Storytelling in the Modern Board Game Marco Arnaudo, 2018-08-28 Over the years, board games have evolved to include relatable characters, vivid settings and compelling, intricate plotlines. In turn, players have become more emotionally involved--taking on, in essence, the role of coauthors in an interactive narrative. Through the lens of game studies and narratology--traditional storytelling concepts applied to the gaming world--this book explores the synergy of board games, designers and players in story-oriented designs. The author provides development guidance for game designers and recommends games to explore for hobby players.
