Off Broadway Musicals, 1910-2007 Dan Dietz, 2010-03-10 Despite an often unfair reputation as being less popular, less successful, or less refined than their bona-fide Broadway counterparts, Off Broadway musicals deserve their share of critical acclaim and study. A number of shows originally staged Off Broadway have gone on to their own successful Broadway runs, from the ever-popular A Chorus Line and Rent to more off-beat productions like Avenue Q and Little Shop of Horrors. And while it remains to be seen if other popular Off Broadway shows like Stomp, Blue Man Group, and Altar Boyz will make it to the larger Broadway theaters, their Off Broadway runs have been enormously successful in their own right. This book discusses more than 1,800 Off Broadway, Off Off Broadway, showcase, and workshop musical productions. It includes detailed descriptions of Off Broadway musicals that closed in previews or in rehearsal, selected musicals that opened in Brooklyn and in New Jersey, and American operas that opened in New York, along with general overviews of Off Broadway institutions such as the Light Opera of Manhattan. The typical entry includes the name of the host theater or theaters; the opening date and number of performances; the production's cast and creative team; a list of songs; a brief plot synopsis; and general comments and reviews from the New York critics. Besides the individual entries, the book also includes a preface, a bibliography, and 21 appendices including a discography, filmography, a list of published scripts, and lists of musicals categorized by topic and composer.

The Complete Book of 1980s Broadway Musicals Dan Dietz, 2016-02-18 For Broadway audiences of the 1980s, the decade was perhaps most notable for the so-called "British invasion." While concept musicals such as *Nine* and Stephen Sondheim's *Sunday in the Park with George* continued to be produced, several London hits came to New York. In addition to shows like *Chess*, *Me and My Girl*, and *Les Misérables*, the decade's most successful composer Andrew Lloyd Webber was also well represented by *Cats*, *The Phantom of the Opera*, *Song & Dance*, and *Starlight Express*. There were also many revivals (such as *Show Boat* and *Gypsy*), surprise hits (*The Pirates of Penzance*), huge hits (*42nd Street*), and notorious flops (*Into the Light*, *Carrie*, and *Annie 2: Miss Hannigan's Revenge*). In *The Complete Book of 1980s Broadway Musicals*, Dan Dietz examines in detail every musical that opened on Broadway during the 1980s. In addition to including every hit and flop that debuted during the decade, this book highlights revivals and personal-appearance revues with such performers as Sid Caesar, Barry Manilow, Jackie Mason, and Shirley MacLaine.
