Healing Light of the Tao Mantak Chia, 2008-05-27 The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic Awaken Healing Energy Through the Tao In 1983, Mantak Chia introduced the “Microcosmic Orbit” to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. Healing Light of the Tao presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

Craniosacral Chi Kung Mantak Chia, Joyce Thom, 2016-01-22 Craniosacral therapy and Chi Kung practices to harmonize emotions, release chronic tensions, and optimize the flow of energy • Provides illustrated instructions for movement exercises, breathwork, self-massage, and emotional intelligence meditations to free the flow of energy in the body • Reveals clear parallels between the craniosacral rhythm and the flow of chi • Explains how to release energetic blockages and emotional and physiological knots, activate the energetic pumps of the 3 tan tiens, and tap in to the Cosmic Flow Exploring the connections between Western craniosacral therapy and Chi Kung, Taoist master Mantak Chia and craniosacral instructor Joyce Thom detail movement exercises, breathwork practices, self-massage techniques, and focused meditations from Taoist and other wisdom traditions to release and harmonize the flow of energy in the body and optimize our potential for physical, emotional, and spiritual well-being. The authors link the craniosacral rhythm--the gentle flow of cerebrospinal fluid from the head (cranium) to the tailbone (sacrum)--and the flow of chi throughout the body, circulated by the pumps of the three tan

tiens. They explain how these subtle energetic flows indicate the harmony or disharmony of the whole person and are greatly affected by physical traumas, chronic tensions, and unresolved emotions. For example, the psoas muscle, known in Taoism as the muscle of the Soul, connects the spine to the legs and is the first muscle to contract when anger or fear triggers our fight-or-flight response. Often a storehouse of subconscious stressors, this muscle's sensitivity is connected to many common ailments like back pain. Providing step-by-step illustrated exercise instructions, the authors explain how to identify and unwind energetic blockages and emotional and physiological knots. They explore emotional intelligence exercises for tuning in to our hearts so we can listen to our bodies' messages and learn to relieve related emotional burdens. They also reveal how to activate the cranial, respiratory/cardiac, and sacral pumps of the three tan tiens to optimize the body's energetic flow and explain how, when our energy is flowing freely, we can enter the Cosmic Flow--a state of calm well-being and extraordinary creativity where we find ourselves truly at one with the universe.

The Tao of Immortality Mantak Chia, William U. Wei, 2018-02-20 A comprehensive guide to the core practices of the Universal Healing Tao System and the advanced esoteric practices of Inner Alchemy • Explains each of the nine levels of Inner Alchemy and their more than 240 formulas • Explores the Four Healing Arts for transformation of the emotional body, physical body, energy body, and spiritual body • Provides simplified versions of core Universal Healing Tao practices to more easily integrate the system into your daily life • Shows how these exercises were designed to increase longevity and ensure the survival of consciousness beyond death Explaining the evolution and core of the Universal Healing Tao system, Master Mantak Chia and William U. Wei offer a condensed approach to the Inner Alchemy practices taught to Master Chia by his first Taoist Master, Yi Eng, more than 60 years ago. Beginning with the basic principles called the Five Enlightenments, the authors explain each of the nine levels of Inner Alchemy and their more than 240 formulas, including simplified versions of the Microcosmic Orbit, the Inner Smile, Sexual Alchemy exercises for men and women, Fusion of the Five Elements practices, Kan and Li Alchemy, the Sealing of the Five Senses, and Star and Galaxy Alchemy. They explore the Four Healing Arts that encompass the nine levels of Inner Alchemy--Living Tao practices for transformation of your emotional body, Chi Nei Tsang practices for transformation of the physical body, Cosmic Healing practices for transformation of the energy body, and Immortal Tao practices for transformation of the spiritual body--all aimed toward the survival of consciousness in a self-aware vessel. They also offer simplified versions of the other core practices, such as Iron Shirt Chi Kung, Bone Marrow Nei Kung, and Wisdom Chi Kung, to help you easily integrate Inner Alchemy and Universal Healing Tao practices into your daily life. Providing a primer not only on the foundational practices of the Universal Healing Tao System but also a condensed guide to the esoteric practices of Inner Alchemy, Master Chia and William U. Wei show how these exercises were designed to increase longevity, providing you with enough time to master the more advanced spiritual techniques and ensure the survival of consciousness beyond death.

Chi Nei Ching Mantak Chia, William U. Wei, 2013-11-04 Fully illustrated guide to massage techniques for unblocking chi, releasing tight tendons and muscles, and alleviating back and joint pain • Explains the hammering massage technique of Tok Sen, which sends vibrational energy deep into the fascia and muscles • Details how to use the 10 Thai energy meridians known as Sen Sib and the 12 muscle-tendon meridians of Chinese acupuncture in massage • Explains Meridian Detox Therapy and Gua Sha, which clears blood stagnation, promotes metabolism, and can prevent and treat acute illness Good health depends on the free flow of life-force energy, chi, throughout the entire body. The accumulation of tensions in the muscles and tendons as well as the stagnation of negative energy can lead to blockages in the body's energy channels, resulting in pain, low energy, or illness. In this full-color illustrated guide, Master Mantak Chia and William Wei detail massage techniques for unblocking chi, releasing tight tendons and muscles, and alleviating back and joint pain. The authors explore the 10 Thai energy meridians known as Sen Sib, the 12 muscle-tendon meridians of Chinese acupuncture, and the most commonly strained muscles and tendons of the spine, neck, and pelvis. They explain how to treat specific ailments, such as headache, stiff shoulder, or lumbar pain, with the traditional Thai massage technique known as Tok Sen, which uses a wooden hammer to send vibrational energy deep into the fascia and muscles along the Sen Sib meridians. This method is particularly effective for joint pain, because the vibrations can reach more deeply and accurately within the body's structure than a massage therapist's fingers. The authors also explain Meridian Detox Therapy, which includes cupping, skin massage, and Gua Sha--the scraping of different parts of the body to clear blood stagnation, promote metabolism, and treat acute illness. The final book in the Chi Nei Tsang series, Chi Nei Ching offers advanced massage techniques to work with the energy meridians for optimum health.

Awaken Healing Energy Through the Tao Mantak Chia, 1983 Taoist Esoteric Yoga is an ancient, powerful system of physical, psychological and spiritual development encompassing meditative and internal energy practices. This unique and comprehensive book reveals the Taoist secret of circulating Chi, the generative life force, through the acupuncture meridians of the body. This comprehensive list includes: Opening the Energy Channels; Proper Wiring of the Etheric Body; Acupuncture and the Microcosmic Orbit; Taoist Yoga and Kundalini; How to Prevent Side Effects; MD's Observations on the Microcosmic Orbit. Written in clear, easy-to-understand language and illustrated with many detailed diagrams that aid the development of a powerful energetic flow, for psychological and spiritual health and balance.

Chi Nei Tsang Mantak Chia, 2006-12-26 An ancient Taoist system for detoxifying and rejuvenating the internal organs • Presents techniques to clear blockages in the body's energy flow • Includes illustrated exercises to relieve common ailments, revitalize the organs, and enable readers to take charge of their own health and well-being • Focuses on the navel center, where negative emotions, stress, and illness accumulate The techniques of Chi Nei Tsang evolved in Asia during an era when few physicians were available and people had to know how to heal themselves. Many people today have symptoms that

modern medicine is not able to cure because a physical source for the problem is not easily found. The energies of negative emotions, stress, and tension--all common in modern life--and the weight of past illness accumulate in the abdominal center, causing energy blockages and congestion. When this occurs, all vital functions stagnate and myriad problems arise. By practicing the techniques of Chi Nei Tsang, this stagnation is removed and the vital organs surrounding the navel center are detoxified and rejuvenated. Master Chia teaches readers how to avoid absorbing negative energies from others and take full charge of their health through the self-healing techniques of Chi Nei Tsang. He offers fully illustrated exercises that show how to detoxify the internal organs and clear the energy (chi) channels throughout the body. He also presents methods for balancing emotions, managing stress, and observing the body in order to recognize, ameliorate, and prevent maladies before they become a problem.

Chinese Healing Exercises Livia Kohn,2008-09-30 Daoyin, the traditional Chinese practice of guiding the qi and stretching the body is the forerunner of Qigong, the modern form of exercise that has swept through China and is making increasing inroads in the West. Like other Asian body practices, Daoyin focuses on the body as the main vehicle of attainment; sees health and spiritual transformation as one continuum leading to perfection or self-realization; and works intensely and consciously with the breath and with the conscious guiding of internal energies. This book explores the different forms of Daoyin in historical sequence, beginning with the early medical manuscripts of the Han dynasty, then moving into its religious adaptation in Highest Clarity Daoism. After examining the medieval Daoyin Scripture and ways of integrating the practice into Tang Daoist immortality, the work outlines late imperial forms and describes the transformation of the practice in the modern world. Presenting a rich crop of specific exercises together with historical context and comparative insights, *Chinese Healing Exercises* is valuable for both specialists and general readers. It provides historical depth and opens concrete details of an important but as yet little-known health practice.

Fusion of the Eight Psychic Channels Mantak Chia,2009-01-15 Advanced Inner Alchemy exercises that promote the free flow of energy throughout the body in preparation for the Practice of the Immortal Tao • Explains how to open the Great Bridge Channel and the Great Regulator Channel • Includes exercises to strengthen and wrap the spinal cord with energy • Reveals how to create a thicker aura to protect the body and receive the higher frequencies of the Universal Force The Fusion of the Eight Psychic Channels practice builds upon the Fusion of the Five Elements and Cosmic Fusion practices and is the final step in preparation for the Practice of the Immortal Tao. Master Mantak Chia shows how to open the Great Bridge Channel and the Great Regulator Channel--the last of the eight psychic channels that connect the twelve organ meridians and enable energy to flow from one meridian to another. By opening these psychic channels in conjunction with the Microcosmic

Orbit, practitioners can balance and regulate the energy flow throughout the body to protect all the body's centers. Master Chia also illustrates the Spinal Cord Microcosmic Orbit practice, which strengthens and wraps the spinal cord with energy, and the practice of Sealing the Aura, which creates a thicker aura to protect the body and facilitate the reception of higher frequencies of the Universal Force. Mastery of the practices in this book enables the creation of the energy body needed to receive the larger Universal Force vibrations accessible through the Practice of the Immortal Tao.

Cosmic Fusion Mantak Chia,2007-08-27 A guide to the advanced practice of Inner Alchemy, which brings the physical body into balance with the energy body • Presents the second level of Inner Alchemy practices that use the eight forces of the pakua (bagwa) to collect, gather, and condense chi in the body • Explains how to balance negative emotional energy with positive energy to detoxify, nourish, and integrate the physical and the energy body with the forces of nature • Shows how to collect and channel the greater energies of the stars and planets to create unity between what is above and below Cosmic Fusion is an advanced level of Inner Alchemy that teaches how to bring the physical body into balance with the energy body--a necessary prerequisite for the formation of the universal body, the pearl of compassion that is one with Original Creation and the Universal Tao. Cosmic Fusion works with the expression of the eight pakua (bagwa) of Chinese cosmology, through which all creation is divided and given form, nature, and definition. Cosmic Fusion exercises establish the spiritual body firmly in the lower abdomen, where chi energy is gathered and distributed to all parts of the body--and into all creation. The fully illustrated exercises in this book also show how to collect and channel the greater energies of the stars and planets. By "fusing" all these different energies together, a harmonious whole is created, a unity of what is above and below. As heavenly and earthly forces are brought into balance, the life perfectly suited to the practitioner manifests, allowing the spirit body to prepare to move into worlds beyond--and back.
