The 9.5mm Vintage Film Encyclopaedia Patrick Moules, 2020-07-28 Written in both English and French, The 9.5mm Vintage Film Encyclopaedia provides a single-volume, comprehensive catalogue of all known 9.5mm film releases, including: Films: Comprising 12,460 individual entries, this A-Z reference index provides the main listing for each film and its origin where known, along with additional information including cast and crew, and cross references to other relevant material. People: This index of all known actors and film crew, comprising over 12,000 names, provides a listing which is cross referenced to the main entry for each original film they worked on. Numbers: Pathé-Baby/Pathéscope and other distributors' catalogue numbers, film length, release dates (where known) and the series in which the films were organised, are set out in detail. With a foreword from eminent film historian and filmmaker, Keith Brownlow, this extensively researched text explains the importance of the 9.5mm film, from its beginnings in the early 1920s to becoming synonymous with Home Cinema throughout Europe. Readers will also find a brief technical explanation on how 9.5mm films were produced, along with relevant images.

Performance in Popular Culture Sharon Mazer, 2023-08-31 Performance in Popular Culture reveals the intricate relationship between performance and popular culture by exploring how theatrical conventions and dramaturgical tropes have informed the way the social is constructed for popular consumption. Staged as a series of case studies, this book considers the diverse ways the social is imagined and produced in live and mediated performances, in images and texts, in interactive experiences and in cultural institutions. By looking at performance in popular culture, the world we live in becomes more visible, open to investigation and (perhaps) to change. Performance in Popular Culture engages a wide range of disciplines and theoretical frameworks: performance, theatre and cultural studies; comparative literature and media studies; gender and sexuality, critical race and post-colonial theories. Designed for accessibility at an undergraduate level, the case studies make use of visual materials, moving images and texts that are readily available to lecturers and students, to scholars and to the general public.
