Summary of Lynn Grabhorn's *Excuse Me, Your Life Is Waiting, Expanded Study Edition* Everest Media, 2022-05-28T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Law of Attraction is the fundamental principle of manifestation. It states that every moment is the result of a series of previous moments. To manifest, you must feel what it's like to connect. #2 The human condition is a myth. In our natural state, we have the ability to control our lives and make them any way we want. But we've been taught that we're not in control, and that life is controlled by circumstances over which we have no control. #3 The Law of Attraction is the most basic and absolute law in the universe. It is the law behind success or failure. It is what causes fender benders or fatalities. It is what runs every waking moment of our lives. #4 We've been taught that life is born of a series of circumstances that we

can't control. We've been taught that we gain only as we labor, that action is the magic word, and that we must be on guard and watchful.
