Arc of a Scythe (Volume 2 of 3) Neal Shusterman,2019-06

Evolution Of Scythes Linda Hill,AI,2025-02-21 Evolution of Scythes explores the surprisingly influential history of the scythe, a tool that shaped agricultural practices, social structures, and even warfare. This book traces the scythe's journey from its rudimentary origins to its widespread use as a primary harvesting implement across diverse cultures. Discover how this seemingly simple tool played a crucial role in the evolution of agricultural technology and profoundly impacted human civilization. The book examines the scythe's technological evolution, its socio-economic impact on rural societies, and its varied cultural symbolism. Beginning with the pre-scythe era and the tools that preceded it, such as sickles and reaping hooks, the book explores how environmental factors, social needs, and cultural adaptations shaped the scythe's form and function. Through historical records, ethnographic studies, and cultural artifacts, Evolution of Scythes offers a holistic understanding of the scythe's enduring legacy. The book is carefully structured, first introducing the basic types of scythes and their components, before moving into their historical development. Later sections cover the socio-economic impacts, and then cultural dimensions, examining the symbolism of the scythe in art, literature, and folklore. This interdisciplinary approach, combined with an accessible yet academically rigorous tone, makes this book a valuable read for anyone interested in agricultural history, technology, or the social and cultural history of rural life.

Thunderhead Neal Shusterman,2019-06-04 "Intelligent and entertaining." —Kirkus Reviews (starred review) "Even better than the first book." —School Library Journal (starred review) Rowan and Citra take opposite stances on the morality of the Scythedom, putting them at odds, in the chilling sequel to the Printz Honor Book *Scythe* from New York Times bestseller Neal Shusterman, author of the *Unwind* dystology. Humans learn from their mistakes. I cannot. I make no mistakes. The Thunderhead is the perfect ruler of a perfect world, but it has no control over the scythedom. A year has passed since Rowan had gone off grid. Since then, he has become an urban legend, a vigilante snuffing out corrupt scythes in a trial by fire. His story is told in whispers across the continent. As Scythe Anastasia, Citra gleans with compassion and openly challenges the ideals of the "new order." But when her life is threatened and her methods questioned, it becomes clear that not everyone is open to the change. Old foes and new enemies converge, and as corruption within the Scythedom spreads, Rowan and Citra begin to lose hope. Will the Thunderhead intervene? Or will it simply watch as this perfect world begins to unravel?
