are not born as a fixed entity, but only as a infinite potentiality. Osho You change the world by being yourself. Yoko Ono You can escape competition through authenticity, when you realize that no one can compete with you on being you. Naval Ravikant You can be happy with who you are and still want to be better. You can love your body and still want to improve it. You can appreciate your financial state and still want to improve it. Progress doesn't require self-loathing. You can feel successful along the way. James Clear You are who you are when nobody's watching. Stephen Fry You are what existence wants you to be. Just relax. Osho You are being taught everything, but you are not being taught to be yourself. This is the ugliest form of society possible, because it makes everybody miserable. Osho (Joy: The Happiness That Comes from Within) Yes, Mother. I can see you are flawed. You have not hidden it. That is your greatest gift to me. Alice Walker Worse than fear of failure is fear of criticism. People are gonna talk sh*t no matter what you do. You do nothing and you're a loser. You do something and you care too much. Just do what you want and enjoy life. Ed Latimore Within you, there is a stillness and a sanctuary to which you can retreat at anytime and be yourself. Hermann Hesse (Siddhartha) Who you are is defined by the values you are willing to struggle for. Mark Manson Whenever you find yourself on the side of the majority, it is time to reform (or pause and reflect). Mark Twain When you walk the walk, whether successful or not, you feel more indifferent and robust to people's opinion, freer, more real. Nassim Nicholas Taleb When you show yourself to the world and display your talents, you naturally stir all kinds of resentment, envy, and other manifestations of insecurity... you cannot spend your life worrying about the petty feelings of others. Robert Greene When you see a mob doing something, it should make you less likely to do it yourself, not more likely. Paul Graham

Filled with examples and easy-to-use highlighted tips, the book also includes handy time schedules that show when to begin various tasks and how much time to spend on each. Convenient checklists remind students which steps need special attention, and a detailed appendix, filled with examples, shows how to use the three main citation systems in the humanities and social sciences: MLA, APA, and Chicago. *How to Write a BA Thesis* will help students work more comfortably and effectively on their own and with their advisers.
