The Unveiling Ruth Markel, 2022-09-20 Ruth Markel is the mother of the late Dan Markel, a noted law professor who was murdered in Tallahassee, Florida in 2014. In *The Unveiling*, she describes her experiences since the day of Dan's death from several distinct perspectives: • As a devastated mother with the unique human perspective of becoming a homicide survivor and victim. • As a woman whose attempts to achieve normalcy and live a healthy life are continually interrupted by painful reminders, a rollercoaster of hearings, frequently changing trial dates, verdicts, and appeals. • As an engaged citizen using what she has learned to help other victims of homicide and violent crimes recover from trauma and begin an optimistic outlook on life. • As an insider who shows how our collective network of family, friends, and experts—including a murder coach—have helped her family remain involved, motivated, and hopeful. • As a grandmother who had not been allowed to see her grandchildren in many years, she used advocacy to inspire the Florida State Legislature to pass a grandparent visitation bill. • And as an experienced author of nine books using the written word to effectively address the shift from grief to promise.
