

Power For Living Book

Doug Hill

Power for Living T. D. Jakes, 2009-06-28 How often have you cried out for God, Why? Why dont people understand me? Why do I struggle? Why do I have problems? The answer: Because you are anointed! Best-selling author T.D. Jakes writes, I used to have the wrong notion that when you are really anointed, you no longer have problems or rough times. But you show me anybody whos really Holy Ghost, knee-jerking, tongue-talking, casting-out-demons, laying-hands-on-the-sick, miracle-working, world-changing, mind-transforming, mind-boggling, head-straightening anointed, and Ill show you somebody who cried in the middle of the night and suffered all night long, wondering where is God. But, my friend, I have to confess that through it all I have learned to trust in Jesus. Through it all, Ive learned to trust in God.

The Power for Living Apostle Samuel Fatoki, 2022-02-16 A life without power is a life of misery and woes. A look at the arsenal of a warrior will show you the confidence of victory that he has in battle. Other than the skills of the warrior and his battle strategies, one factor which determines whether he is a victor or a vanquished at battle is his armory. Funny as it sounds, it has been recorded that law enforcement agents in some lands flee into the bush when bandits appear because the bandits overwhelm the law keepers with their armory. The book Power for Living is Apostle Samuel's charge to all believers to be filled with power for day-to-day operations of man's life. You will find a lot of scriptures in this book, for there is power in the word of God. As many of the scriptures you can make personal to yourself (either through memorization or, better still, constant confession), I encourage you to pursue it with keen interest. Moreover, there is a section given to praying at the end of each chapter. The section is labeled Praying Points because it is an activity section: give time to pray! The content of each chapter should encourage you to partake in that activity to complete the blessings that God wants to impart to you through the chapter.

Judevine David Budbill,Dermot McGuigan,Beverly Jacobson,1999 The long-awaited year 2000 is upon us, and with it comes unprecedented uncertainties related to how computers worldwide will handle the transition in their embedded clocks. How did some of our supposedly brightest technicians inadvertently design the electronic scourge called the Millennium Bug or Y2K? And can Y2K really disrupt the infrastructures that provide us with food, energy, and water? No one knows. This book will lift your spirits by explaining how to be warm and comfortable, with sufficient food, water, and electric power to get

you thought any temporary emergency. It even shows the silver lining of Y2K, the opportunity to re-establish community ties lost in the rush toward globalization.
