Matt Hills,Michele Hilmes,Roberta Pearson

Transatlantic Television Drama Matt Hills,Michele Hilmes,Roberta Pearson,2018-12-14 Transatlantic Television Drama looks at how serial dramas like Black Mirror captivate US audiences, and what this reveals about the ways Americans and Brits relate to each other on and off the screen.

Gender and Contemporary Television in Iberia and Latin America Anja Louis,Abigail Loxham,2025-08-07 This book provides an inclusive and intersectional look into television from Latin America and the Iberian Peninsula. Each of the essays, written by international scholars across various disciplines, offer close textual analyses of popular series from Mexico, Spain, Brazil and Cuba, these include La casa de papel (2017-2021), Drag Race España (2021-), Inés del alma mía (2020) and El ministerio del tiempo (2015). The detailed case studies of seminal local and global hits provide overdue critical attention to Latin American television programming, highlighting on screen representations of gendered identities and the role of online streaming in facilitating social change. The collection goes on to explore recent industrial changes through first hand interviews with prominent practitioners such as Veronica Fernandez and Leticia Dolera. Discussing a broad range of genres including the telenovela, melodrama, historical drama and reality TV, alongside critical theories of media and gender, the collection contextualises and interrogates representational practices in Spanish television programming.

Il dossier "Bilderberg" Franco Ferrari,2015-08-13 Che cos'è il Bilderberg? Un gruppo, un club, un potere occulto, il governo segreto del mondo? Quando è stato fondato, da chi e per quali obbiettivi? Per rispondere a queste domande l'autore ha scelto di cercare la verità seguendo tutte le piste. C'è chi ritiene che il Bilderberg sia l'espressione degli Illuminati, chi vi vede la longa manus della finanza ebraica, mentre altri lo denunciano come strumento della Sinarchia internazionale. Non manca chi lo considera l'organizzazione politica della classe dominante transnazionale ed infine chi pensa sia solo una riunione noiosa nella quale non succede nulla di interessante. Richiamandosi al consiglio di Sherlock Holmes, secondo il quale prima di elaborare una teoria occorre cercare di conoscere i fatti, l'autore ha ricostruito i diversi punti di vista sul ruolo di questo gruppo misterioso e criticato. Ha cercato di distinguere le fantasie dalla realtà e di arrivare ad una prima, provvisoria, conclusione. Spetterà al lettore decidere se condividerla o contestarla.

The Future of Black Studies Abdul Alkalimat,2022-07-20 'A timely, future-oriented and necessary contribution which provides clarity to the multivalent tendencies in this field' - Carole Boyce Davies The marginalisation of Black voices from the academy is a problem in the Western world. But Black Studies, where it exists, is a powerful, boundary-pushing discipline, grown out of struggle and community action. Here, Abdul Alkalimat, one of the founders of Black Studies in the US, presents a reimagining of the future trends in the study of the Black experience. Taking Marxism and Black Experientialism, Afro-Futurist and Diaspora frameworks, he projects a radical future for the discipline at this time of social crisis. Choosing cornerstones of culture, such as the music of Sun Ra, the movie Black Panther and the writer Octavia Butler, he looks at the trajectory of Black liberation thought since slavery, including new research on the rise in the comparative study of Black people all over the world. Turning to look at how digital tools enhance the study of the discipline, this book is a powerful read that will inform and inspire students and activists.

Football in the Americas Rory Miller,Liz Crolley,2007 Football (soccer in the United States) has a long history in the Americas, but it currently displays many signs of crisis. In South America the combination of spectator violence, poor business management, and the emigration of players is undermining professional football. In the United States, in contrast, a professional league (Major League Soccer) has taken root in the last decade, and the U.S. women's team has gained international success. Football has always provided its players and fans with identity and belonging, whether to a nation or to a particular social group. It has been both a vehicle for the politically ambitious and an arena in which citizens can make sense of national failings and contest existing power structures. This volume explores many of these themes. The fifteen essays range widely, with theoretical and empirical contributions on the region as whole, as well as chapters specifically on Argentina, Brazil, Peru, Mexico, and the United States.
