Encyclopedia of Contemporary Writers and Their Works Geoff Hamilton, Brian Jones, 2010 Provides a comprehensive overview of the best writers and works of the current English-speaking literary world.

Darwin's Bastards Zsuzsi Gartner, 2010-05-01 These 23 stories take us on a twisted fun ride into some future times and parallel universes where characters as diverse as a one-legged International Actuarial Forensics specialist, a pharmaceutical guinea pig, and a far-sighted fetus engage in their own games of the survival of the fittest. From a new short story by William Gibson in which a teen disassociated from his body haunts his neighborhood through the decades, to Douglas Coupland's balls-out satire of a slightly futuristic Survivor, to Sheila Heti's meditative romp about beleaguered physicists and Oracle of Delphi-like Blackberrys, Darwin's Bastards is a fast-moving, thought-provoking reading extravaganza.

Daily Life in Wartime Japan, 1940-1945 Samuel Hideo Yamashita, 2017-02-19 The population of wartime Japan (1940-1945) has remained a largely faceless enemy to most Americans thanks to the distortions of US wartime propaganda, popular culture, and news reports. At a time when this country's wartime experiences are slowly and belatedly coming into focus, this remarkable book by Samuel Yamashita offers an intimate picture of what life was like for ordinary Japanese during the war. Drawing upon diaries and letters written by servicemen, kamikaze pilots, evacuated children, and teenagers and adults mobilized for war work in the big cities, provincial towns, and rural communities, Yamashita lets us hear for the first time the rich mix of voices speaking in every register during the course of the war. Here is the housewife struggling to feed her family while supporting the war effort; the eager conscript from snow country enduring the harshest, most abusive training imaginable in order to learn how to fly; the Tokyo teenagers made to work in wartime factories; the children taken from cities to live in the countryside away from their families and with little food and no privacy; the Kyushu farmers pressured to grow ever more rice and wheat with fewer hands and less fertilizer; and the Kyoto octogenarian driven to thoughts of suicide by his inability to contribute to the war. How these ordinary Japanese coped with wartime hardships and dangers, and how their views changed over time as disillusionment, impatience, and sometimes despair set in, is the story that Yamashita's book brings to the American reader. A history of life during war, Daily Life in Wartime Japan, 1940-1945 is

also a glimpse of a now-vanished world.

Field of Stones Lee Swenson,1993 Author's poetry, combined with family photographs and author's notes in reproduced manuscript.

Lost in West Texas Jim Wayne Corder,1988 I want to hear about such folks as my father and how he knows how to make cement, not by recipe, but by something in his bones. I want to hear how my grandfather learned to plow a straight furrow and why even older men always called him Mister. I want to know all of the reasons why, those years ago, my mother cried when the tomatoes in her garden twisted and died.

Journey of the Heart Linda Nepveu,2005 In July 2004, the author volunteered to work at a summer camp for Romanian orphans. These children epitomized the word SURVIVOR. They were loving, energetic, and full of life despite the trauma of their existence. I found them needy, emotionally draining, and champions at overcoming their sorrow and loss. Etched in my heart are the stories of their lives. Journey of the Heart recounts the author's experience and the deeply moving stories of these children. All proceeds from this book will be donated to Children on the Edge.

Keeping Women and Children Last Ruth Sidel,1996 Ruth Sidel revisits the condition of America's poor women, with particular focus on the federal government's attempts to dismantle the welfare system. She shows how America, in its search for a post-Cold War enemy, has turned inward to target single mothers on welfare and how politicians have scapegoated and stigmatized female-headed families both as a method of social control and to divert attention from the several problems that Americans face. Most important, she reveals the real victims of poverty - the millions of children who suffer from societal neglect, inferior education, inadequate health care, hunger, and homelessness. Citing statistics that are both terrifying and disturbing, Sidel delivers a chilling indictment of the current trends and political maneuvering that threaten to keep America's poor women and children last.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
