Rethinking New Womanhood Nazia Hussein, 2018-04-09 Covering India, Bangladesh, Pakistan and Nepal, *Rethinking New Womanhood* effectively introduces a 'new' wave of gender research from South Asia that resonates with feminist debates around the world. The volume conceptualises 'new womanhood' as a complex, heterogeneous and intersectional identity. By deconstructing classification systems and highlighting women's everyday ongoing negotiations with boundaries of social categories, the book reconfigures the concept of 'new woman' as a symbolic identity denoting 'modern' femininity at the intersection of gender, class, culture, sexuality and religion in South Asia. The collection maps new sites and expressions on women and gender studies around nationhood, women's rights, transnational feminist solidarity, 'new girlhoods', aesthetic and sexualised labour, respectability and 'modernity', LGBT discourses, domestic violence and 'new' feminisms. The volume will be of interest to students and scholars across a range of disciplines including gender studies, sociology, education, media and cultural studies, literature, anthropology, history, development studies, postcolonial studies and South Asian studies.

Questioning Gender Robyn Ryle, 2023-06-28 *Questioning Gender: A Sociological Exploration* aims to spark productive conversations and questions about gender and serve as a resource for exploring answers to many of those questions. Rather than providing definitive answers, this book aims to challenge students' preconceptions about gender and demonstrate how gender as a system creates and reinforces inequality. Taking a global approach, author Robyn Ryle uses both historical and cross-cultural approaches to help students understand the socially constructed nature of gender. Through examining contemporary topics, including the #MeToo movement, sexual harassment in the workplace, and the gender wage gap, students will be prompted to think critically about past, present, and future gender-related issues. The Fifth Edition has been updated with expanded coverage of disability as it relates to gender, discussion of issues related to transgender and nonbinary people, and examination of the COVID-19 pandemic's gender-related effects, as well as updated data throughout.
