

Cartas Do Gervasio Ao Seu Umbigo

Pedro Sales Luís Rosário, Jose Carlos Núñez, Julio Antonio González Pienda

Cartas do Gervásio ao Seu Umbigo Pedro Rosário, Núñez. José C., Júlio González-Pienda, 2019-05-13 Aqui temos uma obra que deve ser recomendada a todos os leitores brasileiros que aspirem a serem bem-sucedidos na carreira acadêmica, em qualquer nível da escolaridade, particularmente no ensino superior

Comprometer-se com o estudar na universidade: cartas do Gervásio ao seu umbigo Pedro Sales Luís Rosário, Jose Carlos Núñez, Julio Antonio González Pienda, 2006 ÍNDICE Apresentação do projecto Agradecimentos Prefácio Introdução O Projecto Cartas do Gervásio ao Seu Umbigo Carta zero Se lerem as cartas com atenção, poderão entender os sinuosos contornos da minha experiência como caloiro na Universidade e testemunhar comigo o acontecido. Boa viagem Carta n.º 1 Aliás, o que é exactamente adaptar-se bem à Universidade? Carta n.º 2 Que objectivos tenho? O que é que verdadeiramente guia o meu agir, no meu estudo, na Universidade, nos meus hobbies, no meu desporto, nas relações com os outros, na minha preguiça? Carta n.º 3 Como posso tirar melhores apontamentos? Carta n.º 4 Sabes como vencer a procrastinação, Gervásio? Carta n.º 5 Porque é que esquecemos? Carta n.º 6 Quem governa a tua aprendizagem? Sabes como se distinguem os alunos que obtêm sucesso escolar? Carta n.º 7 Qual destas afirmações está certa? Carta n.º 8 Como se resolvem problemas? Carta n.º 9 Conto contigo para o resolver, posso? Carta n.º 10 Como é que consegues ter esta cadeira tão organizada? Preparar o exame com tanta intensidade? Carta n.º 11 (...) o estudo deve ser diferente em função do tipo de exames? Carta n.º 12 Afinal, o que é isso da ansiedade face aos testes? Carta n.º 13 Que tal vai o teu estudo, Gervásio? Implementar o Projecto Introdução Racional teórico Aprendizagem auto-regulada- uma abordagem processual Gramáticas da aprendizagem auto-regulada Estrutura e funcionamento dos processos auto-regulatórios- uma abordagem sociocognitiva Ensinar estratégias de aprendizagem Investigação sobre os processos de auto-regulação da aprendizagem Promover competências de auto-regulação da aprendizagem Estrutura do Projecto Proposta de actividades Palavras finais Glossário Referências -/ APRESENTAÇÃO DO PROJECTO Designação- Cartas do Gervásio ao Seu Umbigo Descrição- Este projecto está orientado para discutir com alunos do 1.º ano da Universidade questões sobre estratégias e processos de auto-regulação da aprendizagem, equipando-os para poderem enfrentar as suas tarefas de aprendizagem com maior qualidade e profundidade. A ferramenta Cartas do Gervásio ao Seu Umbigo corresponde a um conjunto de cartas de um aluno do 1.º ano, o Gervásio, dirigidas ao seu Umbigo. Nestes textos, o Gervásio discorre e reflecte sobre algumas das suas experiências na Universidade,

acentuando o papel das estratégias e dos processos de auto-regulação na sua aprendizagem. Objectivos- Este projecto visa- i. Ensinar os processos de auto-regulação da aprendizagem. É importante que os alunos conheçam os processos envolvidos na aprendizagem, memorização e resolução de problemas. Este conhecimento declarativo e procedimental sobre os processos envolvidos no aprender facilitará o conhecimento condicional sobre como e onde aplicar as estratégias de auto-regulação aprendidas. ii. Trabalhar com os alunos um repertório de estratégias de aprendizagem que os ajudem nas suas aprendizagens na Universidade e na vida. O desenho do projecto está orientado para que os alunos reflectam sobre a sua aprendizagem enquanto treinam a aplicação destas estratégias de aprendizagem à sua vida académica. População-alvo- Alunos do 1.º ano da Universidade, mas também outros alunos, psicólogos, professores e pais que queiram alargar os seus conhecimentos sobre as estratégias de auto-regulação da aprendizagem e as competências de estudo no contexto universitário. Racional desta ferramenta- A escolha do 1.º ano como alvo deste projecto de promoção de competências de estudo está ancorada na facilitação dos processos de adaptação à Universidade. Sob o guarda-chuva do modelo socio-cognitivo da auto-regulação da aprendizagem, este projecto visa equipar os alunos com um repertório de estratégias de aprendizagem que os auxilie a enfrentar as aprendizagens mais competentemente. Promover a autonomia e os processos de auto-regulação da aprendizagem é uma componente fundamental no processo de adaptação às exigências da Universidade e de formação ao longo da vida. Metodologia- Cada carta está organizada em torno de um conjunto de estratégias de auto-regulação da aprendizagem (e. g., eslecimento de objectivos; organização do tempo; tomada de apontamentos; lidar com a ansiedade face aos testes; estratégias de memorização da informação). O estilo narrativo confere a esta ferramenta um carácter dinâmico permitindo uma adaptação ecológica ao contexto específico de aprendizagem. Num estilo não prescritivo, humorístico e pouco ameaçador, os lei-tores-autores têm oportunidade de aprender um leque alargado de estratégias de aprendizagem e de reflectir sobre situações, ideias e reptos em contexto, através da voz de um aluno que vivenciou uma experiência par da deles. Esta proximidade experiencial facilita a discussão e a tomada de perspectiva dos alunos face aos conteúdos estratégicos apresentados no texto. O carácter plástico desta ferramenta permite que as cartas possam ser lidas como uma descrição romanceada da experiência de um aluno do 1.º ano e discutidas num ambiente familiar descomprometido; trabalhadas no contexto da clínica psicológica, desenvolvendo apenas os tópicos julgados necessários; ou ainda analisadas sob o formato de programa de promoção de competências de estudo com um grupo de alunos interessados. Formato- O projecto apresenta um formato de justaposição curricular, sem um número de sessões previstas, nem um tempo determinado para cada sessão tendo como referência o marco teórico subjacente ao projecto. As 13 cartas, ou apenas algumas destas, podem ser distribuídas pelo número de sessões que forem julgadas adequadas, exploradas por um psicólogo na consulta individual, por um professor na sala de aula ou por um educador na sala de estar. Conteúdo- O propósito final deste projecto é formar alunos auto-reguladores dos seus processos de aprendizagem que assumam o controlo da sua

aprendizagem. Neste sentido, no projecto são trabalhados quer o racional subjacente ao projecto, quer um repertório de estratégias de auto-regulação da aprendizagem disseminadas nas cartas. São igualmente proporcionadas oportunidades de praticar e aplicar essas estratégias a diferentes tarefas e contextos de aprendizagem, e de reflectir sobre o percurso pessoal de aprendizagem. Avaliação- A avaliação dos produtos desta intervenção de promoção de competências de auto-regulação da aprendizagem deve ser coerente com os objectivos, a população e o formato escolhidos. A equipa de investigação que desenhou a ferramenta Cartas do Gervásio ao Seu Umbigo construiu questionários e instrumentos de avaliação dos processos de auto-regulação e das abordagens dos alunos a aprendizagem na Universidade que podem ser solicitados ao coordenador do projecto através do endereço prosario@iep.uminho.pt, apenas para fins de investigação. -/- (...) Cartas do Gervásio ao seu Umbigo são o mote para uma intervenção intencional na promoção da auto-regulação da aprendizagem em estudantes do ensino superior. A sua oportunidade decorre das mudanças significativas que o processo de Bolonha pretende introduzir nas práticas tradicionais de ensino-aprendizagem nas nossas instituições académicas. Leandro S. Almeida, Departamento de Psicologia, Universidade do Minho (...) Como irão ser os próximos anos? Conseguirei chegar até ao fim?... Estas são algumas questões às quais o Gervásio, como tantos outros jovens que iniciam o seu percurso no ensino superior, gostaria de obter respostas válidas. Maria Paula Paixão, Departamento de Psicologia, Universidade de Coimbra (...) Como mãe de dois jovens universitários antevejo neste Gervásio a personagem real, familiar e proximal, a voz amiga na qual cada caloiro, cada jovem universitário se poderá rever. Rosa Mourão, Professora de Inglês no Ensino Básico (...) O projecto Gervásio (...) é uma ferramenta fundamental no desenvolvimento dos alunos do Ensino Superior. Fátima Simões, Departamento de Psicologia da Universidade da Beira Interior (...) Recomendo assim vivamente as cartas do Gervásio, um importante contributo prático

Deeper Learning, Dialogic Learning, and Critical Thinking Emmanuel Manalo, 2019-09-30 Deeper learning, dialogic learning, and critical thinking are essential capabilities in the 21st-century environments we now operate. Apart from being important in themselves, they are also crucial in enabling the acquisition of many other 21st-century skills/capabilities such as problem solving, collaborative learning, innovation, information and media literacy, and so on. However, the majority of teachers in schools and instructors in higher education are inadequately prepared for the task of promoting deeper learning, dialogic learning, and critical thinking in their students. This is despite the fact that there are educational researchers who are developing and evaluating strategies for such promotion. The problem is bridging the gap between the educational researchers' work and what gets conveyed to teachers and instructors as evidence-based, usable strategies. This book addresses that gap: in it, leading scholars from around the world describe strategies they have developed for successfully cultivating students' capabilities for deeper learning and transfer of what they learn, dialogic learning and effective communication, and critical thought. They explore connections in the promotion of these capabilities, and they provide, in accessible form, research evidence demonstrating the efficacy of the strategies. They also discuss answers to the questions of

how and why the strategies work. A seminal resource, this book creates tangible links between innovative educational research and classroom teaching practices to address the all-important question of how we can realize our ideals for education in the 21st century. It is a must read for pre-service and in-service teachers, teacher educators and professional developers, and educational researchers who truly care that we deliver education that will prepare and serve students for life.

Self-Regulated Learning in Technology Enhanced Learning Environments Roberto Carneiro, Paul Lefrere, Karl Steffens, Jean Underwood, 2012-01-01 Self-regulated learning (SRL) subsumes key aspects of the learning process, such as cognitive strategies, metacognition and motivation, in one coherent construct. Central to this construct are the autonomy and responsibility of students to take charge of their own learning. Skills for self-regulation can be encouraged both directly and indirectly through a range of learning activities. In this book we look specifically at the ways in which technology enhanced learning environments (TELEs) have been used to support self-regulation. The book provides an overview of recent studies on SRL in TELEs in Europe – a perspective which is new and has not been articulated hitherto. It addresses conceptual and methodological questions as well as practices in technology enhanced learning. While the focus is on European studies, we are aware that much of the groundwork in the field of SRL has emanated from the United States. The book is divided into three parts: (A) Foundations of SRL in TELEs, (B) Empirical studies on SRL in TELEs and (C) SRL in TELEs: perspectives on future developments. The book presents a rich resource of information for researchers and educators at all levels who are interested in supporting the acquisition of SRL through TELEs.

O Estudante Universitário Brasileiro: Marcia Cristina Monteiro, Luciana Mourão, Adriana Benevides Soares, 2021-01-28 A ideia do livro O ESTUDANTE UNIVERSITÁRIO BRASILEIRO: saúde mental, escolha profissional, adaptação à universidade e desenvolvimento de carreira surge do expressivo aumento de estudantes universitários no Brasil, inclusive com uma expressiva mudança em seu perfil, caracterizando uma demanda por estudos sobre a temática.

Autorregulação da aprendizagem e narrativas autobiográficas: epistemologia e práticas, 2012

O olhar da psicologia da educação para o ensino superior Zena Eisenberg, Elis Santos, Silvia Brilhante Guimarães, 2024-09-13 A evasão nas universidades é uma questão conhecida há muito tempo, mas a análise desse fenômeno sob a perspectiva da Psicologia da Educação é relativamente recente, ganhando destaque especialmente após a pandemia de covid-19. Neste livro, exploramos o bem-estar dos estudantes ingressantes no ensino superior: o que esperam dessa nova fase? Como lidam com os novos desafios – novas amizades, professores, rotina e expectativas? Os autores, renomados pesquisadores no campo, dedicam-se a investigar a evasão e a permanência dos estudantes universitários, identificando os fatores cruciais que influenciam esse processo. A obra está organizada em três partes: a primeira aborda as principais questões relacionadas à permanência no ensino superior; a segunda apresenta resultados de pesquisas recentes; e a terceira

discute iniciativas de apoio institucional para os estudantes. Convidamos o leitor a mergulhar nos debates essenciais que cercam a experiência universitária, com a contribuição de autores destacados do Brasil e de Portugal. Este livro é uma leitura indispensável para quem deseja entender mais profundamente o universo do estudante universitário e os desafios que enfrentam.

Metodologias ativas Luciane Guimarães Batistella Bianchini, Bernadete Lema Mazzafera, Luciana Michele Ventura, Lisandra Costa Pereira Kirnew, Anderson Jorge Marcolino Pinheiro, 2022-06-14 O tema “Metodologias Ativas”, proposto neste e-book, apresenta diferentes propostas de ensino que incluem as TDIC e os recursos digitais como a ferramenta Scratch, plataformas gamificadas, jogos digitais, Ambientes Virtuais de Aprendizagem (AVA), entre outros. Esta é uma coletânea de estudos está dividida em 12 capítulos, inseridos, conforme a sua temática, em três partes: Parte 1 - Metodologias ativas e aprendizagem autorregulada: pressupostos teóricos; Parte 2 - Metodologias ativas e formação profissional; e Parte 3 - Metodologias ativas e práticas de ensino.
