

Ryanair Bordkarte Als Pdf

Sascha Mayer

Zwischen Departure und Arrival Kerstin Schaefer, 2017 Willkommen in der 'Airworld'! Einer Welt mit eigener Architektur, eigener Sprache und eigenen Gesetzen. Inzwischen fliegen scheinbar alle - vom Kleinkind bis zum Terroristen, privat, beruflich, freiwillig oder zwangsweise. Doch inwiefern ist das aeromobile Unterwegssein Teil unseres Alltags geworden und was für Praktiken, Handlungen, Strategien und Vorstellungen haben die Reisenden entwickelt, während sie im Flugzeug unterwegs sind? Etwas mehr als zwanzig Jahre nach dem legendären 'Orte und Nicht-Orte' von Marc Augé, der den fiktiven Passagier Pierre Dupont auf eine Flugreise schickte, untersucht diese Studie die Mikrokosmen zwischen Departure und Arrival und hinterfragt, was auf einer Flugreise eigentlich vor sich geht. Aufgrund der hohen Dichte der Ereignisse funktioniert die Flugzeugkabine wie ein Brennglas für verschiedenste Prozesse. Deshalb liegen Antworten auf Fragen zu Arbeit, Familie, Liebe, Alter, Urbanität, Globalisierung, Weggehen oder Ankommen nicht nur am Boden, sie verbergen sich auch über den Wolken. Zu dieser Dissertation über das Fliegen wird ein Dokumentarfilm produziert. Kerstin Schaefer (Dr. phil.) ist Kulturanthropologin und Filmemacherin. Sie hat Volkskunde / Kulturanthropologie studiert und an der Universität Zürich promoviert. Ihre Magisterarbeit über den Linienbus 'Die Wilde 13 - Durch Raum und Zeit in Hamburg-Wilhelmsburg' erschien als Buch, wurde verfilmt (Filmfest Hamburg / NDR) und für das Thalia Theater Hamburg adaptiert.

Ryanair and its low cost flights in Europe Sascha Mayer, 2008-06-19 Seminar paper from the year 2007 in the subject Business economics - Offline Marketing and Online Marketing, grade: 1,0, University of the Sunshine Coast Queensland (Business Faculty), course: Marketing Management, language: English, abstract: The purpose of this report is to provide a Marketing Plan for Ryanair, which is developed to strengthen the company's position in the market. It is precisely tailored to the company's actual organizational situation and its market environment. The report deals with analyses of Ryanair Holdings plc and its core business - low cost flights - with regards to get a status of its performance and the actual market situation in order to develop a suitable and successful marketing strategy. Ryanair offers low cost passenger flights within Europe. The airline serves short haul, point-to-point routes between Ireland, the UK and Continental Europe. Our idea is it to keep the product as simple as possible. Passengers travel ticketless without any frills in one class without any seat - it is simple air transportation from A to B. The external environment in Europe favors Ryanair and the entire low-cost airline market with an air traffic growth of up to 20%. Regarding the competitive environment Ryanair - with a clear strategy and

structure - gains in importance and already became the market leader in the intra-European low-cost airline market – closed-packed with Easyjet and followed by Air Berlin. With its 35 Mio passengers in 2006 and an excellent profitability on a high level of 20% is growing healthy and shows strong financial reserves of more than €2 billion. Our customer is anyone within Europe in the age between 15 and 64, who wants to save money and still be able to travel by air to attractive destinations. This awareness of different passenger types requires marketing campaigns that cover all categories of potential customers. With this in mind we developed a Marketing Plan with specific tactical marketing activities. We have ambitious goals and objectives for further growth and market penetration in Europe within a time frame of 6 years till 2012. On the one hand we plan to raise the market share within the low cost sector up to 40%. With our growing fleet of 200 airplanes in 2012, we want to double our annual passenger transportation to 80 million by then. On the other side we plan to eliminate the rest of our costly call centers and base the distribution only on online booking. These concrete plans base on a realistic financial plan. The included best and worst case scenarios illustrate clearly that with implementing and executing all activities properly, the airline can quadruple its annual profit up to €1,230 billion in 2012.
