**When Breath Becomes Air** Paul Kalanithi, 2016-01-12 #1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST

• This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question, What makes a life worth living? “Unmissable . . . Finishing this book and then forgetting about it is simply not an option.”—Janet Maslin, The New York Times ONE OF THE BEST BOOKS OF THE YEAR: The New York Times Book Review, People, NPR, The Washington Post, Slate, Harper’s Bazaar, Time Out New York,

Publishers Weekly, BookPage At the age of thirty-six, on the verge of completing a decade's worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath Becomes Air* chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When *Breath Becomes Air* is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both. Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir

**Relovutionary** Jonathon William King, 2020-09-18 "RELOVUTIONARY' clearly demonstrates that Jonny King has something of value to say to the church in these days. I commend his book to you." —Jeff Crosby, Publisher, InterVarsity Press/USA PHILOSOPHY FOR TRUE HUMAN FLOURISHING Each person without exception is desperate for flourishing. Every individual hungers and aches to live an expression of the good life. This compulsion inside is as automatic as it is intuitive. This general human longing reflects a common drive for meaning, and not just for the Christian. Still, most intimately know they can't entirely do life their way. Whilst the majority readily confess, they haven't the sufficient means, or even the necessary power. After all, look at what happens when a global pandemic shuts down life?! The fact we rarely arrive at contented satisfaction becomes life's own rolling stone. Do you have a present vision? Are you confident of the process? What about any worthwhile or ultimate goal? This living challenge becomes even more practically specific for the Christian. What if someone asked you for the content of a faithful and fruitful life for Christ? What would you say? Now factor in these challenging and confronting cultural times. How would you reply? After all, you sincerely love Jesus, and passionately want to live for Him, which means you're entirely motivated to offer something not only realistic, but true. But can you? The good news is that in your hands contain the opening lines, where RELOVUTIONARY intends to be your own personal guide. Volume One introduces this idea, setting the coordinates for the reader's unfolding navigation. The context is huge, only increasing any anticipation on this series' comprehensive value. This *Is Your Life* has been genuinely engineered for any

curious reader wanting an answer to the absurdity of existence, and for every genuine follower of Jesus Christ, determined to live a life worthy of His calling. There is no greater promise or purpose than living for Jesus-no matter age, stage, time, or place-which means there should be no further reading delay. WELCOME TO THE LIFE: RELOVUXIONARY

Finding Meaning and Beauty in an Idiotic World Wei-Ching Chang, 2019-04-25 What are the most important things in life, and how can we live more ethical, fulfilling lives? In our modern world, it is not always easy to answer these questions; human needs and ethics have been obscured by the destructive demands of capitalism, colonialism, discrimination, militarism, and other sociopolitical forces. In *Finding Meaning & Beauty in an Idiotic World*, Wei-Ching Chang offers us a roadmap to thinking through these complex issues, distilling the meaning of life into a series of universal values pertaining to truth, goodness, and beauty. No social mechanism will be left uncovered, as Chang draws upon both Eastern and Western philosophies and the fields of literature, film, political science, and women's studies to examine each one. The themes that emerge include reason over faith and intuition, the importance of freedom and equality in democracy, how to diminish the calamities of war and violence, and ultimately, how to act cooperatively with one another in the cultivating of worldwide ethics. The result is a thought-provoking tour de force that teaches us, through the power of logic, how we can better appreciate our own lives and act more generously to nurture the lives of others on both personal and global scales.

All the Ghosts in the Machine Elaine Kasket, 2019-04-25 'As charming and touching as it is astute and insightful' Adam Alter, New York Times bestselling author of *Irresistible* and *Drunk Tank Pink* 'This a very useful book, even perhaps for people who have never been near a computer in their lives' Jake Kerridge, Sunday Telegraph Seen any ghosts on your smartphone lately? As we're compelled to capture, store and share more and more of our personal information, there's something we often forget. All that data doesn't just disappear when our physical bodies shuffle off this mortal coil. If the concept of remaining socially active after you're no longer breathing sounds crazy, you might want to get used to the idea. Digital afterlives are a natural consequence of the information age, a reality that barely anyone has prepared for - and that 'anyone' probably includes you. In *All the Ghosts in the Machine*, psychologist Elaine Kasket sounds a clarion call to everyone who's never thought about death in the digital age. And why is now such a critical moment to take our heads out of the sand? Weaving together personal, moving true stories and scientific research, *All the Ghosts in the Machine* takes you on a fascinating tour through the valley of the shadow of digital death. **You Got In! Now What?** James T Hamilton, 2025-03-04 For high school graduates and anyone heading off to college, this book is packed with 100 lessons to help shape your college experience and prepare for what comes afterward. It makes the perfect gift for the new college student. Once you've been admitted to college, the next step is to develop a strategy of how to find your best life there. But for decades, Professor James T. Hamilton has seen students struggle with their college journey. Some avoid challenging experiences, follow a path of familiar expectations, and rely on shortcuts. Others aim for perfection, ignore their friends and health, labor over what subjects to study, and neglect spending time outside the classroom. The pressure to make college valuable and interesting can feel overwhelming. If only students could learn how others have navigated these challenges. You could ask alums to look back on friendships and college-to-career paths and provide advice. Now, you don't have to wish because *You Got In! Now What?* tackles the burning questions you have. Hamilton designs lessons to help you find purpose, manage time, maintain friendships and family relationships, stay

physically and mentally healthy, and choose classes, majors, and careers. Each lesson is accompanied by an essay based on research and reflections from students, alums, and professors to provide observations for how you can embrace the best that college has to offer. With these insights, you'll explore new ideas, meet people, have adventures, and most importantly, beyond just earning a degree, get an education.

*When Breath Becomes Air (Indonesian Edition)* Paul Kalanithi, 2016-10-06 Pada usia ketiga puluh enam, Paul Kalanithi merasa suratan nasibnya berjalan dengan begitu sempurna. Paul hampir saja menyelesaikan masa pelatihan luar biasa panjangnya sebagai ahli bedah saraf selama sepuluh tahun. Beberapa rumah sakit dan universitas ternama telah menawari posisi penting yang diimpikannya selama ini. Penghargaan nasional pun telah diraihinya. Dan kini, Paul hendak kembali menata ikatan pernikahannya yang merenggang, memenuhi peran sebagai sosok suami yang ia janjikan. Akan tetapi, secara tiba-tiba, kanker mencengkeram paru-parunya, melumpuhkan organ-organ penting dalam tubuhnya. Seluruh masa depan yang direncanakan Paul seketika menguap. Pada satu hari ia adalah seorang dokter yang menangani orang-orang yang sekarat, tetapi pada hari berikutnya, ia adalah pasien yang mencoba bertahan hidup. Apa yang membuat hidup berharga dan bermakna, mengingat semua akan sirna pada akhirnya? Apa yang Anda lakukan saat masa depan tak lagi menuntun pada cita-cita yang diidamkan, melainkan pada masa kini yang tanpa akhir? Apa artinya memiliki anak, merawat kehidupan baru saat kehidupan lain meredup? *When Breath Becomes Air* akan membawa kita bergelut pada pertanyaan-pertanyaan penting tentang hidup dan seberapa layak kita diberi pilihan untuk menjalani kehidupan.
