Noah Medlock

Black Sheep Rachel Harrison, 2023-09-19 A New York Times Best Horror Book of the Year A cynical twentysomething must confront her unconventional family's dark secrets in this fiery, irreverent horror novel from the author of *Such Sharp Teeth* and *Cackle*. Nobody has a "normal" family, but Vesper Wright's is truly...something else. Vesper left home at eighteen and never looked back—mostly because she was told that leaving the staunchly religious community she grew up in meant she couldn't return. But then an envelope arrives on her doorstep. Inside is an invitation to the wedding of Vesper's beloved cousin Rosie. It's to be hosted at the family farm. Have they made an exception to the rule? It wouldn't be the first time Vesper's been given special treatment. Is the invite a sweet gesture? An olive branch? A trap? Doesn't matter. Something inside her insists she go to the wedding. Even if it means returning to the toxic environment she escaped. Even if it means reuniting with her mother, Constance, a former horror film star and forever ice queen. When Vesper's homecoming exhumes a terrifying secret, she's forced to reckon with her family's beliefs and her own crisis of faith in this deliciously sinister novel that explores the way family ties can bind us as we struggle to find our place in the world.

Play Nice Rachel Harrison, 2025-09-09 AN INSTANT NEW YORK TIMES BESTSELLER • A woman must confront the demons of her past when she attempts to fix up her childhood home in this devilishly clever take on the haunted house novel from the author of *Black Sheep* and *So Thirsty*. Clio Louise Barnes leads a picture-perfect life as a stylist and influencer, but beneath the glossy veneer she harbors a not-so glamorous secret: she grew up in a haunted house. Well, not haunted. Possessed. After Clio's parents' messy divorce, her mother, Alex, moved Clio and her sisters into a house occupied by a demon. Or so Alex claimed. That's not what Clio's sisters remember or what the courts determined when they stripped her of custody after she went off the deep end. But Alex was insistent; she even wrote a book about her experience in the house. After Alex's sudden death, the supposedly possessed house passes to Clio and her sisters. Where her sisters see childhood trauma, Clio sees an opportunity for house flipping content. Only, as the home makeover process begins, Clio discovers there might be some truth to her mother's claims. As memories resurface and Clio finally reads her mother's book, a sinister presence in the house manifests, revealing ugly truths that threaten to shake Clio's beautiful life to its very foundation.

So Thirsty Rachel Harrison, 2024-09-10 A woman must learn to take life by the throat after a night out leads to irrevocable changes in this juicy, thrilling novel from the USA Today bestselling author of *Such Sharp Teeth* and *Black*

Sheep. Sloane Parker is dreading her birthday. She doesn't need a reminder she's getting older, or that she's feeling indifferent about her own life. Her husband surprises her with a birthday-weekend getaway—not with him, but with Sloane's longtime best friend, troublemaker extraordinaire Naomi. Sloane anticipates a weekend of wine tastings and cozy robes and strategic avoidance of issues she'd rather not confront, like her husband's repeated infidelity. But when they arrive at their rental cottage, it becomes clear Naomi has something else in mind. She wants Sloane to stop letting things happen to her, for Sloane to really live. So Naomi orchestrates a wild night out with a group of mysterious strangers, only for it to take a horrifying turn that changes Sloane's and Naomi's lives literally forever. The friends are forced to come to terms with some pretty eternal consequences in this bloody, seductive novel about how it's never too late to find satisfaction, even though it might taste different than expected.

A Botanical Daughter Noah Medlock, 2024-03-19 Mexican Gothic meets *The Lie Tree* by way of Oscar Wilde and Mary Shelley in this delightfully witty horror debut. A captivating tale of two Victorian gentlemen hiding their relationship away in a botanical garden who embark on a Frankenstein-style experiment with unexpected consequences. It is an unusual thing, to live in a botanical garden. But Simon and Gregor are an unusual pair of gentlemen. Hidden away in their glass sanctuary from the disapproving tattle of Victorian London, they are free to follow their own interests without interference. For Simon, this means long hours in the dark basement workshop, working his taxidermical art. Gregor's business is exotic plants – lucrative, but harmless enough. Until his latest acquisition, a strange fungus which shows signs of intellect beyond any plant he's seen, inspires him to attempt a masterwork: true intelligent life from plant matter. Driven by the glory he'll earn from the Royal Horticultural Society for such an achievement, Gregor ignores the flaws in his plan: that intelligence cannot be controlled; that plants cannot be reasoned with; and that the only way his plant-beast will flourish is if he uses a recently deceased corpse for the substrate. The experiment – or Chloe, as she is named – outstrips even Gregor's expectations, entangling their strange household. But as Gregor's experiment flourishes, he wilts under the cost of keeping it hidden from jealous eyes. The mycelium grows apace in this sultry greenhouse. But who is cultivating whom? Told with wit and warmth, this is an extraordinary tale of family, fungus and more than a dash of bloody revenge from an exciting new voice in queer horror.
