Iconic Designs Grace Lees-Maffei, 2020-01-23 Iconic Designs is a beautifully designed and illustrated guide to fifty classic 'things' - designs that we find in the city, in our homes and offices, on page and screen, and in our everyday lives. In her introduction, Grace Lees-Maffei explores the idea of iconicity and what makes a design 'iconic', and fifty essays by leading design and cultural critics address the development of each iconic 'thing', its innovative and unique qualities, and its journey to classic status. Subjects range from the late 19th century to the present day, and include the Sydney Opera House, the Post-It Note, Coco Chanel's classic suit, the Sony Walkman™, Hello Kitty™, Helvetica, the Ford Model T, Harry Beck's diagrammatic map of the London Underground and the Apple iMac G3. This handsome volume provides a treasure trove of 'stories' that will shed new light on the iconic designs that we use without thinking, aspire to possess, love or hate (or love to hate) and which form part of the fabric of our everyday lives.

Innovators David W. Galenson, 2025-01-21 Some innovators are luminous shooting stars--think Pablo Picasso, Albert Einstein, Sylvia Plath, Bob Dylan, Steve Jobs--who make bold leaps early and suddenly, then lose their creativity. Others are late bloomers--Paul Cezanne, Charles Darwin, Virginia Woolf, Alfred Hitchcock, Warren Buffett--who show little early promise, but spend long periods doggedly pursuing distant goals, and attain greatness in old age. By analyzing the careers of scores of great innovators, this book reveals systematic differences in the motivations and methods of these two types, and their very different patterns of creativity over the life cycle. The result is a new and deeper unified understanding of the sources of human creativity.

Public Enemy No. 1 - Innovation Sebastian Heinz, 2025-05-30 Innovation secures our future - yet is systematically obstructed. Why do so many promising ideas fail - not because the market rejects them, but because of power games, greed, and ignorance? Why are ground-breaking technologies and ideas sidelined, diminished, or actively opposed? And what does it

really take to bring an innovation to life? »Public Enemy No. 1- Innovation« is a raw, revealing journey through the political, financial, and human minefield that surrounds real-world innovation - drawn from 12 years' experience inside the shark tank of the energy transition industry. With unflinching, honesty, sharp storytelling, and real operational insight, this book explores the patterns, fallacies, roadblocks, and strategies that separate success from failure. There's no master plan - but there is a playbook. A must-read for doers, dreamers, founders, and anyone who wants to understand why innovation has become the most dangerous threat to the establishment. Uncomfortable. Courageous. Inspiring.

Innovation and Entrepreneurship John R. Bessant, Joe Tidd, 2016-02-11 Innovation and Entrepreneurship 3rd Edition is an accessible text on innovation and entrepreneurship aimed specifically at undergraduate students studying business and management studies, but also those on engineering and science degrees with management courses. The text applies key theories and research on innovation and entrepreneurship and then reviews and synthesises those theories and research to apply them in a much broader and contemporary context, including the corporate and public services, emerging technologies and economies, and sustainability and development and creating and capturing value from innovation and entrepreneurship. In this third edition the authors continue to adopt an explicit process model to help organise the material with clear links between innovation and entrepreneurship. This text has been designed to be fully integrated with the Innovation Portal at www.innovation-portal.info, which contains an extensive collection of additional resources for both lecturers and students, including teaching resources, case studies, media clips, innovation tools, seminar and assessment activities and test questions.

Dream Merchants? & HowBoys Barry J. Gibbons, 2001-12-19 The stories of the people captured on the pages within are anything but ordinary. Like you, they had to start somewhere. But it's not what you do or where you start, but how you do it. It wasn't through maintaining the daily grind (for themselves or others) that got them to the top. It was by building their dreams and doing business in a way that no other had done before them. These Dream Merchants and Howboys live in the Business Icon Hall of Fame in the Sky (ok so maybe one day this will exist). But before they got there they lived somewhere very different. They lived in the land of complete Nutterdom. Retired CEO of Burger King and Fortune turn-around champion, Barry Gibbons, introduces you to this world. Gibbons brings together some of the most famous names in business today. He takes us on a whirlwind tour of the careers, lives and crazy decisions of nutters - from Walt Disney and Michael Dell to Luciano Benetton and Anita Roddick. All of them made decisions that seemed odd, crazy or downright weird. But they worked. Gibbons, a distinguished madman himself, keeps you hooked with his humour and wit, but never straying from the point of it all. That we can learn from these mavericks. That we can put a little madness into our daily grind. Heck yeh. Steal

their ideas! Why should they be famous and not you? Dream Merchants and Howboys may just be the most unconventional business book ever written and firmly cements Gibbons' reputation as the P.J. O'Rourke of business.
