Love in the Time of Ethnography Lucinda Carspecken, 2017-11-15 *Love in the Time of Ethnography* explores love – variously defined – as an important facet of human life and a worthy focus of study. The authors look at love in association with an Alevi and Sunni couple in Turkey, organizers of Mexican American and immigrant youth movements, Christian missionaries in China, an elderly man with dementia, two women “coming home” to queer identity, a White researcher working with Black women in the US, the common ground between Dogen’s Zen teachings and Habermas’s critical theory, an Albanian Sufi community in Michigan and interactions between humans and the natural world. It also includes theoretical writing on the place of love in social analysis, whether this involves relationships between researchers and participants or the nature of human connection itself. The authors argue that social research is an affective process as well as a cognitive one, and that fellow feeling is an essential component of making sense of the world. Along with more traditional scholarly forms, the contributors to this book use auto-ethnography, life stories, archival research and poetry, noting that style itself conveys information and emotion. Writing is always to some extent partisan. While anthropologists and other social researchers have explored this idea over the last few decades, they have more often explored it with an eye to critique than to the ideals underlying that critique. This is a collection of essays about what ethnographers are aiming for as well as the problems they address, and the authors discuss ethical principles like *agape*, *hizmet* and *cariño* as rationales for ethnography and rationales for social change.

Limping Into Destiny Pheonicia Williamson, 2024-01-11 There was a time when I would say, “I was just born to suffer.” Then I met Christ and He taught me I suffered because I was born to help people find freedom through their trials and pain. Life is indeed a journey, and there have been times when I was able to run fast, other times I walked, and in some cases, I have even limped but in every case, I have always pushed forward. Through my story, you are going to find strength, encouragement, inspiration, and motivation to move forward in your life. *Limping into Destiny* explores the author’s journey through suffering, and what she learned about herself when faced with heartbreak and disappointment. The story of Pheonicia is both grounding and inspiring—it reminds the reader that the love of God is eternal and His mercy towards us is never ending.

How to Turn Your Desires and Ideals Into Reality Brown Landone, Sumner M. Davenport, 2008 Brown Landone was

one of the first teachers of the scientific understanding of accomplishments. For his first 13 years he lived the usual routine of an invalid. Then his life was changed dramatically. Although virtually helpless by many medical accounts, he was able to carry a heavy metal chest down five flights of stairs when left alone and a home fire erupted. Afterwards, young Landone knew his subconscious mind had somehow made it happen. He reasoned that if he could do that sub-consciously, he certainly could do it consciously. Sumner M. Davenport's deepest passion is seeing people live the life of their dreams while assisting others to do the same. She challenged Landone's original teachings by offering them to several people to test in their life situations. She has included detailed testimonials from selected testers in this new edition, including: My Best Sale Ever; My Ideal Home, I Wasn't Worthy to Have My Desires, Finally Getting My Ideal Body and more ...

If You Gave God a Gift... Rosanne Pallini-Verlezza,2012-11 Is there a life richer than the one you're living? If You Gave God a Gift, you'd experience a more balanced life. By striving to not just take but also give, you'd be pleasing your Creator and bringing out the best in yourself. This anthology/memoir boasts over 370 words of wisdom and complementing photography from Rosanne's travels. The insights come from a rich spectrum of writers, figures (traditional and contemporary), and spiritual references. For years, Rosanne transcribed uplifting thoughts into her journals and desired to share what she'd collected. The title came to her in a dream, and the format evolved, taking on a spiritual direction of its own. The collection is organized by gifts, for not only the Higher Power but for all of humanity. It provides a framework to assist in living a well-intentioned life. Rosanne's wholehearted reflections of her faith journey jump-start each section. In a world spinning out of control, let this be your guide for calibrating your internal moral compass. Through easy reading in tandem with thought-provoking images, you can finally slow down and achieve equilibrium.

The Rainbow Portal of Beliefs Søren Krause,2022-12-16 Dear Reader, how do you feel about your life? Is it fulfilling and meaningful? Or do you feel that something is missing? During my life journey, I realised that each of us has a mission or a call, which we often tend to be more or less conscious about. And when we succeed in finding it, we become highly motivated to realise it as it provides us with our deepest longings. The call goes far beyond what you can experience through your normal senses and beyond what natural science can explain. Essential human topics like faith, hope and love belong to different concepts, which cannot be proved but only experienced. Furthermore, you will discover that if you identify your call and live it out accordingly, you will experience the most fulfilling and meaningful life. Even better, you become the best version of yourself. As a bonus, you will have an apparent reference whenever you need to make choices that have a far-reaching impact on your life. This book provides you with different perspectives and tools that can encourage you to become the driver in your life. As an aspiration, we follow the complete lifecycle of a person named Senius, who realised during his journey of why be satisfied with less, and learn about all his considerations to find and realise his call. The symbols below illustrate Senius' call. May you find inspiration to develop your potential for an enriching life that will make you shine like a

lighthouse and as an exemplary citizen of the global community. With these wishes, I send you my regards in the name of love and wisdom, Søren Krause.

Interiors Katarzyna Nowak, Sonia Front, 2010-06-09 The essays gathered in the present collection provide textual explorations of the theoretical borderland between interiors and exteriors, undertaken from a variety of perspectives and representing varying approaches and understandings of these terms. In the realm of theory, the distinction between what we choose to include and what we exclude remains a political choice, often fraught with dilemmas that cannot be resolved. How to discern between interiors and exteriors? Where do we draw dividing lines? Do we want to draw them anymore? Or, alternately, can we afford not to divide and discern between the inside and outside, between here and there, between “us” and “them”? If the binary divisions, so much discredited, no longer hold, if we must include multiplicity and plurality of readings, is any distinction between these dimensions possible? Essays collected in the present volume attempt to present a wide plethora of answers to these questions.

Your Turn Julie Lythcott-Haims, 2021-04-06 New York Times bestselling author Julie Lythcott-Haims is back with a groundbreakingly frank guide to being a grown-up What does it mean to be an adult? In the twentieth century, psychologists came up with five markers of adulthood: finish your education, get a job, leave home, marry, and have children. Since then, every generation has been held to those same markers. Yet so much has changed about the world and living in it since that sequence was formulated. All of those markers are choices, and they’re all valid, but any one person’s choices along those lines do not make them more or less an adult. A former Stanford dean of freshmen and undergraduate advising and author of the perennial bestseller *How to Raise an Adult* and of the lauded memoir *Real American*, Julie Lythcott-Haims has encountered hundreds of twentysomethings (and thirtysomethings, too), who, faced with those markers, feel they’re just playing the part of “adult,” while struggling with anxiety, stress, and general unease. In *Your Turn*, Julie offers compassion, personal experience, and practical strategies for living a more authentic adulthood, as well as inspiration through interviews with dozens of voices from the rich diversity of the human population who have successfully launched their adult lives. Being an adult, it turns out, is not about any particular checklist; it is, instead, a process, one you can get progressively better at over time—becoming more comfortable with uncertainty and gaining the knowhow to keep going. Once you begin to practice it, being an adult becomes the most complicated yet also the most abundantly rewarding and natural thing. And Julie Lythcott-Haims is here to help readers take their turn.
