The Middle Pillar Israel. Regardie, 2019-01-15 The classic book on working with the energy of the body for spiritual purposes, *The Middle Pillar* by Israel Regardie, is now more complete, more modern, more usable, and better than ever. The exercise known as the Middle Pillar was devised by the Hermetic Order of the Golden Dawn. Regardie expanded upon it and made it public over 60 years ago in the first edition of this book. Since that time, the exercise has been altered and adapted for just about any spiritual use you could think of. It is a mainstay of many Western traditions of magic. **THE MIDDLE PILLAR** A Co-Relation of the Principles of Analytical Psychology and the Elementary Techniques of Magic The exercise known as the Middle Pillar was devised by the Hermetic Order of the Golden Dawn. Regardie expanded upon it and made it public over 60 years ago in the first edition of this book. Since that time, the exercise has been altered and adapted for just about any spiritual use you could think of. It is a mainstay of many Western traditions of magic. The exercise is intended as a technique to break the barrier between the conscious and unconscious. This classic work provides an introduction to magic and occultism while providing directions as to how to perform the Qabalistic Cross, the Lesser Banishing Ritual of the Pentagram and the Middle Pillar exercise. It remains a classic book in the field. Dr. Israel Regardie authored nearly a dozen original books including such substantial works as *A Garden of Pomegranates*, *The Tree of Life*, *The Philosopher's Stone* and *The Middle Pillar* all of which were first issued in the 1930s. He worked to make the Golden Dawn system available and understandable to a new generation with new revised editions of *The Golden Dawn* and original works drawing upon the system in the 1960s, 70s and 80s. His transmission of the Golden Dawn system went beyond just communication of information about the system, he also acted as ritual initiator permitting others the reactivation of the Order.

Keys to Perception Ivo Dominguez, Jr., 2017-01-01 Many different systems and traditions of magic, divination, spirituality, and esoteric religion exist, but at their core, they share the need for practitioners to safely and successfully experience the reality that lies beyond the physical senses. *Keys to Perception: A Practical Guide to Psychic Development* is a collection of proven and tested methods, rituals, and systems that will help you deepen and clarify your capacity to sense and understand the rich worlds beyond the veils of the ordinary. The material in this book derives from decades of work by the author and his students. Dominguez offers the reader practical techniques for increasing psychic aptitude and ability. Methods featured include chanting and working with crystals, chakras, oils, herbs, and potions, as well as a variation on the Middle-Pillar Ritual. Buy all of Ivo Dominguez's books. Study them. Do the work. Ponder. Then return and study them some more. --T. Thorn Coyle, author of *Kissing the Limitless: Deep Magic and the Great Work of Transforming Yourself and the World*. *Keys to Perception* is another masterful work by Ivo Dominguez, artfully blending deep metaphysical insight into the nature of psychic perception with clear and direct instructions and examples. Only someone with a long history of direct experience and an educated understanding of the phenomenon could write this book to both convey useful skills to beginners and provide new perspectives for seasoned psychics. Grounded and practical as well as flexible in approach. I look forward to

recommending this to students, friends, and peers alike. - Christopher Penczak, award winning author and co-founder of the Temple of Witchcraft
