Energy Miracles H.B. Glushakow,2022-04-27 It makes no difference whether global warming is or is not a “human-caused” condition, because it is only human-caused action that will mediate its effects. This book shows why wind and solar alone are not enough. To get a handle on this, we need a backup plan, that is, an energy miracle. This is the book that gives concerned folks an understanding of exactly how to tackle global warming. At the same time, it gives students and scientists the tools to jump-start the search for energy miracles. The politicians and administrators who need a low-cost solution that comes to grips with the coming debacle will be happy to know that this book provides that as well. In this century, over one billion people living in low-lying coastal areas will be inundated by rising seas. It’s time to get moving. Read this book and then pass it on to a friend or an associate.

The Laughter of Sanity Richard Amiss,2021-04-30 This book points out how the world with all its increased knowledge and technology has separated us from our connection to God and nature. We were built to be connected to God inside and around us. How is it that the world around us with all its sophistication cannot answer the question as to why there is so much chaos and disorder in our world? Knowledge and technology have interrupted our relationship to our Lord, leading us to build and live in a world without God. The characters within this story come from different backgrounds and walks of life. They have all been through strenuously trying experiences and at the same time are being drawn together in one place for an answer to their yearnings. Curiosity along with grief and loss set them all on their own journey that will eventually lead to the same place. To ignore our nature and origin in God leads to insanity. Therefore, where there is God there is order.

Everyday Miracles Prartho,1998 In 26 evocative stories, one for each letter of the alphabet, Prartho -- a student of the Neo-Zen Master Osho, single mother, and counselor/psychologist -- explores the miraculous in ordinary life and inspires us to discover the daily wonders in our own lives. From Aloneness to Zen, from the laundromat to a bamboo hut in India, this inspiring book is filled with wisdom, tales from Zen, and the intimate musings of a woman's heart.

Top of the Morning to You - TOTM2U Michele Stoudt-Wright,2020-10-01 This devotional series originally came about in 2015 because I was in need of a morning devotional after finishing several from a Bible Application on my phone. Then it came to mind, that I should do one myself. Well, February is National Heart Month, and I love studying about the heart of David and so I started to write a small piece every morning as a text message on my phone to several of my friends. I had no

clue, as to how I was going to be able to have enough material to complete a month of devotionals. Little did I know that there was more... lol. It was also during this time, that some very special people in my life were going through life changing journeys, and this devotional series became an opportunity to reach out and speak words of encouragement, hope. Again in 2018, I asked for a commitment from several of my Facebook friends to join me, at least until 14 February. I told them that they could decide if they wanted to continue. Most continued and many were added. From there it expanded to 6 months of daily devotionals written in Facebook Messenger format. You may even see some comments from the readers. Top of the Morning (TOTM) 2018 was dedicated to my granddaughter, Elvisha Jo Henry, who had heart surgery on 12 February of that year. We thought she was to have a new valve installed, virtually a new heart, but God had another plan to repair her existing heart. Many of us have new or mended hearts, through Christ Jesus and that is special! Looking forward to having you join me on this journey... look for words of hope, love, and encouragement! God's heart... All things are possible...when we are lined up with the presence of God and our hearts are in rhythm and flow with his heart. I believe it. Enjoy the journey!
