

Sri Lanka Traditional Clothing

Sebastian Brünink

Encyclopedia of Asian American Folklore and Folklife Jonathan H. X. Lee, Kathleen Nadeau, 2010-12-21 This comprehensive compilation of entries documents the origins, transmissions, and transformations of Asian American folklore and folklife. Equally instructive and intriguing, the Encyclopedia of Asian American Folklore and Folklife provides an illuminating overview of Asian American folklore as a way of life. Surveying the histories, peoples, and cultures of numerous Asian American ethnic and cultural groups, the work covers everything from ancient Asian folklore, folktales, and folk practices that have been transmitted and transformed in America to new expressions of Asian American folklore and folktales unique to the Asian American historical and contemporary experiences. The encyclopedia's three comprehensive volumes cover an extraordinarily wide range of Asian American cultural and ethnic groups, as well as mixed-race and mixed-heritage Asian Americans. Each group section is introduced by a historical overview essay followed by short entries on topics such as ghosts and spirits, clothes and jewelry, arts and crafts, home decorations, family and community, religious practices, rituals, holidays, music, foodways, literature, traditional healing and medicine, and much, much more. Topics and theories are examined from crosscultural and interdisciplinary perspectives to add to the value of the work.

World Textiles-1 Mr. Rohit Manglik, 2024-05-24 In this book, we will study about textile traditions across the world, focusing on fabrics, techniques, and cultural significance.

Fashioning the Self: Identity and Style in British Culture Emily Priscott, 2023-06-06 'Fashioning the Self: Identity and Style in British Culture' offers an eclectic approach to contemporary fashion studies. Taking a broad definition of British culture, this collection of essays explores the significance of style to issues such as colonialism, race, gender and class, embracing topics as diverse as eighteenth-century portraiture, literary dress culture and Edwardian working-class glamour. Examining the emblematic power of garments themselves and the context in which they are styled, this work interrogates the ways that personal style can itself decontextualize garments to radically reframe their meanings. Using an intentionally eclectic range of subjects from an interdisciplinary perspective, this collection builds on the work of theorists such as Aileen Ribeiro, Vika Martina Plock, Cheryl Buckley and Hilary Fawcett, to examine the social significance of personal style, while also highlighting the diversity of British culture itself.

Traditional Textiles of the Indian Subcontinent Akhtarul Islam Amjad, Britta Kalkreuter, Samrat

Mukhopadhyay,2025-07-09 This book explores the cultural history of traditional textiles and their contemporary relevance in sustainable practices. It focuses on manufacturing processes, technological integration, and design fundamentals of traditional textiles. The book also highlights the fusion of traditional textiles with contemporary fashion trends and the efforts made by designers to preserve and promote heritage textiles. It also provides information on manufacturing, designing, and sustainable engineering in traditional textiles, offering practical guidance and case studies for a comprehensive understanding. This book serves as a valuable reference to a wide range of individuals who have an interest in traditional textiles, including scholars, students, engineers, and manufacturers in the fields of textile engineering, fashion design, cultural studies, and sustainable studies. For scholars, educators, students, and researchers, it provides a comprehensive understanding of the relationship between traditional textiles, sustainability, and engineering, serving as a foundation for further academic exploration. Artisans and craftsmen can gain insights into sustainable practices and innovative design approaches, empowering them to adapt their craft to contemporary demands while preserving cultural heritage. Policymakers and NGOs can use the book to inform policy decisions and interventions related to cultural preservation, sustainable development, and the protection of traditional craftsmanship. Textile industry professionals can acquire knowledge of sustainable engineering and design principles, enabling them to integrate eco-friendly practices into textile manufacturing and design processes. Designers and fashion professionals can be inspired to incorporate traditional textile elements into contemporary fashion, promoting cultural diversity and sustainability in the global fashion industry.

Costumes of Sri Lanka K. D. G. Wimalaratne,Dian Gomes,2001 The scope of this book is the evolution of Sri Lankan costumes spanning from around 6th century B.C. with the first available records of the island's dress form, to the post-independence era. This broad time span begins with hints of a pre-Vijayan culture of costumes and textiles and ends in the post independence politics and its relationship to dress both in prescription and practice. Sculptures, graffiti, paintings, literature and photographs in the book provide an engrossing glimpse of the traditions of clothing in this multi-cultural island.

The Encyclopedia of the Sri Lankan Diaspora Peter Reeves,2013 Well over a million people of Sri Lankan origin live outside South Asia. The Encyclopedia of the Sri Lanka Diaspora is the first comprehensive study of the lives, culture, beliefs and attitudes of immigrants and refugees from this island. The volume is a joint publication between the Institute of South Asian Studies, NUS, and Editions Didier Millet. It focuses on the relationship between culture and economy in the Sri Lanka diaspora in the context of globalisation, increased transnational culture flows and new communication technologies. In addition to the geographic mapping of the Sri Lanka diaspora in the various continents, thematic chapters include topics on “long distance nationalism”, citizenship, Sinhala, Tamil and Burgher diaspora identities, religion and the spread of Buddhism, as well as the Sri Lankan cultural impact on other nations.

Sri Lanka Krishnan Guruswamy, 2002 Examines the history, geography, people, government, economy, art, and recreation of Sri Lanka.

NorthStar Helen Sophia Solórzano, Jennifer Schmidt, 1998 Basic Level NorthStar is an innovative five-level, integrated-skills series for learners of English as a Second Language or English as a Foreign Language. The series is divided into two strands: listening/speaking and reading/writing. There are four books in each strand, taking students from Basic to Advanced. The two books at each level explore different aspects of the same contemporary themes such as the effect of food on mood, experimental punishments for juvenile offenders, the role of cars in modern life, privacy in the workplace, and alternative medicine. The parallel books in each strand are linked by grammar and vocabulary as well, providing the opportunity to recycle and reinforce the language while the content remains fresh and exciting.

Journal of the Royal Asiatic Society of Sri Lanka, 2004

Nepal Tourism eBook GURMEET SINGH DANG,

Sri Lanka Today, 1977

Encyclopedia of Clothing and Fashion Valerie Steele, 2005 Contains approximately two hundred alphabetized, cross-referenced entries on clothing and fashion, covering such disciplines as fashion design, anthropology, sociology, business, history, and art history. This volume covers O-Z.

City Identity William Solesbury, 2021-10-15 Cities commonly have well-known identities—New York as ‘The Big Apple’, Hong Kong as ‘The Pearl of the Orient’, and Beirut as ‘The Paris of the East’ are such examples. This book explores the nature of city identities, their composite characteristics, and how they have been shaped. It argues that they certainly draw on the influence of a city’s present day circumstances: the goods and services it provides, how it is governed, its culture, its look and feel, and the customs of its people. However, an identity may also be shaped by a city’s past, and its economic, social and physical inheritance, which is especially true where cities have historically been involved in colonialism. Indeed, in a globalised world, no city anywhere is immune to the import of practices from cities elsewhere, conveyed by commercial and political power, but also by fashion.

Links Between Sri Lanka and Australia W. S. Weerasooria, 1988

Culturgrams, 1992

Dressing the Colonised Body Nira Wickramasinghe, 2003 This Book Explores Popular, Political And Symbolic Meanings Assigned To Dress In A Variety Of Colonial Contexts In Sri Lanka; Thus It Focuses On The Politics Of Nationalism And Identity Under Late Colonialism. Proceeding From The Understanding That Self-Representation Is At Its Peak At The Moment Of Political Independence, The Author Examines The Lineages That Exist Between That Moment In Sri Lanka And The Colonial Past, As Also The Meaning Of The Commemorations That Took Place On Independence Day.

The New Yorker Harold Wallace Ross, Katharine Sergeant Angell White, 1982-10

Traditional Festivals Christian Roy, 2005 This illustrated reference work covers a wide range of festivals that have sacred origins and are or have been part of a folk tradition, a world religion, or a major civilization. *Traditional Festivals: A Multicultural Encyclopedia* travels around the world and across the centuries to uncover an often unexpected richness of meaning in some of the major sacred festivals of the world's religions, the hallowed calendars of ancient civilizations, and the seasonal celebrations of tribal cultures. From Akitu to Yom Kippur, its 150+ entries look at the content and context of these festivals from a number of perspectives (including those relating to theology, anthropology, folklore, and social theory), tracing their historical development and variations across cultures. Readers will get a vivid sense of what each festival means to the people celebrating it; how each captures its culture's beliefs, hopes and fears, founding myths, and redemptive visions; and how each expresses the universal need of humans to connect their lives to a timeless spiritual dimension.
