A Dweller on Two Planets Frederick Spencer Oliver, 1924

A Dweller on Two Planets Phylos, Frederick Oliver, 2014-06-01 *A Dweller on Two Planets* or *The Dividing of the Way* is a book written by Frederick S. Oliver. In the amanuensis preface, Oliver presents the book as a true account of the actual past of the true author, called Phylos The Thibetan. The book has been influential on ideas concerning Atlantis, Lemuria and Mount Shasta.

A DWELLER ON TWO PLANETS Phylos The Thibetan, 2017-11-11 *A Dweller on Two Planets* is one of the most important texts of the 19th century Atlantis canon. The book was “channeled” to Frederick Spencer Oliver (1866-1899) at his Northern California home near Mount Shasta over a period of three years, beginning when he was seventeen. Oliver claimed not to have written any of the text, asserting that he was merely transmitting what Phylos revealed to him. In fact, professed Oliver, the manuscript was dictated to him out of sequence (much of it backward) so that he could not interfere with the outcome. Phylos was also Walter Pierson, a prospector in northern California during 1863-1866 who is the reincarnated Phylos from Atlantis. As Phylos/Pierson dictated the book to Oliver, Oliver produced the text in a form of automatic writing. The book begins with Phylos’ lives in Atlantis and the wonderful technology that those people had, including electricity and airships. In part two of the book, Phylos reincarnates as Walter Pierson and is taken inside Mount Shasta by a Chinese Master named Quong. During his time inside Mount Shasta Pierson is taken in his astral body to Venus; hence the title of the book. A better title might have been “From Atlantis to Mount Shasta.” While some have called the book brilliant speculative fiction (if somewhat disjointed), believers in reincarnation cannot help but think that there is some sort of reality to this strange book that goes into great detail about antigravity, mass transit, the employment of ‘dark-side’ energy (which today would be called ‘zero point energy’), and devices such as voice-operated typewriters. The cigar-shaped, highly maneuverable Atlantean flying machines, or vailx, have an eerie resemblance to 19th and 20th century UFO reports. Phylos also speaks of personalized heavens, almost like virtual realities, something very compelling.

A Dweller on Two Planets Phylos The Thibetan, 2009-01-01 A Dweller on Two Planets was channeled to FREDERICK SPENSER OLIVER (1866-1899) at his Northern California home near Mount Shasta over a period of three years, beginning when he was seventeen. The true author, according to Oliver, was Phylos the Thibetan, a spirit and one-time inhabitant of the lost continent of Atlantis. Oliver claimed not to have written any of the text, asserting here that he was merely transmitting that which Phylos revealed to him. In fact, professed Oliver, the manuscript was dictated to him out of sequence (much of it backward) so that he could not interfere with the outcome. In this classic of new age and spiritual literature, Phylos describes in rich detail the culture, politics, architecture, and science of Atlantis, as well as its demise. He addresses karma and reincarnation, and predicts technological innovations in the 20th century that match and even exceed those of Atlantis. Supporters maintain that many of those predictions came true. Read for yourself and decide.

A Dweller on Two Planets Phylos, Phylos the Thibetan, Frederick S. Oliver, 2004-06-01 So long did I defer action in the case of Lolix that I came to fear to take any course except to let events order their own settlement. Yea, I lost confidence in my ability to solve the dangerous problem, fearful lest I should make a bad matter worse. Thus the days slipped by and the examination ordeal was close at hand. Neglect Lolix I did not, could not, nor had I desire to do so. Very often I was with her; indeed, with a strange blindness to the wrong involved, I divided my leisure between Lolix and Anzimee. I sometimes feared that Mainin, Gwauln, or perhaps both, knew of my secret. They did, too, for their occult vision was too keen to allow them not to know the facts.

A Dweller on Two Planets Phylos The Thibetan, Frederick S. Oliver, 2021-02-17 A Dweller on Two Planets or The Dividing of the Way is a book written by Frederick S. Oliver, who was born in 1866. It was not published until 1905, by his mother Mary Elizabeth Manley-Oliver, six years after Oliver's death in 1899. In the amanuensis preface, Oliver presents the book as a true account of the actual past of the true author, called Phylos The Thibetan, otherwise identified as: Yol Gorro. In its introduction, Oliver claims that the book had been channeled through him via automatic writing, visions and mental dictations, by a spirit calling himself Phylos the Thibetan who revealed the story to him over a period of three years, beginning in 1883. Concerning itself with Atlantis, it portrays a first person account of Atlantean culture which had reached a high level of technological and scientific advancement. His personal history and that of a group of souls with whom Phylos closely interacted is portrayed in the context of the social, economic, political and religious structures which shaped Poseid

society. Daily life for Poseidi citizens included such things as antigravity air and submarine craft, television, wireless telephony, arial water generators, air conditioners and high-speed rail. The book deals with deep esoteric subjects including karma and re-incarnation and describes Phylos' final incarnation in 19th century America where his Atlantean karma played itself out. In that incarnation (as Walter Pierson, gold miner and occult student of the Theo-Christic Adepts) he travelled to Venus/Hysperia in a subtle body while his physical form remained at the temple inside Mt Shasta. Describing his experience with the Hesperian adepts, Phylos relates many wonders including artworks depicting 3D scenes that appeared alive. He saw a voice-operated typewriter and other occult and technical power. Some devices mentioned have become reality (such as the TV and the atomic telescope). In a detailed personal history of Atlantis and 19th century North America, Phylos draws the threads of both lifetimes together in familiar and initiatic terms revealing equally their triumphs and failures and exposing the cause and effects of karma from one lifetime to another. His life story is written in personal testimony of the law: whatsoever a man soweth, that shall he also reap and as a warning to this technological age to not repeat the mistakes of the past which lead to cataclysmic destruction.

A Dweller on Two Planets - Large Print Edition Phylos The Thibetan, Frederick S. Oliver, 2013-12 This influential book was written in the 1890s and saw publication in 1905 six years after the death of the author (Frederick S. Oliver, who claimed he used automatic writing to channel the spirit of Phylos, a man from Atlantis whose body was in a temple on Mount Shasta, but whose spirit was on Venus). As out-there as that sounds to normal people (and that's not even a complete rendering of the situation), this book heavily influenced a great deal of what people believe about Atlantis these days. The views on Karma and Reincarnation have also been influential. As far as predictions, the author nailed television and atomic telescopes. The text can be dense, but the descriptions of daily life in Atlantis from the social mores to the religion is fascinating. As far as New Age and Occult libraries are concerned, if you don't own a copy of this book, your library is incomplete. This Large Print Edition is presented in easy-to-read 16 point type.

Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1920 edition. Excerpt: ... AN INTERPRETATIVE PREFACE The World is full of thinkers, but strangely rare are those who clearly can perceive. The perception of absolute truth is the realisation of God, and with this perception the individual of such attainment requires no earthly attributes. It is conclusive, then, that those whom we know subject to mortal ills are so because they have not attained correct perception. The thinker whose primary perception is erroneous cannot reason to an understanding of absolute truth. The philosophical method by which correct perception is attained is not important, the only essential factor being the perception itself. The thinker, then, should lay aside all prejudice and scan these pages only for such things as will clarify his mental vision. There is material here for the gratification of sordid ambition, suggestions that a mind familiar with mortal ways can conceive misused. But the thinker keen enough to develop these suggestions will be keen enough to see the way to the perception of truth and the wastefulness of unwise accomplishment. The perception of absolute truth--and no man is so base but that he would seize it if he could--requires the correct application of all energy, the elimination of all discord, the accomplishment of harmony with eternal being. The following pages constitute a text to aid the thinker to perceive. Perhaps the key is here. Who Knows? Each thinker for himself must decide.--George Vail Steep. Los Angeles, January 24, 1920. Earth's Catastrophic Past and Future William Hutton,Jonathan Eagle,2004-08 Edgar Cayce, America's best documented psychic, gave upwards of 44 readings that dealt with lost continents, geophysical changes to Earth beginning 1958-1998, and a pole shift due to begin about now. In this book, geologist William Hutton and researcher Jonathan Eagle look for correspondences between results of geophysical research studies and psychic descriptions of prehistoric catastrophes. They also seek scientifically to test readings' predictions of catastrophic Earth changes, all the while investigating the following fascinating subjects: * Development and calibration of a comprehensive pole-shift model * The countries predicted to be most affected by a sudden, 1° pole shift. * The geologic trend for a mineralized gold vein at Bimini, Bahamas. * The authors' discoveries of correlations between: - a 2002 arctic earthquake and the eruption of torrid-area volcanoes, - the dropping of atom bombs in 1945 and a significant increase in sunspots following, and - the peaceable nature of Europe in 1645-1715 and the period's near total lack of sunspots. (Cayce readings implied or predicted all three phenomena.) * The first-ever analysis of the sources of Cayce's channeled readings, including a ranking of the veracity and reliability of the most important Earth changes and pole-shift readings. * Moralistic reasons for future catastrophic geophysical changes to Japan, China, and America. * Locations of post-pole-shift safety lands in Canada and America. * Locations of the records of the Atlantean civilization, to be found when Earth changes begin. * How to awaken to the New Cycle presently opening before humanity. * Evidence for Atlantis in the mid-Atlantic ridge area and for Lemuria (or Mu) in the Pacific. * The consuming religious war in which we find ourselves, and an answer to world conditions today. * Visions of an imminent Age-ending fire, as found in a

Cayce reading, in a channeled book by Phyllos the Tibetan, and in the 1960s visions of girls at Garabandal, Spain. * Doubtful interpretations of Earth-changes and pole-shift readings advanced by managers and writers of Cayce's legacy organization, the Association for Research and Enlightenment, Inc. From the Foreword by the Editor: The acid test of pole shift and other Earth change predictions is their scientific credibility. If true, momentous societal and political changes are imminent. The geopolitical map of the world will be redrawn. The authors are exploring the transition from the end of one Age to the beginning of another.
