Death, Fate, and the Gods Bernard Clive Dietrich, 1965

Facets of Fate Amalia Dillin, 2017

**Fate of the Gods** K. Massop, 2009-05-13 "It began when the gods took up arms against each other. My people were charged to protect this world from the evils that threatened it. We had to protect the gateway that leads to the dead world we call Vis Vires.

Fate Forgotten Amalia Dillin, 2013

**Forged by Fate** Amalia Dillin, 2013 The Perfect Myth Mash-Up. --Author Wendy Sparrow After Adam fell, God made Eve to protect the world. From the Garden of Eden to the present day, Eve, Elohim's daughter, has found more than one great love across her many lives. Her calling: to be an example of love to those around her, in order to counter the influence of her brother Adam, and his conceit, greed, and pride. When Adam arrives in Eve's present, he is desperate to claim the power of a godchild only she can give him. But the Archangel Michael has sworn it will mean not only Eve's death, but the murder of her entire family, her House of Lions, the only people she trusts with the truth of her life. Thor, God of thunder, has spent millennia in uneasy alliance with other gods and immortals, all vying for the devotion of humanity to keep themselves alive. But if Adam and Eve have a child, the True God will rise, and all other gods will be cast back out into the void to die. Drawn to Eve's love but forbidden to reveal himself as a god, one thing has become clear to Thor: as great a threat as her child might be, humanity cannot survive without her. And after one too-short lifetime as her husband, nearly three thousand years ago, he won't allow either the angels or the gods to harm her, even if it means betraying his own kind. Fans of the mythic world-building and romance of Jacqueline Carey's *Kushiel's Dart* alongside the drama of timeslip romance will want to grab this series!

**Theurgia, Or, The Egyptian Mysteries** Iamblichus, 1911

**Chained Gods** Nakoa Rainfall, AI, 2025-02-27 Chained Gods explores the captivating theme of deities who face limitations on their power, such as imprisonment or banishment. It examines how these narratives reveal anxieties about power, justice, and cosmic order. The book argues that these stories are not mere mythological anomalies but reflect deep-seated societal concerns. For example, the imprisonment of gods like Loki or Prometheus can symbolize challenges to established

hierarchies or periods of chaos. The book begins by introducing the nature of divine power and the symbolism of imprisonment. It then progresses through three sections: examining specific examples of chained gods across diverse mythologies, analyzing common themes like rebellion and sacrifice, and exploring the social and historical implications of these myths. By focusing on the theme of divine imprisonment and restraint, Chained Gods offers a unique perspective, bridging religious studies, history, and mythology to appeal to anyone interested in the complex relationship between power, religion, and society.
