Hunger of Memory Richard Rodriguez, 2004-02-03 Hunger of Memory is the story of Mexican-American Richard Rodriguez, who begins his schooling in Sacramento, California, knowing just 50 words of English, and concludes his university studies in the stately quiet of the reading room of the British Museum. Here is the poignant journey of a “minority student” who pays the cost of his social assimilation and academic success with a painful alienation — from his past, his parents, his culture — and so describes the high price of “making it” in middle-class America. Provocative in its positions on affirmative action and bilingual education, Hunger of Memory is a powerful political statement, a profound study of the importance of language ... and the moving, intimate portrait of a boy struggling to become a man.

Hunger of Memory: The Education of Richard Rodriguez Richard Rodriguez, 1983 For use in schools and libraries only. The son of Mexican immigrants explores the educational process and rejects affirmative action and bilingualism as benign errors.

CLASSICS Hunger of Memory Richard Rodriguez,

Hangover Wisdom, 100 Thoughts on Hunger of Memory Joseph Peak,2013-01 In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of *Hunger of Memory: The Education of Richard Rodriguez*. Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

Race, Modernity, Postmodernity W. Lawrence Hogue,1996-01-01 Reads and interprets eight works of literature by people of color, foregrounding the philosophical debate about modernity vs. postmodernity rather than solely issues of race.

Conversations with Contemporary Chicana and Chicano Writers Hector Avalos Torres,2007 Interviews with major Chicana/o authors are the basis for this examination of the commonality of issues in the work of each of them.

Stories of Resilience in Childhood Daniel D. Challener,1997 In order to study resilience in children, the author examines five autobiographical narratives which deal extensively with childhood difficulties: *I Know Why the Caged Bird Sings*, *The Woman Warrior*, *Hunger of Memory*, *Brothers and Keepers*, and *This Boy's Life*. In analyzing these stories, he draws on topics such as urban school reform, birth order, bilingual education, the importance of family and community, child development, gender stereotyping, and discrimination based on race, ethnicity, and sexual identity. Tomàs Rivera Tomàs Rivera,1995-06-30 Tomàs Rivera quite possibly has been the most influential voice in Chicano literature. Besides his masterpiece, *¿y no se lo tragó la tierra / And the Earth Did Not Devour Him*, included here is the sum total of his published works, in English and Spanish, as well as many that never made print in his lifetime.

Un/Bound Megan Brown,Helga Lenart-Cheng,2024-08-30 Life writing often explores the profound impact of border crossings, both physical and metaphorical. Writers navigate personal and cultural boundaries, reflecting on identity, belonging, and the transformative power of crossing thresholds. These narratives unveil the complexities of migration, immigration, or internal journeys, offering intimate perspectives on adapting to new environments or confronting internal conflicts. *Un/Bound* is a collection of essays about such narratives, with an emphasis on mobility and border metaphors, the ethical dimensions of cross-border storytelling, and questions of access, translation, and circulation. Scholarly interest in borders, mobility, and related topics has greatly intensified in the context of public health emergencies and recent conflicts in international relations. The chapters in this book contribute to this dialogue by exploring internal and external, and

physical and abstract borders and divisions. This book will be of great interest to scholars and researchers of literature, translation studies and political philosophy. The chapters in this book were originally published as a special issue of a/b: Auto/Biography Studies.

Spanish in the United States John J. Bergen, 1990 Fifteen research linguists discuss the varieties of Spanish spoken in California, Iowa, Indiana, Louisiana, New Jersey, New Mexico, New York, and Texas. They variously address language maintenance, syntactic variation, lexicography, language use and language teaching, and include studies on socioeconomic, political, and cultural aspects of language in the Spanish-speaking communities in the United States.

U.S. Latino Literature Margarite Fernández Olmos, Harold Augenbraum, 2000-09-30 In the past ten years, literature by U.S. Latinos has gained an extraordinary public currency and has engendered a great deal of interest among educators. Because of the increase in numbers of Latinos in their classrooms, teachers have recognized the benefits of including works by such important writers as Sandra Cisneros, Julia Alvarez, and Rudolfo Anaya in the curriculum. Without a guide, introducing courses on U.S. Latino literature or integrating individual works into the general courses on American Literature can be difficult for the uninitiated. While some critical sources for students and teachers are available, none are dedicated exclusively to this important body of writing. To fill the gap, the editors of this volume commissioned prominent scholars in the field to write 18 essays that focus on using U.S. Latino literature in the classroom. The selection of the subject texts was developed in conjunction with secondary school teachers who took part in the editors' course. This resultant volume focuses on major works that are appropriate for high school and undergraduate study including Judith Ortiz Cofer's *The Latin Deli*, Piri Thomas' *Down These Mean Streets*, and Cisneros' *The House on Mango Street*. Each chapter in this Critical Guide provides pertinent biographical background on the author as well as contextual information that aids in understanding the literary and cultural significance of the work. The most valuable component of the critical essays, the Analysis of Themes and Forms, helps the reader understand the thematic concerns raised by the work, particularly the recurring issues of language expression and cultural identity, assimilation, and intergenerational conflicts. Each essay is followed by specific suggestions for teaching the work with topics for classroom discussion. Further enhancing the value of this work as a teaching tool are the selected bibliographies of criticism, further reading, and other related sources that complete each chapter. Teachers will also find a Sample Course Outline of U.S. Latino Literature which serves as guide for developing a course on this important subject.
