

Anatomy Of The State

Roman Wölfel

Anatomy of the State , Murray Rothbard was known as the state's greatest living enemy, and this is his most succinct and powerful statement on the topic, an exhibit A in how he came to wear that designation proudly. He shows how the state wrecks freedom, destroys civilization, and threatens all lives and property and social well being. This gives a succinct account of Rothbard's view of the state. Following Franz Oppenheimer and Albert Jay Nock, Rothbard regards the state as a predatory entity. It does not produce anything but rather steals resources from those engaged in production. In applying this view to American history, Rothbard makes use of the work of John C. Calhoun How can an organization of this type sustain itself? It must engage in propaganda to induce popular support for its policies. Court intellectuals play a key role here, and Rothbard cites as an example of ideological mystification the work of the influential legal theorist Charles Black, Jr., on the way the Supreme Court has become a revered institution.

Anatomy of the State Murray Rothbard, 2021-02-19 The state is a predatory entity. It does not produce anything but rather steals resources from those engaged in production. In applying this view to American history, Rothbard asks: How can an organization of this type sustain itself? It must engage in propaganda to induce popular support for its policies. A wealth of citations and references supports the basic premise. Murray Rothbard was known as the state's greatest living enemy, and this book is his most succinct and powerful statement on the topic. He explains what a state is and what it is not. He shows how it is an institution that violates all that we hold as honest and moral, and how it operates under a false cover. He shows how the state wrecks freedom, destroys civilization, and threatens all lives and property and social well being, all under the veneer of good intentions.

Anatomy of the State Murray Rothbard, 2015-06-24 LARGE PRINT EDITION! More at LargePrintLiberty.com. This gives a succinct account of Rothbard's view of the state. Following Franz Oppenheimer and Albert Jay Nock, Rothbard regards the state as a predatory entity. It does not produce anything but rather steals resources from those engaged in production. In applying this view to American history, Rothbard makes use of the work of John C. Calhoun How can an organization of this type sustain itself? It must engage in propaganda to induce popular support for its policies. Court intellectuals play a key role here, and Rothbard cites as an example of ideological mystification the work of the influential legal theorist Charles Black, Jr., on the way the Supreme Court has become a revered institution.
