The Hero's Quest and the Cycles of Nature Rachel S. McCoppin, 2016-10-13 This examination of the heroic journey in world mythology casts the protagonist as a personification of nature--a botanical hero one might say--who begins the quest in a metaphorical seed-like state, then sprouts into a period of verdant strength. But the hero must face a mythic underworld where he or she contends with mortality and sacrifice--embracing death as a part of life. For centuries, humans have sought superiority over nature, yet the botanical hero finds nothing is lost by recognizing that one is merely a part of nature. Instead, a cyclical promise of continuous life is realized, in which no element fully disappears, and the hero's message is not to dwell on death.

Middle Assyrian Seal Motifs from Tell Fekheriye (Syria) Dominik Bonatz, 2021-02-22 Despite ongoing interest in Middle Assyrian glyptic art, the publications of Middle Assyrian seals and seal impressions from excavated sites in the Near East are very rare. The book is the first to offer a comprehensive study on the seal corpus from an archaeological site historically located in the western territory of the Middle Assyrian state. The seal impressions and few original seals, which were found during the excavations in Tell Fekheriye (Syria), substantially add to our understanding of the iconographic repertory and the use of seals in the Middle Assyrian period. The corpus dates to the reigns of the Assyrian kings Shalmaneser I and Tukulti-Ninurta I in the 13th century B.C. It documents practices of governance and administration in the growing Middle Assyrian Empire, points to activities of high-ranking Assyrian officials and unfolds the pictorial reality of political and ideological intentions. While finding detailed information on unpublished materials, their archaeological contexts and interpretations,

the reader is also invited to follow a discourse on art, state and society for which the Middle Assyrian seal motifs from Tell Fekheriye provide an excellent case study.
