

Palestine By Joe Sacco

Randy Duncan, Matthew J. Smith

Palestine Joe Sacco, 2003 Based on years of research and extended visits to the West Bank and Gaza Strip in the early 1990s, *Palestine* is the first major comics work of political nonfiction by Sacco.

Footnotes in Gaza Joe Sacco, 2010 Sacco brings the conflict down to the most human level, allowing us to imagine our way inside it, to make the desperation he discovers, in some small way, our own. Rafah, a town at the bottommost tip of the Gaza Strip, has long been a notorious flashpoint in the bitter Middle East conflict. Buried deep in the archives is one bloody incident, in 1956, that left 111 Palestinians shot dead by Israeli soldiers. Seemingly a footnote to a long history of killing, that day in Rafah cold-blooded massacre or dreadful mistake reveals the competing truths that have come to define an intractable war. In a quest to get to the heart of what happened, Joe Sacco immerses himself in the daily life of Rafah and the neighboring town of Khan Younis, uncovering Gaza past and present. As in *Palestine*, his unique visual journalism renders a contested landscape in brilliant, meticulous detail. Spanning fifty years, moving fluidly between one war and the next, *Footnotes in Gaza* transforms a critical conflict of our age into intimate and immediate experience.

But I Like it Joe Sacco, 2006 Follow award-winning cartoon journalist Joe Sacco on one of the most dangerous beats of all: rock 'n' roll! The centerpiece of the book is an expanded version of *In the Company of Long Hair*, the early '90s graphic novelette Sacco created on the subject of his raucous European tour with the punk band, the Miracle Workers. *Long Hair* appears here for the first time in an expanded version with an added 15-page section of his original sketches and notes from the time, and a bound-in CD featuring an excerpt from the Miracle Workers' live shows - including a blasting version of the Iggy Pop classic, *I Got a Right*. As for the rest of the book: Sacco turns his pitiless pen on all strata of Rock 'n' Roll, from old rockers (two stories on the Rolling Stones) to new; from salacious gossip to how-to (*Woodstock in your Own Home*); from portraits of typical rock creatures (Record Producer, The Musician Who Wanted to Save the World, The Rock Journalist) to self-deprecating autobiographical stories.

Palestine Joe Sacco, 2007 Joe Sacco's breakthrough novel of graphic journalism has been widely hailed as one of the great graphic novels of all time, having sold over 50,000 copies. This special edition is the definitive hardcover collection of Sacco's landmark of comic journalism. In addition to the original 288-page graphic novel, introduced by the late Edward Said, this edition includes a host of unique supplemental never-before-published material, including many of Sacco's original

background notes, sketches, photographic reference and a new interview with the author.

Safe Area Gorazde Joe Sacco, 2007 In late 1995 and early 1996, cartoonist/reporter Joe Sacco travelled four times to Gorazde, a UN-designated safe area during the Bosnian War, which had teetered on the brink of obliteration for three and a half years. Still surrounded by Bosnian Serb forces, the mainly Muslim people of Gorazde had endured heavy attacks and severe privation to hang on to their town while the rest of Eastern Bosnia was brutally 'cleansed' of its non-Serb population. But as much as SAFE AREA GORAZDE is an account of a terrible siege, it presents a snapshot of people who were slowly letting themselves believe that a war was ending and that they had survived. Since it was first published in 2000, SAFE AREA GORAZDE has been recognized as one of the absolute classics of graphic non-fiction. We are delighted to publish it in the UK for the first time, to stand beside Joe Sacco's other books on the Cape list - PALESTINE, THE FIXER and NOTES FROM A DEFEATIST.

Journalism Joe Sacco, 2012-06-19 A journalistic collection in comic book format from the sidelines of wars around the world includes articles on the American military in Iraq, the Caucasus widow trials, the dilemmas of India's untouchables, and the smuggling tunnels of Gaza.

The Fixer and Other Stories Joe Sacco, 2009-10-27 THE COMPLETE SOFTCOVER COLLECTION OF BOSNIAN WAR SHORT STORIES FROM THE AUTHOR OF PALESTINE AND SAFE AREA GORAZDE Using old-fashioned pen and paper, the award-winning cartoonist Joe Sacco reports from the sidelines of wars around the world. The Fixer and Other Stories is a new softcover that collects Sacco's landmark short stories on the Bosnian War that previously comprised the hardcover editions of The Fixer and War's End.

Paying the Land Joe Sacco, 2020-07-07 NAMED A BEST BOOK OF 2020 BY THE NEW YORK TIMES, THE GUARDIAN, THE BROOKLYN RAIL, THE GLOBE AND MAIL, POP MATTERS, COMICS BEAT, AND PUBLISHERS WEEKLY From the "heir to R. Crumb and Art Spiegelman" (The Economist), a masterful work of comics journalism about indigenous North America, resource extraction, and our debt to the natural world The Dene have lived in the vast Mackenzie River Valley since time immemorial, by their account. To the Dene, the land owns them, not the other way around, and it is central to their livelihood and very way of being. But the subarctic Canadian Northwest Territories are home to valuable resources, including oil, gas, and diamonds. With mining came jobs and investment, but also road-building, pipelines, and toxic waste, which scarred the landscape, and alcohol, drugs, and debt, which deformed a way of life. In Paying the Land, Joe Sacco travels the frozen North to reveal a people in conflict over the costs and benefits of development. The mining boom is only the latest assault on indigenous culture: Sacco recounts the shattering impact of a residential school system that aimed to "remove the Indian from the child"; the destructive process that drove the Dene from the bush into settlements and turned them into wage laborers; the government land claims stacked against the Dene Nation; and their uphill efforts to revive a wounded culture.

Against a vast and gorgeous landscape that dwarfs all human scale, *Paying the Land* lends an ear to trappers and chiefs, activists and priests, to tell a sweeping story about money, dependency, loss, and culture—recounted in stunning visual detail by one of the greatest cartoonists alive.

Icons of the American Comic Book Randy Duncan, Matthew J. Smith, 2013-01-29 This book explores how the heroes and villains of popular comic books—and the creators of these icons of our culture—reflect the American experience out of which they sprang, and how they have achieved relevance by adapting to, and perhaps influencing, the evolving American character. Multiple generations have thrilled to the exploits of the heroes and villains of American comic books. These imaginary characters permeate our culture—even Americans who have never read a comic book grasp what the most well-known examples represent. But these comic book characters, and their creators, do more than simply thrill: they make us consider who we are and who we aspire to be. *Icons of the American Comic Book: From Captain America to Wonder Woman* contains 100 entries that provide historical background, explore the impact of the comic-book character on American culture, and summarize what is iconic about the subject of the entry. Each entry also lists essential works, suggests further readings, and contains at least one sidebar that provides entertaining and often quirky insight not covered in the main entry. This two-volume work examines fascinating subjects, such as how the superhero concept embodied the essence of American culture in the 1930s; and the ways in which comic book icons have evolved to reflect changing circumstances, values, and attitudes regarding cultural diversity. The book's coverage extends beyond just characters, as it also includes entries devoted to creators, publishers, titles, and even comic book related phenomena that have had enduring significance.

The Contemporary Comic Book Superhero Angela Ndalani, 2009-05-07 Over the last several decades, comic book superheroes have multiplied and, in the process, become more complicated. In this cutting edge anthology an international roster of contributors offer original research and writing on the contemporary comic book superhero, with occasional journeys into the film and television variation. As superheroes and their stories have grown with the audiences that consume them, their formulas, conventions, and narrative worlds have altered to follow suit, injecting new, unpredictable and more challenging characterizations that engage ravenous readers who increasingly demand more.

Notes from a Defeatist Joe Sacco, 2003 Collects illustrated, satirical stories about the author's life, war, politics, and sex, including the tales *Voyage to the End of the Library* and *When Good Bombs Happen to Bad People*.

The Once and Future Riot Joe Sacco, 2025-10-14 From “our greatest living comics journalist” (Minneapolis Star Tribune), a revelatory investigation of deadly sectarian riots in Uttar Pradesh, India, that explores the mechanics, dynamics, mythologies, uses, and abuses of political violence everywhere Compared to other episodes of lethal Indian communal violence, the clashes in Uttar Pradesh in 2013, the Muzaffarnagar Riot, were a relatively small-scale affair—some scores of people were killed and several tens of thousands displaced. It had happened before and will probably happen again: Hindus

and Muslims, armed with guns and swords, riled up by vitriolic rhetoric and a tangle of accusations, turn on one another. The truth fragments along religious lines, both in the lead-up to the rampage and in its bloody aftermath. In *The Once and Future Riot*, Joe Sacco immerses himself in Uttar Pradesh, speaking to government officials, political leaders, village chiefs, and especially the victims, who were mostly landless peasants, in a quest to understand this riot as an archetype of political violence. In the process, he probes the role of savagery in a democracy; the power of crowds, rather than leaders, to influence the course of events; the collision of competing narratives; and the accounts that perpetrators construct to explain away their participation in bloodshed. Hailed as “the heir to R. Crumb and Art Spiegelman” (*Economist*), Sacco has chronicled the urgent histories that define the world around us, from the Great War to Gaza. Here, he turns his masterful visual reportage to a story that is specific to India but with implications and resonance for all precarious multiethnic, multiracial societies everywhere.

War Junkie Joe Sacco, 1995

A Child in Palestine Naji Al-Ali, 2024-09-17 Naji al-Ali grew up in the Palestinian refugee camp of Ain al-Hilweh in the south Lebanese city of Sidon, where his gift for drawing was discovered by the Palestinian poet Ghassan Kanafani in the late 1950s. Early the following decade he left for Kuwait, embarking on a thirty-year career that would see his cartoons published daily in newspapers from Cairo to Beirut, London to Paris. Resolutely independent and unaligned to any political party, Naji al-Ali strove to speak to and for the ordinary Arab people; the pointed satire of his stark, symbolic cartoons brought him widespread renown. Through his most celebrated creation, the witness-child Handala, al-Ali criticized the brutality of Israeli occupation, the venality and corruption of the regimes in the region, and the suffering of the Palestinian people, earning him many powerful enemies and the soubriquet “the Palestinian Malcolm X.” For the first time in book form, *A Child in Palestine* presents the work of one of the Arab world’s greatest cartoonists, revered throughout the region for his outspokenness, honesty and humanity. “That was when the character Handala was born. The young, barefoot Handala was a symbol of my childhood. He was the age I was when I had left Palestine and, in a sense, I am still that age today and I feel that I can recall and sense every bush, every stone, every house and every tree I passed when I was a child in Palestine. The character of Handala was a sort of icon that protected my soul from falling whenever I felt sluggish or I was ignoring my duty. That child was like a splash of fresh water on my forehead, bringing me to attention and keeping me from error and loss. He was the

arrow of the compass, pointing steadily towards Palestine. Not just Palestine in geographical terms, but Palestine in its humanitarian sense—the symbol of a just cause, whether it is located in Egypt, Vietnam or South Africa.”—Naji al-Ali, in conversation with Radwa Ashour

Comics as a Nexus of Cultures Mark Berninger, Jochen Ecker, Gideon Haberkorn, 2010-03-10 These essays from various critical disciplines examine how comic books and graphic narratives move between various media, while merging youth and adult cultures and popular and high art. The articles feature international perspectives on comics and graphic novels published in the U.S., Canada, Great Britain, Portugal, Germany, Turkey, India, and Japan. Topics range from film adaptation, to journalism in comics, to the current manga boom.

Theoretical Perspectives on Human Rights and Literature Elizabeth Swanson Goldberg, Alexandra Schultheis Moore, 2013-03-01 What can literary theory reveal about discourses and practices of human rights, and how can human rights frameworks help to make sense of literature? How have human rights concerns shaped the literary marketplace, and how can literature impact human rights concerns? Essays in this volume theorize how both literature and reading literarily can shape understanding of human rights in productive ways. Contributors to *Theoretical Perspectives on Human Rights and Literature* provide a shared history of modern literature and rights; theorize how trauma, ethics, subjectivity, and witnessing shape representations of human rights violations and claims in literary texts across a range of genres (including poetry, the novel, graphic narrative, short story, testimonial, and religious fables); and consider a range of civil, political, social, economic, and cultural rights and their representations. The authors reflect on the imperial and colonial histories of human rights as well as the cynical mobilization of human rights discourses in the name of war, violence, and repression; at the same time, they take seriously Gayatri Spivak’s exhortation that human rights is something that we cannot not want, exploring the central function of storytelling at the heart of all human rights claims, discourses, and policies.

Safe Area Goražde Joe Sacco, 2001 A graphic novel based on the author's 1995-96 visits to Gorazde, one of the U.N.-created safe areas in Eastern Bosnia, showing the brutality and humanity that coexisted there during the Bosnian War of 1992-95.
