**Lewis Heyl**

*Redefining Trial by Media* Simon Statham, 2016-06-14 *Redefining Trial by Media: Towards a critical-forensic linguistic interface* applies a range of linguistic models to recast trial by media not as a sensationalist and infrequent phenomenon, but as a systematic and routine process. Using critical discourse analysis and cognitive linguistic models, this book builds a Spectrum of Trial by Media which views juries in criminal trials as moulded by ideological media-made constructions of crime. The role of these media constructions is enhanced by the isolation levied on jurors by the linguistic composition of trial language, and reinforced by the language strategies of legal professionals in court. Critically deconstructing media portrayals of crime and forensically examining the language of criminal proceedings, this book offers a redefinition of trial by media which casts the role of the press as much more prevalent in the courtroom trial than is presently appreciated.

**Trial by Media** Lieve Gies, 2025-02-24 This edited collection brings together scholars from criminology, law, media and communication studies, politics and linguistics to consider the different meanings and dimensions of trial by media. Trial by media remains an under-researched and under-conceptualised phenomenon. This book sheds new light on the complex and evolving interfaces between courts, media and justice. It features original analysis of high-profile cases of media trials including Nicola Bulley (UK), Lindy Chamberlain (Australia), Chris Dawson (Australia), Sanda Dia (Belgium), Dragan Vasiljković (Australia) and Roman Zadorov (Israel). Acknowledging the risks and benefits of heightened media scrutiny of the criminal justice system, the book challenges the notion that trial by media is invariably incompatible with the requirements of natural justice. It also foregrounds ways in which media trials routinely occur in the absence of a legal trial, arguing that there is a need to broaden and rethink the concept of trial by media. The book reflects on the enduring significance of legacy media for public perceptions of the law and the disruptive impact associated with digital media. Furthermore, the collection considers the implications of trial by media for the integrity of court proceedings and the protection of human rights. It offers an assessment of the potential demise of court reporting and its traditional bridging function between courts and public opinion.
