The Big Sourcebook of Free and Low-Cost Library Programming Ellyssa Kroski, 2024-03-11 There's no need to spend hours trying to come up with creative programming ideas—bestselling library activity guru Kroski has already done all the hard work for you! Largely drawn from contributions by library workers across the country, this e-book is a cornucopia of ready-to-go activities, easily accessible resources, and adaptable tools for inspiring countless fun and engaging programs at your library. Best of all, these exciting low cost/no-cost library programs can be implemented using only free resources. Offering a broad selection of ideas for adults, tweens, and younger children that can be tailored to a variety of contexts, inside this sourcebook you'll discover seniors and older adult programming resources on such topics as genealogy, financial literacy, lifelong learning, gardening, and health and wellness; career, ESL/literacy, and just for fun programs and book clubs perfect for adults; young adult programming resources such as the Book to Action toolkit, YALSA's Teen Programming Guidelines, literacy and educational resources, computers and coding activities, live action roleplaying games (LARPS), and many more; free resources to teach financial responsibility to toddlers, lesson plans from NASA, resources to host an Earth Day event incorporating a "free trees for kids" program, StoryWalks and more ideas for children; makerspace, STEM, and art programming resources; Pinterest boards, idea lists, writing prompts, coloring pages, free books, and passive programming downloadables and printables; information about more than two dozen grant opportunities for funding programs; and planning templates, marketing tips, assessment resources, and tools for brainstorming and productivity.

The Digital Reader Terence W. Cavanaugh, 2006 The rapidly increasing availability and low cost of e-book technology make it perfect for schools and educators looking to expand their resources for readers. This book introduces the unique features that have established e-books as a powerful, effective learning tool for all grade levels and for special needs students. It includes descriptions and illustrations of the most popular e-book platforms and programs, as well as dozens of practical ideas for using e-books for reading instruction, personal productivity, and curricular enrichment. Brimming with interactive lesson ideas, teaching tips, and online resources, this book is a must-have for teachers in all content areas and library media specialists. Descriptions of the most popular and affordable e-book devices, software, and content for educators Guidelines for accessing the free digital library resources available on the Web and for creating your own e-books using basic software tools Strategies for using the annotation, reference, and hypertext capabilities of electronic text to promote active

reading.

The Hobbit J.R.R. Tolkien, 2012-11-08 This beautiful gift edition of *The Hobbit*, J.R.R. Tolkien's classic prelude to his Lord of the Rings trilogy, features cover art, illustrations, and watercolor paintings by the artist Alan Lee. Bilbo Baggins is a hobbit who enjoys a comfortable, unambitious life, rarely traveling any farther than his pantry or cellar. But his contentment is disturbed when the wizard Gandalf and a company of dwarves arrive on his doorstep one day to whisk him away on an adventure. They have launched a plot to raid the treasure hoard guarded by Smaug the Magnificent, a large and very dangerous dragon. Bilbo reluctantly joins their quest, unaware that on his journey to the Lonely Mountain he will encounter both a magic ring and a frightening creature known as Gollum. Written for J.R.R. Tolkien's own children, *The Hobbit* has sold many millions of copies worldwide and established itself as a modern classic.

Barbarian Crowns: Volume II Rogue Planet Press, 2016-02 Sword-wielding barbarians wander the opulent Southlands, battling warriors and wizards in decadent cities of wealth, intrigue and sorcery; cruel warlords, sinister magicians, beautiful princesses, thieves, rogues and pirates are brought into stark relief by a lush, vivid backdrop of jungles and mountains, oceans and deserts tainted with cosmic evil from the outer darkness... For a second time we invite you to a purple and golden and crimson universe where anything can happen—except the tedious. - Gavin Chappell

Crash Course in Children's Services Penny Peck, 2014-09-26 Useful for newcomers to the children's library staff as well as longtime children's librarians, the second edition of this popular handbook provides easy-to-follow instructions to make innovations in children's library materials work for you. Addressing everything from the basics of reference to the complex and highly specialized duties of program development, this handbook is perfect for both librarians and support staff who are assigned to the children's department of a library. This second addition of *Crash Course in Children's Services* covers many of the new issues facing children's library staff, including eBooks, using apps in programming, other online reading options, book trailers, nonfiction and the Common Core curriculum. It also describes expanded programming options such as makerspaces, gaming, dog reading programs, and play at storytime. Ideal for new children's librarians as well as experienced library staff who have not worked with children recently and long-time children's librarians looking to add new skills to their tool kits, the book familiarizes readers with all the new developments of the past few years, from online reading options to the wealth of new programming aimed at youth. You'll learn about subjects such as pop-up and passive programming, offering online homework help, and outreach and services to special needs children, and then quickly implement new practices into use at your library.

Translation and Technology Chiew Kin Quah, 2006-04-12 Chiew Kin Quah draws on years of academic and professional experience to provide an account of translation technology, its applications and capabilities. Major developments from North America, Europe and Asia are described, including developments in uses and users of the technology.

Collaborating to Support All Learners in English, Social Studies, and Humanities Faye Brownlie, Leyton

Schnellert, 2009-10-23 How can we help students develop the thinking skills they need to be successful learners? How does this relate to deep learning of important concepts? How can we engage and support diverse learners in inclusive classrooms where they develop understanding and thinking skills? In this book, Faye and Leyton explore these questions and offer classroom examples to help busy teachers develop communities where all students learn. This book is written by two experienced educators who offer a welcoming and “can do” approach to the big ideas in education today. In this book, you will find: insightful ways to teach diverse learners, e.g., literature and information circles, open-ended strategies, cooperative learning, inquiry curriculum design frameworks, e.g., universal design for learning (UDL) and backward design assessment for, of, and as learning lessons to help students develop deep learning and thinking skills in English, Social Studies, and Humanities excellent examples of theory and practice made accessible real school examples of collaboration — teachers working together to create better learning opportunities for their students

Journal of Youth Services in Libraries, 2001

Turning the Page Angus Phillips, 2014-02-05 This is an exciting period for the book, a time of innovation, experimentation, and change. It is also a time of considerable fear within the book industry as it adjusts to changes in how books are created and consumed. The movement to digital has been taking place for some time, but with consumer books experiencing the transition, the effects of digitization can be clearly seen to everybody. In *Turning the Page* Angus Phillips analyses the fundamental drivers of the book publishing industry - authorship, readership, and copyright - and examines the effects of digital and other developments on the book itself. Drawing on theory and research across a range of subjects, from business and sociology to neuroscience and psychology, and from interviews with industry professionals, Phillips investigates how the fundamentals of the book industry are changing in a world of ebooks, self-publishing, and emerging business models. Useful comparisons are also made with other media industries which have undergone rapid change, such as music and newspapers. This book is an ideal companion for anyone wishing to understand the transition of the book, writing and publishing in recent years and will be particularly relevant to students studying publishing, media and communications.

The Road Goes Ever On and On Jeb Smith, 2023-04-12 Engrossing...Tolkien's principles--patriotism, Medievalism, localism, Catholicism--are certainly out of fashion today. And yet they're the foundation for all his books, which have sold hundreds of millions of copies. Mr. Smith does a wonderful job of explaining why modern readers are so enthralled by Tolkien's reactionary vision. Whether you're a casual Lord of the Rings fan or a serious Tolkien scholar, every page of Mr. Smith's book will delight and fascinate. And if anyone ever tells you that fairy-tales are only for children, hand him this book. Tolkien ought to be regarded as one of the great social critics of our time, as Mr. Smith so masterfully demonstrates. - Michael Warren Davis is an editor for Sophia Institute Press and the author of *The Reactionary Mind: Why Conservative Isn't*

Enough. You can find him on his blog, The Common Man. As the popularity of Tolkien's work continues to endure, the importance of Jeb Smith's work continues to grow. This is because of a prolonged siege against Tolkien's work: the attempt to dislodge it from its Christian and Biblical foundations. Jeb Smith's insights are immensely helpful to this and future generations of Tolkien admirers. Scott L. Smith, author of *Lord of the Rings and the Eucharist* J.R.R. Tolkien's Middle-earth has captured the imaginations of millions of readers around the world for generations. He is considered the father of modern fantasy, but few understand how Tolkien's worldview impacted his mythology. *The Road Goes Ever On and On* is the first book of its kind to place Tolkien within his proper context, giving the reader a deeper understanding of Tolkien and Middle-earth. Smith takes us on a quest through a wide range of Tolkien's writings to unlock Tolkien's perspective--a perspective that, like the elves who have sailed into the West leaving Middle-earth, has faded away from our world. You will gain an in-depth knowledge of Tolkien's views on politics, environmentalism, religion, and much more. From the Valar to Hobbits, the free peoples closely follow Tolkien's sentiments. In contrast, forces under the Shadow represent what Tolkien believed was immoral. Covering a wide range of topics, *The Road Goes Ever On and On* is filled with breathtaking illustrations bringing Middle-earth to life like never before, making this the 'one book to rule them all.'

Words Are My Matter Ursula K. Le Guin, 2019-10-22 A collection of essays on life and literature, from one of the most iconic authors and astute critics in contemporary letters. *Words Are My Matter* is essential reading: a collection of talks, essays, and criticism by Ursula K. Le Guin, a literary legend and unparalleled voice of our social conscience. Here she investigates the depth and breadth of contemporary fiction—and, through the lens of literature, gives us a way of exploring the world around us. In “Freedom,” Le Guin notes: “Hard times are coming, when we’ll be wanting the voices of writers who can see alternatives to how we live now ... to other ways of being, and even imagine real grounds for hope. We’ll need writers who can remember freedom—poets, visionaries—realists of a larger reality.” Le Guin was one of those authors and in *Words Are My Matter* she gives us just that: a vision of a better reality, fueled by the power and might and hope of language and literature.

Books and Periodicals Online ,2000

Reading The Lord of the Rings Robert Eaglestone, 2006 An up-to-date and comprehensive analysis of both the book and film trilogies.

The Hobbit Illustrated by the Author J. R. R. Tolkien, 2023-09-19 For the first time ever, a special enhanced edition of the enchanting prelude to *The Lord of the Rings*, illustrated throughout with over 50 sketches, drawings, paintings and maps by J.R.R. Tolkien himself. Bilbo Baggins is a hobbit who enjoys a comfortable, unambitious life, rarely travelling further than the pantry of his hobbit-hole in Bag End. But his contentment is disturbed when the wizard, Gandalf, and a company of thirteen dwarves arrive on his doorstep one day to whisk him away on an unexpected journey ‘there and back again.’ They have a plot

to raid the treasure hoard of Smaug the Magnificent, a large and very dangerous dragon . . . Written for J.R.R. Tolkien's own children, *The Hobbit* was published on 21 September 1937. With a beautiful cover design, a handful of black & white drawings and two maps by the author himself, the book became an instant success and was reprinted shortly afterwards with five color plates. Tolkien's own selection of finished paintings and drawings have become inseparable from his text, adorning editions of *The Hobbit* for more than 85 years. But the published art has afforded only a glimpse of Tolkien's creative process, and many additional sketches, colored drawings and maps – although exhibited and published elsewhere – have never appeared within the pages of *The Hobbit*. In this unique enhanced edition of Tolkien's enchanting classic tale, the full panoply of his art is reproduced for the first time, presenting more than 50 illustrations to accompany Bilbo Baggins on his adventure 'there and back again.'

From Hobbits to Hollywood Ernest Mathijs, Murray Pomerance, 2006 Peter Jackson's film version of *The Lord of the Rings* (2001-2003) is the grandest achievement of 21st century cinema so far. But it is also linked to topical and social concerns including war, terrorism, and cultural imperialism. Its style, symbols, narrative, and structure seem always already linked to politics, cultural definition, problems of cinematic style, and the elemental mythologies that most profoundly capture our imaginations. *From Hobbits to Hollywood: Essays on Peter Jackson's Lord of the Rings* treats Jackson's trilogy as having two conditions of existence: an aesthetic and a political. Like other cultural artefacts, it leads a double life as objet d'art and public statement about the world, so that nothing in it is ever just cinematically beautiful or tasteful, and nothing is ever just a message or an opinion. Written by leading scholars in the study of cinema and culture *From Hobbits to Hollywood* gives Jackson's trilogy the fullest scholarly interrogation to date. Ranging from interpretations of *The Lord of the Rings'* ideological and philosophical implications, through discussions of its changing fandoms and its incorporation into the Hollywood industry of stars, technology, genre, and merchandising, to considerations of CGI effects, acting, architecture and style, the essays contained here open a new vista of criticism and light, for ardent fans of J.R.R. Tolkien, followers of Jackson, and all those who yearn for a deeper appreciation of cinema and its relation to culture.

The Wisdom of Harry Potter Edmund M. Kern, 2003 Edmund M. Kern argues that the attraction of these stories to children comes not only from the fantastical elements embedded in the plots, but also from their underlying moral messages. Children genuinely desire to follow Harry, as he confronts a host of challenges in an uncertain world, because of his desire to do the right thing. Harry's coherent yet flexible approach to dealing with evil reflects an updated form of Stoicism, says Kern. --from publisher description.
