Literature, Theory and the History of Ideas Arshad Ahammad A., Nada Rajan, 2021-06-02 The papers in this book, covering a wide range of themes such as history, globalisation, colonialism, trauma, ecology, cinema, science, post-humanism, feminisms, and alternative sexualities, explore the structures of power that bring about and contour the prevailing, stereotypical and hegemonic notions of identity, gender and culture. The focal point of these interactions is the perpetual dissemination of ideas which stimulate the knowledge system with its roots spread across diverse scholarly disciplines. This collection will be of great interest to academicians, scholars, researchers, and students, as it explores various discourses in literature, cultural studies, literary theory and film studies.

The Ministry of Utmost Happiness Arundhati Roy, 2017-06-06 New York Times Best Seller Longlisted for the Man Booker

Prize Named a Best Book of 2017 by NPR, Amazon, Kirkus, The Washington Post, Newsday, and the Hudson Group A dazzling, richly moving new novel by the internationally celebrated author of *The God of Small Things* *The Ministry of Utmost Happiness* takes us on an intimate journey of many years across the Indian subcontinent—from the cramped neighborhoods of Old Delhi and the roads of the new city to the mountains and valleys of Kashmir and beyond, where war is peace and peace is war. It is an aching love story and a decisive remonstrance, a story told in a whisper, in a shout, through unsentimental tears and sometimes with a bitter laugh. Each of its characters is indelibly, tenderly rendered. Its heroes are people who have been broken by the world they live in and then rescued, patched together by acts of love—and by hope. The tale begins with Anjum—who used to be Aftab—unrolling a threadbare Persian carpet in a city graveyard she calls home. We encounter the odd, unforgettable Tilo and the men who loved her—including Musa, sweetheart and ex-sweetheart, lover and ex-lover; their fates are as entwined as their arms used to be and always will be. We meet Tilo's landlord, a former suitor, now an intelligence officer posted to Kabul. And then we meet the two Miss Jebeens: the first a child born in Srinagar and buried in its overcrowded Martyrs' Graveyard; the second found at midnight, abandoned on a concrete sidewalk in the heart of New Delhi. As this ravishing, deeply humane novel braids these lives together, it reinvents what a novel can do and can be. *The Ministry of Utmost Happiness* demonstrates on every page the miracle of Arundhati Roy's storytelling gifts.

Ecospectrality Laura A. White, 2020-05-14 Along with humans and animals, ghosts populate the pages of contemporary Anglophone novels. Analysing novels from across the world—including Australia, Nigeria, South Africa, India, and Jamaica, this book explores how these ghosts can help readers to perceive difficult-to-visualise environmental threats and access marginalised environmental knowledge. Instead of prompting fear, these hauntings foster understanding across species and generations to enable inclusive formulations of environmental justice. Drawing on the latest work in postcolonial ecocriticism, hauntology, and environmental philosophy and such literary texts as *GraceLand*, *No Telephone to Heaven*, *The Rock Alphabet*, and *The Ministry of Utmost Happiness*, *Ecospectrality* is an essential read for anyone working in the environmental humanities today.

Women and the Making of the Mongol Empire Anne F. Broadbridge, 2018-07-18 How did women contribute to the rise of the Mongol Empire while Mongol men were conquering Eurasia? This book positions women in their rightful place in the otherwise well-known story of Chinggis Khan (commonly known as Genghis Khan) and his conquests and empire. Examining the best known women of Mongol society, such as Chinggis Khan's mother, Hö'elün, and senior wife, Börte, as well as those who were less famous but equally influential, including his daughters and his conquered wives, we see the

systematic and essential participation of women in empire, politics and war. Anne F. Broadbridge also proposes a new vision of Chinggis Khan's well-known atomized army by situating his daughters and their husbands at the heart of his army reforms, looks at women's key roles in Mongol politics and succession, and charts the ways the descendants of Chinggis Khan's daughters dominated the Khanates that emerged after the breakup of the Empire in the 1260s.
