The Making of Modern Hindi Sujata S. Mody, 2018-08-22 In the early twentieth century, British imperialism in India was at its peak and anti-colonial sentiments were on the rise. The nationalist desire for cultural self-identification was gaining ground and an important articulation of this was the demand for a national language and literature to represent a modern India. It was in this context that Mahavir Prasad Dwivedi, a novel, daring, and contentious litterateur, launched his multimedia campaign of constructing a new Hindi literary establishment. As the long-time editor of the Hindi journal *Sarasvatī*, Dwivedi's influence was so far-reaching that this period of modern literature in Hindi is known as the Dwivedi era. However, he had to face stiff opposition as well. Sujata Mody's book sheds light on the interactions between Dwivedi and his supporters and detractors and shows how Dwivedi's responses to challenges were pragmatic and strategically varied. The Making of Modern Hindi presents Dwivedi as a dynamic and influential arbiter of literary modernity whose exchanges with competing authorities are an important piece in the history of Hindi literature.

*South Asian Pornographies* Darshana Sreedhar Mini,Anirban K. Baishya,2024-06-21 South Asian Pornographies is the

first consolidated volume that explores the relationships between pornography, obscenity, law and desire in South Asia. Focusing on case studies from India, Sri Lanka and Bangladesh while gesturing towards other countries in South Asia, the authors of this volume come from fields as varied as history, literature, media and communication, and the visual arts. The book proposes that as a geo-political location, South Asia has a unique relationship to pornography, given the multiplicity of cultural and legal-censorial regimes that define the obscene and the permissible. South Asian case studies can demonstrate how pornography in the region is often defined in oblique terms, finding reflection in various modes of popular (and sometimes underground) culture, bypassing legal and censorial constraints. Like questions of identity that can only be answered in the plural (identities rather than identity), this book demonstrates how a range of pornographies constitutes the force field of sexualized media in South Asia. It will be of interest to researchers and advanced students of Communication Studies, Cultural Studies, Film Studies, History, Sociology, and Social and Cultural Anthropology. The chapters in this book were originally published in the journal *Porn Studies*.
