

University Of Queensland Occupational Therapy

Esther Chang, Amanda Johnson

Living with Chronic Illness and Disability - eBook Esther Chang, Amanda Johnson, 2017-07-26 - A reinforced focus on person- and family-centred care - Chapter 2 Partnerships in collaborative care includes new sections on the role of the pharmacist, paramedic and exercise physiologist - Principles for nursing practice are embedded throughout Section 2 - Evolve Resources for students and instructors provide additional multimedia resources and reflective questions to assist learning and promote self-inquiry

Pain - E-Book Hubert van Griensven, Jenny Strong, 2022-12-10 Pain: A textbook for health professionals provides a comprehensive guide to pain and pain management with a focus on interprofessional practice. Written by internationally acclaimed authors and fully updated to reflect latest evidence and understanding, this book bridges the gap between theoretical underpinning and practice for assessment and management of patients with persistent pain – all in clear and accessible language. Now in its third edition, the text emphasises personal aspects of pain and the therapeutic alliance, as well as social and cultural aspects of pain, pain education for patients, and multidisciplinary and interdisciplinary working. It will provide both students and clinicians with a new lens through which to understand a person's pain experience, as well as tools for effective management. - Comprehensive information about all aspects of pain and pain management - Relevant to a wide audience – suitable for physiotherapists, occupational therapists, social workers, nurses and GPs, as well as undergraduate students - Factual and informative for clinicians in everyday practice - Includes information on acute as well as chronic pain - New chapters on communication, the language of pain, pain education for patients, multidisciplinary and interdisciplinary working, and inequities in pain including pain in low- and middle-income countries and amongst indigenous peoples - Updated chapters with new information about the psychology of pain - Now with full colour artworks and page design

The Registry of the American Occupational Therapy Association American Occupational Therapy Association, 1971

Foundations for Practice in Occupational Therapy E-BOOK Edward A. S. Duncan, 2020-05-22 Now in its sixth edition, the internationally acclaimed Foundations for Practice in Occupational Therapy continues to provide a practical reference tool which is both an indispensable guide to undergraduates and a practical reference tool for clinicians in the application of models and theories to practice. Underlining the importance and clinical relevance of theory to practice, the

text provides an excellent introduction to the theoretical basis of occupational therapy. Contributions are given by both academics and expert clinicians. All chapters have been revised and updated, new ones have been written and some pre-existing chapters have new authors. A refined structure uses highlight boxes to indicate the key themes and issues of each chapter and useful reflective questions to help the reader review the issues raised in the chapter. - Discusses evidence-based practices and established theories but also includes contemporary developments - Range of expert contributors provide an international perspective of practice - Case studies highlighting the application of theory to practice - Details of the latest developments and debates in the field - Chapters on the various conceptual models - Highlight boxes throughout indicating key themes/issues - Reflective questions at the end of each chapter

Patient and Family-Centered Speech-Language Pathology and Audiology Carly Meyer, Nerina Scarinci, Louise Hickson, 2019-04-29 A how-to-guide on providing an evidence-based, patient- and family-centered care service in speech-language pathology and audiology Patient and family-centered care is a vital component of improving treatment satisfaction and measurable success. Patient and Family-Centered Speech-Language Pathology and Audiology focuses on teaching speech-language pathology and audiology students how to develop and incorporate this model into everyday practice. Carly Meyer, Nerina Scarinci, Louise Hickson, and an impressive array of international authors share personal experiences and pearls that prepare students with both scientific evidence and practical information for implementation. The content reflects a cross-collaborative approach, with contributions from speech-language pathologists and audiologists, as well as other health professionals including psychologists and occupational therapists. Key Features: Professional topics including preparation and planning for patient- and family-centered care in the practice setting, needs assessments, multidisciplinary collaboration, and cultural and linguistic diversity Real-life cases, description of evidence-based patient outcomes, and firsthand insights included in each chapter Learning objectives, boxed features such as student activities and helpful tips, questions for consideration, and end of chapter summaries enhance retention and integration of knowledge 29 video case examples that include interviews with patients, families, and clinicians, as well as demonstrations of patient- and family-centered care in action

Perspectives on Occupational Therapy Education Steven Taff, Lenin Grajo, Barbara Hooper, 2024-06-01 Perspectives on Occupational Therapy Education: Past, Present, and Future outlines a path forward for occupational therapy educators, incorporating the impact of historical context, contemporary issues and trends, and international viewpoints on the development of the profession. With this mission in mind, Drs. Steven D. Taff, Lenin C. Grajo, and Barbara R. Hooper offer helpful tips, practical tools, and fresh insights to support current and future educators in developing their teaching philosophies and pedagogies. The book is divided into three main sections—past, present, and future—and examines:

- The history of occupational therapy education, including the influence of critical philosophies, their relationship to higher

education and healthcare, and the growth of accreditation standards and professional degree programs. • Current trends and challenges in healthcare and higher education, including bridging the gap between education and practice, the use of competency exams, expanding educational research, and promoting diversity and inclusion among faculty and students. • International perspectives on the development and future of occupational therapy education from leading scholars in Africa, Australia, Europe, North America, South America, and Southeast Asia, including trends in educational technologies, fieldwork education and requirements, and inter-professional education. An indispensable resource for educators, *Perspectives on Occupational Therapy Education: Past, Present, and Future* concludes with an imagining of the occupational therapy education landscape in the year 2050: a future in which occupational therapy educators are continuously responding to ongoing changes in health care policies, adapting to a more diverse and globally connected student population, and articulating the distinct value of occupational therapy in new and emerging areas of practice. Included with the text are online supplemental materials for faculty use in the classroom.

A Model of Human Occupation Gary Kielhofner, 1985

Management of Upper Limb Hypertonicity Jodie Copley, Kathy Kuipers, 1999 Physical and occupational therapists will find this book a useful tool to assist in the assessment of their clients with upper limb impairments and to choose the best possible interventions. This manual provides detailed illustrations, reproducible casting patterns and record-keeping forms. This manual incorporates current theoretical knowledge with practical techniques to help health professionals provide appropriate treatment.
