**Leiyu Shi,Douglas A. Singh**

**Delivering Health Care in America** Leiyu Shi,Douglas A. Singh,2015 Delivering Health Care in America, Sixth Edition is the most current and comprehensive overview of the basic structures and operations of the U.S. health system--from its historical origins and resources, to its individual services, cost, and quality. Using a unique systems approach, the text brings together an extraordinary breadth of information into a highly accessible, easy-to-read resource that clarifies the complexities of health care organization and finance while presenting a solid overview of how the various components fit together.While the book maintains its basic structure and layout, the Sixth Edition is nonetheless the most substantive revision ever of this unique text. Because of its far-reaching scope, different aspects of the Affordable Care Act (ACA) are woven throughout all 14 chapters. The reader will find a gradual unfolding of this complex and cumbersome law so it can be slowly digested. Additionally, as U.S. health care can no longer remain isolated from globalization, the authors have added new global perspectives, which the readers will encounter in several chapters.Key Features:- Comprehensive coverage of the ACA and its impact on each aspect of the U.S. health care system woven throughout the book- New ACA Takeaway section in each chapter as well as a new Topical Reference Guide to the ACA at the front of the book- Updated tables and figures, current research findings, data from the 2010 census, updates on Healthy People 2020, and more- Detailed coverage of the U.S. health care system in straightforward, reader-friendly language that is appropriate for graduate and undergraduate courses alike

**The U.S. Healthcare Ecosystem: Payers, Providers, Producers, Second Edition** Lawton Robert Burns, 2024-12-20  
An Essential Guide to the Processes and Operational Complexities of the U.S. Healthcare System The U.S. Healthcare Ecosystem, Second Edition serves as an expert navigator through the complicated and often confusing environment where healthcare payers, healthcare providers, and producers of healthcare technologies all interact. This thorough, updated resource delivers expert analysis of employer-based health insurance, pharmacy benefits, the major professions, healthcare consolidation, drug discovery and development, biotechnology, and much more. The author, a seasoned professor of management at The Wharton School, provides insight into important themes, including how the goals of healthcare relate to the “the iron triangle” (cost, quality, and access) and “the triple aim” (per capita cost, population health, and patient experience). Chapters include brief but timely cases that inspire you to think more critically about the healthcare industry and make informed assessments. The U.S. Healthcare Ecosystem, Second Edition features: Coverage of often neglected topics impacting healthcare delivery such as employer-based health insurance, pharmacy benefits, healthcare consolidation, and biotechnology The most current statistics and industry developments Helpful diagrams, charts, and tables Chapter ending summaries and Questions to Ponder A 160-page Instructor Manual containing answers for the Questions to Ponder, talking points for the critical thinking exercises, as well as ready-to-use PowerPoints of all tables and figures within the text Insights and feedback from 60+ professors
